## OVERVIEW

This 6ft Finishing Roller is designed to provide the final force required to embed the nailplate into the lumber component of a floor truss. This is achieved by rolling the truss through the top and bottom rollers. This machine also has exceptional longevity!

## FEATURES

- Heavy duty construction
- Efficient, compact design
- Reduce wear and tear on gantry and table
- See through guards
- Safety lanyard

## OPTIONS

- 10ft Finishing Roller for floor trusses, also available
