

Qualification Fact Sheet

ICT50220 Diploma of Information Technology

Jobs and Skills WA | Priority Industry Training (PIT) - online

This fact sheet sets out the course information and conditions for the funded delivery pathway. Read it with your written offer, student agreement and the current EQC policies before deciding to enrol.

ITEM	DETAILS
Who we are	Equinim College Pty Ltd (Trading as EQC Institute) (Registered Training Organisation #45758; CRICOS registered RTO #03952E)
Course Code	ICT50220
Course Title	ICT50220 Diploma of Information Technology
Currency	Listed as “current” on https://training.gov.au/Training/Details/ICT50220
Course duration (estimated)	ICT50220 Diploma of Information Technology: minimum 1 year duration. Maximum 2 years duration.
Course specialisation streams	Back End Web Development; OR Cyber Security & Business Analysis. (See our website)
Is WA Subsidised Training available for this course?	Eligible funded places may be available under Jobs and Skills WA in 2026. Availability depends on the approved program, qualification and your eligibility. EQC confirms your funded place before enrolment; an enquiry alone does not guarantee funding.
Do eligibility requirements apply for entry?	Yes. All EQC students must be at least 18 at enrolment, in every delivery mode. You must also meet course suitability, residency/visa and the applicable WA program requirements. Read the Student Entry Policy and WA Jobs and Skills Entry Procedure and obtain an eligibility assessment from EQC.
Is a VET Student Loan available for this course?	This fact sheet concerns a WA funded place. A VET Student Loan is not needed for tuition that is fully subsidised. Do not assume a loan is available for other charges or a different place; separate course and student approval requirements apply.
Are there any third parties providing services on our behalf?	No
Delivery method and locations	Your learning and assessment is conducted online on our state-of-the-art EQC Institute Learning Hub.
Fees	The WA Vocational Education and Training Fees and Charges Policy 2026 applies to covered unit commencements in 2026. Before enrolment, EQC must identify your funding category, course, resource and any lawful other fees, payment arrangements and applicable withdrawal/census dates in writing. Current government policy: https://www.wa.gov.au/government/publications/vocational-education-and-training-fees-and-charges-policy
What tuition fees do you pay?	For a confirmed eligible fee-free place in this qualification, tuition is \$0. Fee-free status is subject to the relevant funding conditions and place availability. Your written offer must state the fee applicable to your actual enrolment.
What student fees do you pay?	An eligible fee-free tuition place has a \$0 course fee. Personal equipment and any other separately permitted costs are explained below and must be disclosed before you become liable. Fee-free tuition does not by itself mean every personal or optional cost is funded.

ITEM	DETAILS
Resource fees	Resource charges, if applicable, must follow the 2026 WA policy and relate only to permitted essential materials consumed or transformed in training. General equipment, infrastructure, IT support and ordinary learning support cannot be charged as separate resource fees.
Do you pay any resource fees?	EQC supplies its online learning platform and learning materials without a separate resource charge for the funded course described here. You provide your own suitable computer and internet access. Any different delivery offer must disclose all lawful costs before enrolment and honour agreed benefits.
Non tuition fees	The old 2025 administration-fee statement is not a current fee schedule. No new charge is created by this fact sheet. Any optional service charge must be lawful, applicable and disclosed in advance under the current EQC Fees, Charges and Refunds Policy. Existing agreed waivers remain honoured. Enrolment, records archiving, general equipment, IT support, ordinary learning/personal support and training-plan fees cannot be separately charged under the WA policy.
Equipment and materials you need to provide	The equipment and materials you need to provide are outlined in the Student Handbook. You are required to have a computer or tablet and internet access, at your cost and expense. EQC Institute will supply access to the EQC Learning Hub and online learning materials as well as resources outlined in the Student Handbook.
Our obligations as a RTO regarding delivery and fees	EQC must comply with the Standards for RTOs 2025 and applicable funding rules. For prepaid fees covered by the RTO requirements, amounts above \$1,500 for services not yet delivered require an acceptable fee-protection arrangement. No advance tuition is collected for tuition that is fully subsidised. Applicable statutory and funding protections prevail.
Our further obligations as a RTO	When you enrol with us, we are obliged to deliver training and assessment in the training product in which you enrol, in accordance with the Standards and rules administered by the National VET Regulator, Australian Skills Quality Authority. We are also obliged to issue qualification certificates (testamurs), records of results and statements of attainment in accordance with the Standards.
Your rights as a student	As you progress through your course, you will be lodging assessments online. You have the right to appeal any academic decision that is made about any of your assessments. Details of how to appeal are given in our Complaints and Appeals Policy and Procedure, which is available for download from our website. Other rights are set out in the Student Handbook and our Policies and Procedures, on our website.
Support and assistance	We are here to support and assist you throughout your training with us. To receive support, contact our office and we look forward to hearing from you. Details of support are also given in the Student Support Policy and Procedure.
What if you need other services?	If you require interpreter services, or course counselling services or any other type of assistance, please contact us. If we are unable to supply the service you particularly require, we will do our best to support you including finding the relevant body/person who may be able to assist you.
Feedback	We value your feedback at all times, and encourage you to give us feedback, of where you think we are doing a great job, as well as where we could improve. You can lodge a complaint if you ever want to, as per our Complaints and Appeals Policy and Procedure. Our Complaints and Appeals Policy and Procedure is downloadable from our website.
Your obligations as a student	You are required to make steady progress during your course, and complete all learning and assessments. You must submit all assessment tasks on schedule, i.e. by the submission dates set in your EQC Learning Hub. More on your obligations is contained in the Student Handbook, available on our website.
RPL and National Recognition	EQC Institute welcomes applications for recognition of prior learning (RPL) and/or National Recognition (credit transfer). If you think you may be eligible, please contact our team to discuss and obtain the relevant form(s).

ITEM	DETAILS
Policies and Procedures	You are required to comply with all EQC Institute Policies and Procedures, including as amended from time to time. Our policies and procedures are downloadable from our website and key policies are summarised in the Student Handbook.
Waiving of charges	Severe financial hardship is assessed individually under the WA policy. Eligible concession Diploma/Advanced Diploma enrolments may qualify; concession status alone does not establish hardship. Ask Student Services for assessment. A fee waiver is relevant only to a fee otherwise lawfully payable.
Extension, deferral and/or withdrawal	Contact Student Services in writing about an extension, deferral or withdrawal. A clear written withdrawal notice is accepted without requiring a particular form and is recorded when received. Deferral does not automatically stop a census date or remove a fee liability. Apply the current EQC withdrawal/deferral policy and WA funding rules.
Refunds	For covered WA units, written withdrawal by the unit withdrawal/census date entitles you to the applicable course-fee refund; Diploma/Advanced Diploma resource fees are also refunded in full. Unit cancellation, unsuitable rescheduling or inability to offer a place due to maximum class size triggers the applicable full refund. Later exceptional circumstances may support a pro-rata refund. Where nothing was paid, no cash refund arises. Consumer rights remain available. See the current EQC Fees, Charges and Refunds Policy for process and review.
Do census dates apply to you?	EQC identifies the applicable withdrawal/census date for each covered unit, no earlier than 20% through its delivery period. Fee-free tuition does not remove your withdrawal rights or any relevant date for other fees. Any separate VET Student Loan must meet its own census and debt protections.
Does a cooling off period apply to you?	The applicable WA withdrawal and refund rules govern this funded enrolment. The ordinary fee-for-service 10-day agreement period must not displace WA entitlements. Existing more favourable lawful agreement benefits and Australian Consumer Law rights remain available.
Study in Australia as a domestic student	To study a domestic course, you must be an Australian permanent resident or in Australia on a visa that permits study for the duration of your course. If you are or intend to be an international student in Australia (on a Student Visa) or if you wish to study offshore, please contact us on 1800 338 883 in order to obtain information about enrolment.
Important documents	You should download and read the following (which are available from the relevant Course page on our website): • Student Agreement • Student Handbook • Course Guide for this qualification
Currency of this document	Updated 8 September 2026 for the 2026 WA fees policy and current EQC fee/withdrawal policies. The applicable policy year depends on unit commencement. Verify later-year funding, fees and place availability before enrolment; this fact sheet does not promise future funding.
Any questions?	If at any time you have any questions about enrolment or about an EQC Institute course, please do not hesitate to contact us. We welcome the opportunity to hear from you and look forward to supporting you through your studies.
