
2024-25 ANNUAL REPORT

Life Sciences Queensland Limited (LSQ) is a member-based peak body, offering opportunities for industry stakeholders to cooperate to grow their businesses and help create a dynamic, internationally competitive and sustainable life sciences industry in Queensland, Australia.

This report summarises key achievements and milestones for LSQ in 2024/25.

LSQ has maintained focus on delivering value to our members, showcasing the achievements of individuals and organisations within the sector, advocating on key issues, facilitating knowledge exchange, and bolstering networks and partnerships.

In the last financial year, we hosted and partnered in 14 events, engaging more than 1,750 participants across the life sciences community. From networking opportunities, to awards to celebrating the achievements of the sector, these events continue to fuel sector innovation, collaboration, and growth.

AUSBIOTECH '24

LSQ signed a Memorandum of Understanding (MOU) with Ausbiotech on the first day of the 2024 Conference. to deepen collaboration and advance Australia's life sciences industry.

This agreement represents a strategic commitment to support the growth and resilience of Australia's life sciences ecosystem. The MOU outlines an ambitious framework for cooperation, emphasising member engagement, knowledge exchange, and a unified approach to sector advocacy.

NETWORKING

LSQ events serve as vital networking opportunities for the sector. For the second time, AusBiotech and LSQ co-hosted a Queensland End of Year Celebration in December.

LSQ also held several targeted networking events over the financial year:

- Post Bio Midwinter Soiree
- Tropical Innovation Festival
- TRI Meet and Greet
- Ausbiotech Conference 2024
- LSQ Ausbiotech BioCheers End of Year Celebration
- International Women's Day Health & Knowledge Precinct
- AmCham Vaxxas Lunch
- TRI Medical Biotechnology Careers Day
- McCullough Roberston Legal Landscapes Networking Breakfast
- 2024 GENE Awards
- AGM Networking Breakfast
- McCullough Robertson 2025 Welcome Breakfast
- LSQ Strategic Review Launch
- Pre Bio 2025 Briefing Lunch

AMPLIFYING SECTOR ACHIEVEMENTS

The GENE Awards remain the state's main life sciences honours, with keen interest in the seven awards and an excellent field of nominees and winners. The energy in the sector was reflected by a 33% year-on-year increase in the number of nominations for the 2024 GENE Awards.

A reinvigorated communications strategy has increased public awareness of achievements of the sector and its importance to Queensland. LSQ also supported numerous articles through university and industry partners' communications channels, while engagement with LSQ's newsletter and LinkedIn page improved significantly.

LOOKING FORWARD

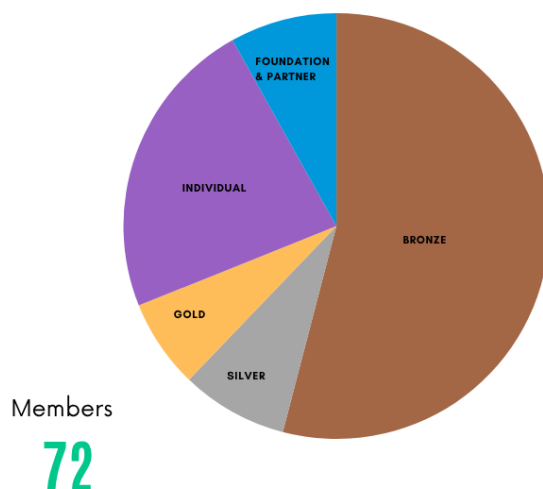

The LSQ Board is confident that Life Sciences Queensland is well placed to evolve to address the changing needs of our members, while expanding its influence and impact as a driver of the state's life sciences industry. To this end, the Board has implemented a [comprehensive strategic review](#) of the organisation. The review aims to refine LSQ's vision, strengthen our direction, and reinforce our role as a leading voice and connector for the state's life sciences sector.

Together with our members, we are committed to fostering a vibrant and innovative life sciences community that supports both individual and collective achievements. Thank you for your ongoing support and dedication to a thriving future for the life sciences in Queensland.
