PRODUCT SHEET

STALICO® Camera Box

6.9 m camera mast — all equipment protected in a locked box

Mast extended to 6.9 m

The STALICO® Camera Box is a mobile, temporary telescopic mast for many sectors — industry, construction, sport, events, security, infrastructure, civil works and theme parks. It can be moved, stacked and lifted, is very stable and is set up by one person. All equipment is protected inside a locked steel box.

BENEFITS

- All equipment protected in a locked box
- Hinged door with 2 locks and unique key code
- Set up by one person
- Stackable per 2 · forklift or crane handling
- Fully built to your specification
