

Simple Stop

SPECIFICATIONS

Overall length, width, height	6520 x 757 x 1200mm
Min/Max feed lengths	0 - 6000mm
Min/Max cut lengths	0 - 6000mm
Working height	870mm
Safe working load	180kg
Machine mass	250kg
Operational noise	50db
Operating temperature	0 - 40°C
Electrical requirement	240V 10A 1Ph

* Specifications & design are subject to change, please confirm details when placing your order.

OVERVIEW

The Simple Stop is designed to provide an automated and accurate method of measuring.

Most suitable for measuring timber and other material – including aluminium – that requires accurate measuring prior to cutting.

FEATURES

- Simple automation eliminates manual measuring
- Stop sets the position from the saw for the material to be cut or marked
- Accepts text lists of measurements via USB and Bluetooth
- Allows for user input as required
- MDF table top

OPTIONS

- Tables available in 3m, 6m, 9m, and 12m lengths. Customisable lengths also available upon request
- Can pair table with several different saws/nog nailers. Contact Spida Machinery for further connection possibilities
- Plastic table top
- Also available as a Roller Table
