Why Crable Can Work In Football

Free, Fast Charging Designed To Build Brand Goodwill For Clubs & Sponsors

Free, Fast Charging Designed to Build Brand Goodwill for Clubs & Sponsors

"Cable supplied phone charging Totems at the Borussia Dortmund and Real Madrid UEFA Champions League Final Fan Meeting Points at Hyde Park and Victoria Embankment.

These Totems were vital for travelling fans who were particularly pleased with the European charging sockets Cable had included. The Cable team provided a fantastic service on the day, with onsite support at both sites.

I would definitely recommend Cable and look forward to using them at events in the future."
