OVERVIEW

The Floor Truss System is designed to quickly produce wooden floor trusses and contains the Floor Truss Table and the Floor Truss Roller.

You'll enjoy quick assembly and easy transfer of trusses with the Floor Truss System!

FEATURES

- Durable solid steel top
- Pneumatic square clamping system
- Flip jig system to transfer truss from build side to finishing side of the table
- Pop up rollers to assist with end ejection of trusses

OPTIONS

- Side Eject
- Cambered clamping system on both sides of the table
