

Summer Maths Catch-Up Program

Bridge Gaps. Boost Confidence. Get Ahead

mentor match™

Did You Know?

Students lose up to **2–3 months** of math skills during summer break.

mentor match™

Without Structured Math Practice, Students Often:

- *Lose progress made*
- *Feel anxious about returning to school*
- *Struggle to keep up with new concepts*

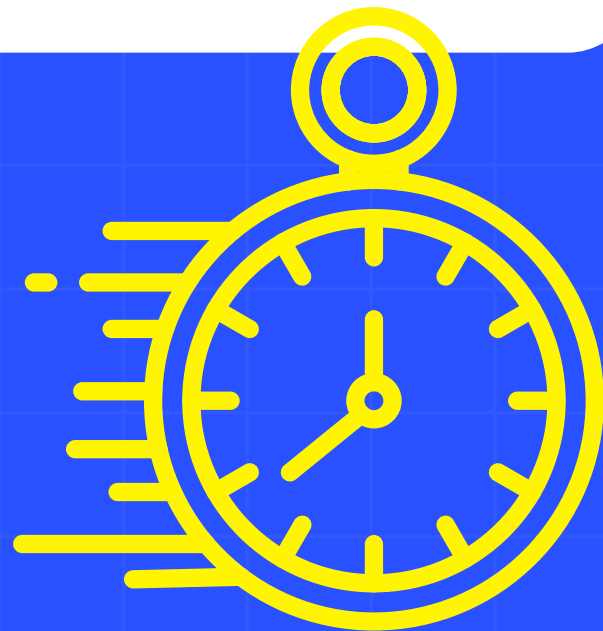

Our Catch-Up Program Is Designed To Change That!

How we help

mentor match™

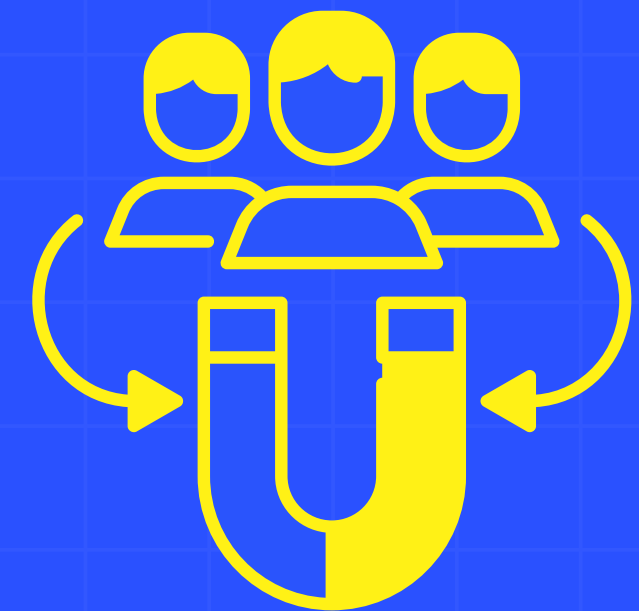

Designed for students who need to catch up or get ahead

Perfect for students who need to catch up on their skills

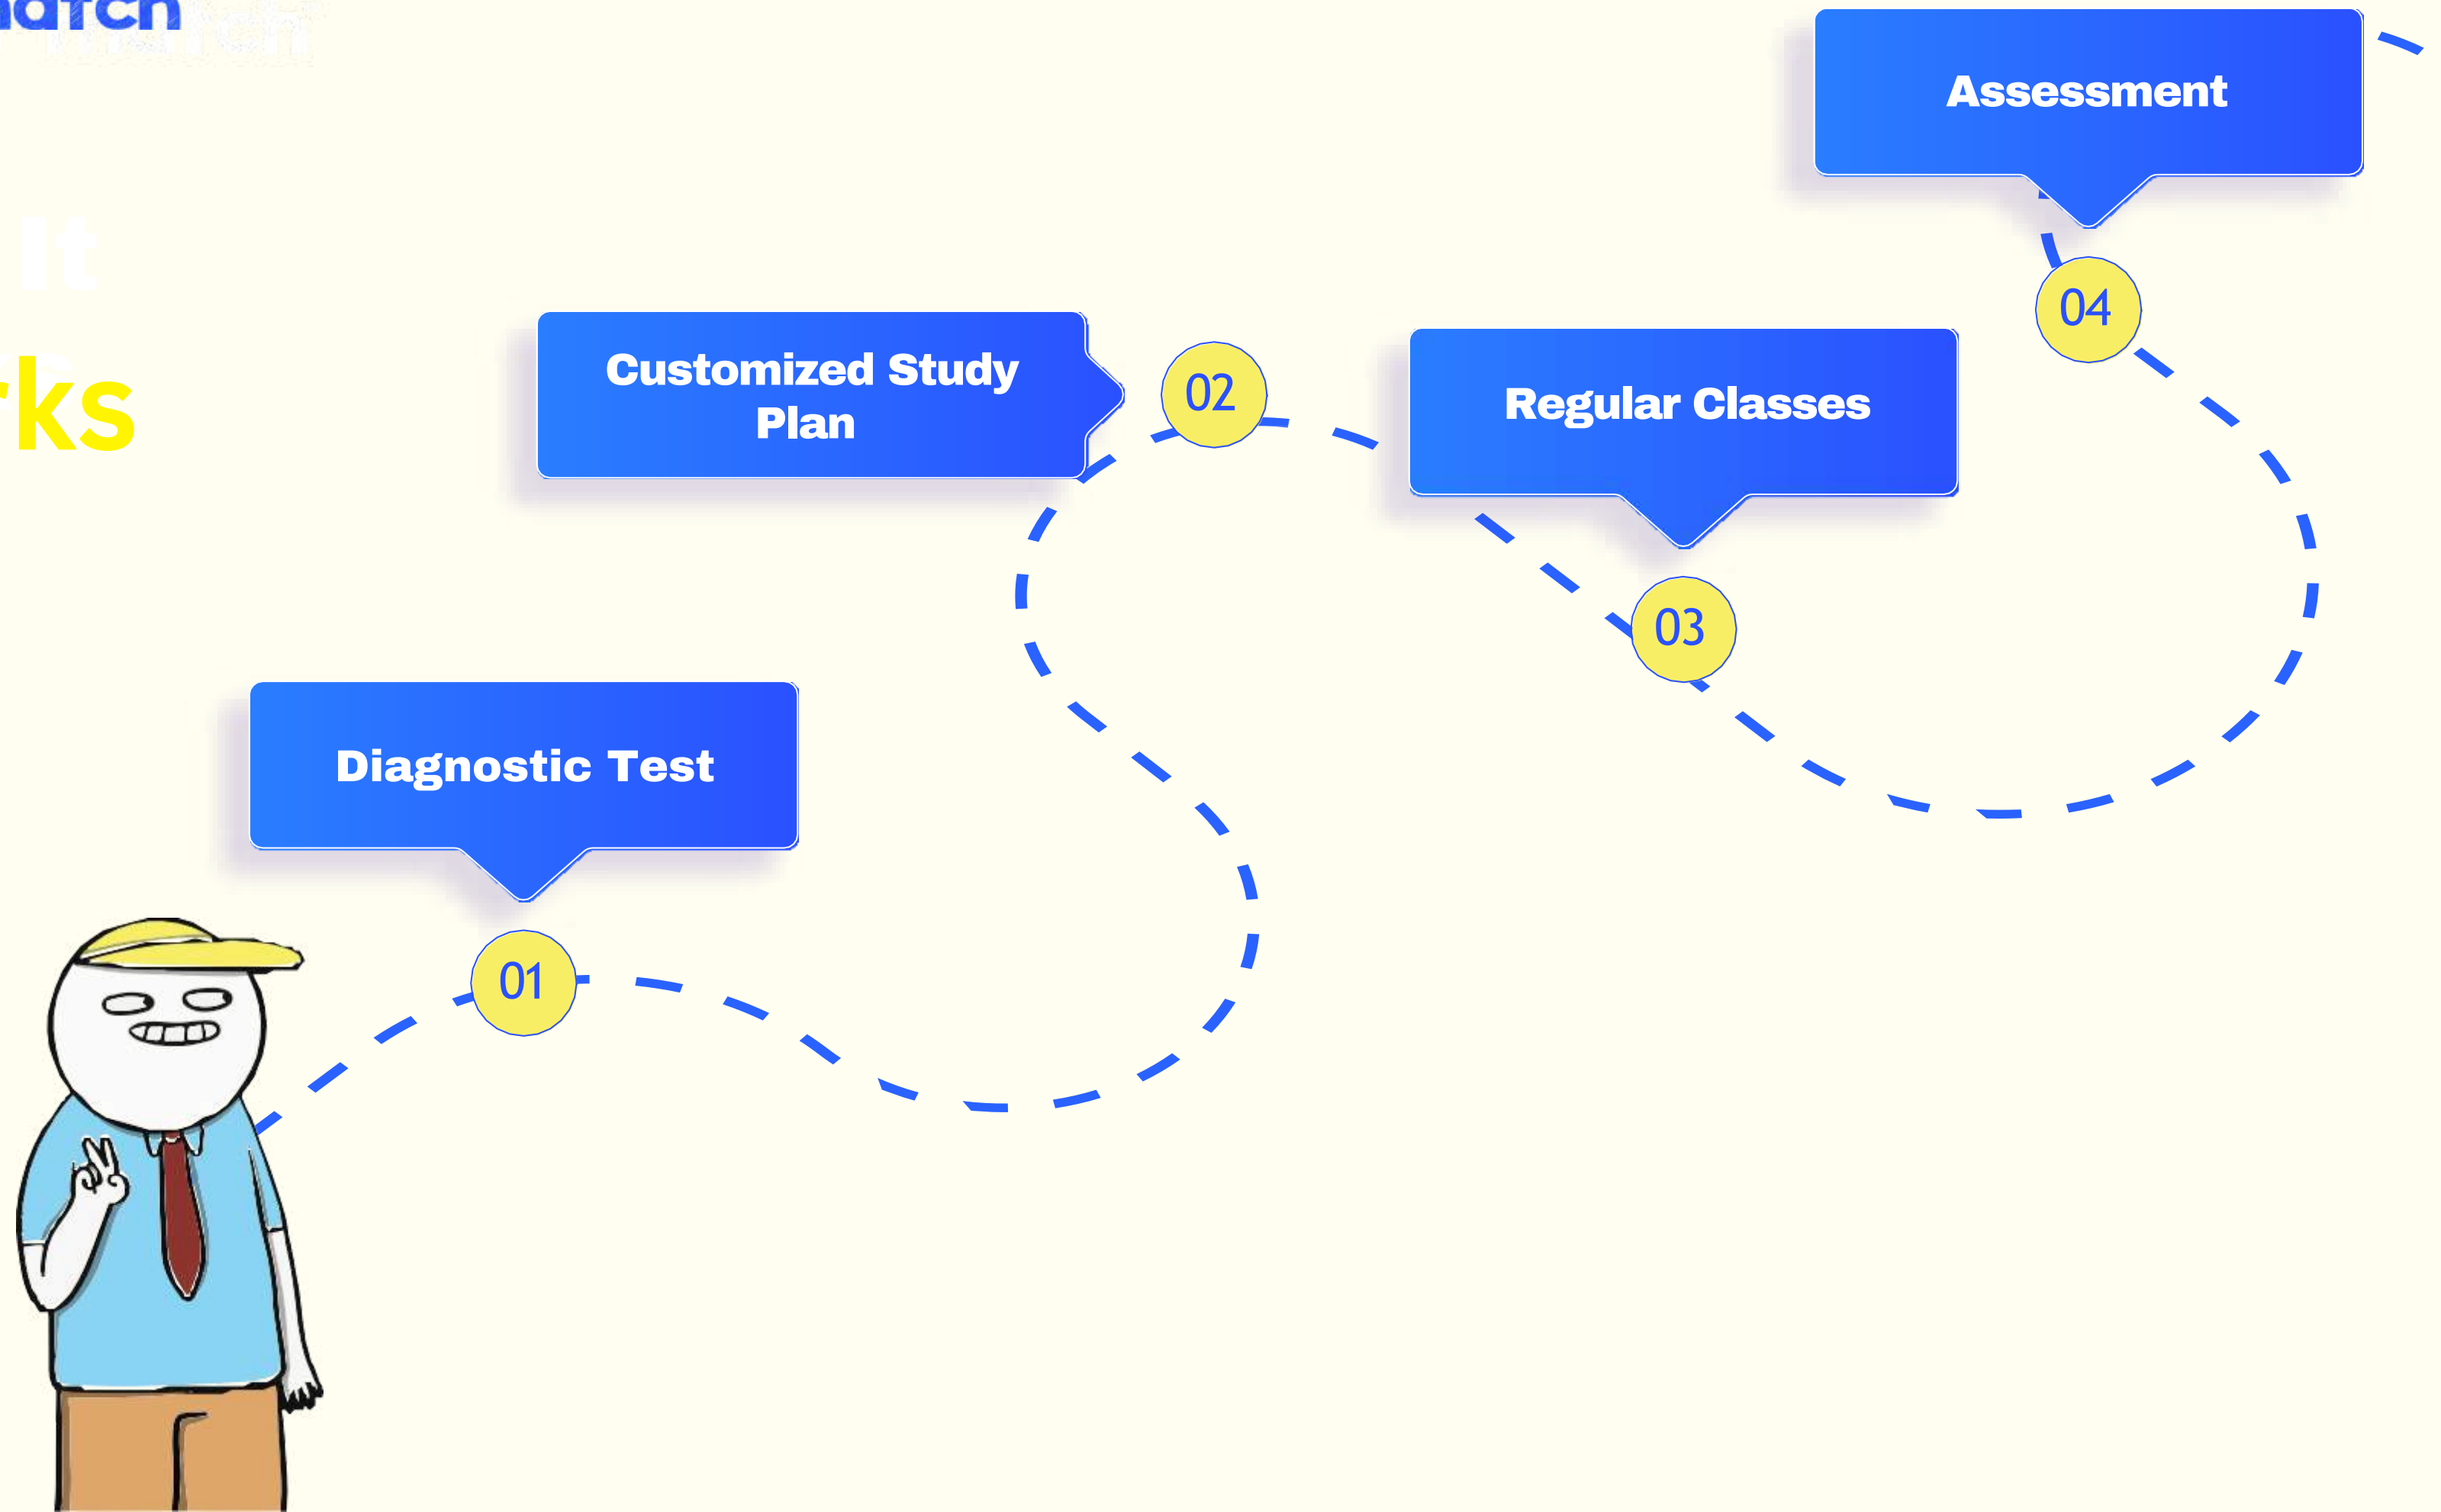

Focus on regular, guided practice

Learn smart tricks and build real confidence

Engaging, interactive classes that make math fun

How It Works

IXL Diagnostic Action Plan

Your most recent levels and recommendations as of 22 May 2024

Student:Layla Abdelmagid

The IXL Real-Time Diagnostic shows you what you know and what you're ready to learn next. Work on your personalised skill recommendations until you reach excellence (90+). Visit the Real-Time Diagnostic often to see how your stats change and to get new recommendations! Have questions about the Real-Time Diagnostic? Visit uk.ixl.com/diagnostic-help.

Why Parents *Choose Us First*

1. A Team Focused On Progress

Master Tutor

Delivers weekly 1-to-1 sessions tailored to your child's learning style and pace.

Account Manager

Provides updates and support, keeping you in the loop at all times.

Academic Counselor

Oversees your child's tailored study plan, tests, and practice to ensure optimal progress.

Three dedicated experts work together to support your child's learning journey.

2. Flexible Timings

Easily schedule and reschedule sessions to fit your routine.

3. No Preset Curriculum

We tailor lessons to suit your child's unique needs.

4. Multi-Subject Support

Use your sessions across different subjects whenever needed.

5. Hassle-Free Tutor Replacement

Not satisfied with your tutor? We'll promptly assign a better match.

*“She just needed the right mentor — **and now she’s scoring like never before!**”*

— Lareen’s Mother

13 Weeks to A+: Lareen’s Learning Journey

Week 1

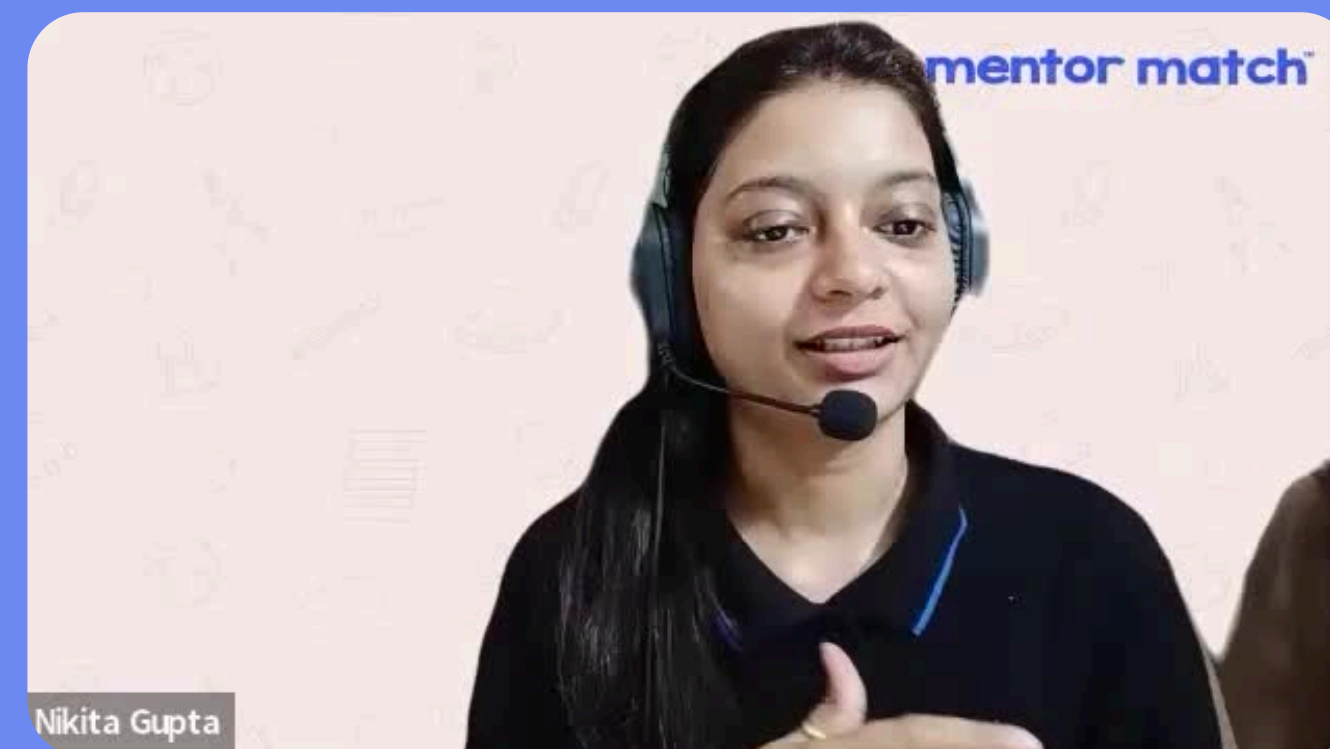

Started at 510, below grade level — **lacked confidence in solving lengthy problems.**

Week 2-12

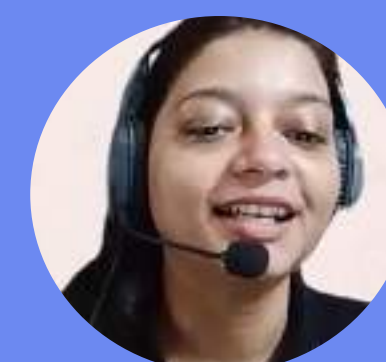

Improved speed and accuracy **using structured revision and regular practice.**

Week 13

Jumped to 810 – Above Grade Level!
 Achieved a **+58.82%** improvement with focused support.

Nikita Gupta

Tutor Nikita

Built Lareen’s skills step-by-step through clear, calm teaching.

Behind the Scenes: What You Don't See — *But We Do!*

Instructional Quality

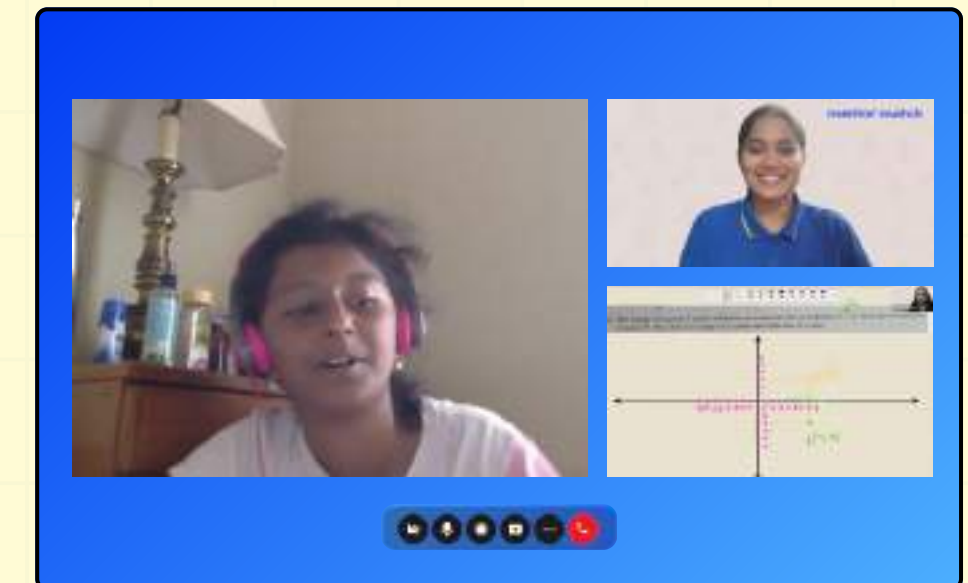

- Are concepts explained clearly?
- Was the pace right for your child?
- Were doubts handled patiently and correctly?

Student-Tutor Compatibility

- Does the tutor understand your child's learning style?
- Is there warmth, connection, and trust?

Student Engagement

- Did your child feel involved?
- Were they encouraged to think and excited to learn?
- Were appropriate tools used to support your child's learning?

Every class is monitored with care — so your child always feels seen, heard, and supported.

After the demo, we reserve your child's spot for the next 72 hours.

To book your preferred time and mentor, *simply purchase your plan and start your learning journey*

**Because when it comes
to **Quality education,**
timing matters.**
