

METALS. FULL LIFECYCLE. SINCE 1962.

FULL VIEW. BETTER OUTCOMES.

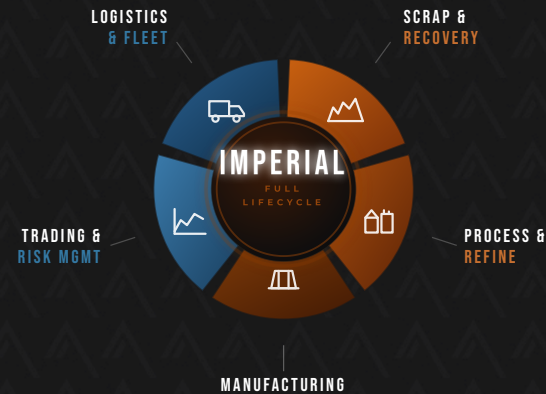

The metals market is fragmented, volatile, and complex. Most companies see one part of it. Imperial sees all of it — from the moment scrap leaves your floor to the moment finished metals reach your line.

WHO WE ARE

ONE PLATFORM. EVERY STAGE.

Founded in 1962 as a family-owned Chicago metal recycling company, Imperial Group has grown into a vertically integrated platform spanning metal recovery and processing, aluminum and zinc alloy manufacturing, commodity trading, and logistics. Three generations of family leadership. One unified relationship for your business.

THE CLOSED-LOOP ADVANTAGE

WE SEE THE WHOLE SYSTEM

Full-loop visibility means better pricing, faster response, and protection from volatility that blindsides single-service providers.

MARKET-INDEXED PRICING · PROACTIVE RISK MANAGEMENT

WE ARE BUILT TO LAST

Six decades. Zero payment defaults. Family-owned, ISO-certified, and Homeland Security compliant. No quarterly pressure. No counterparty risk.
