

Module Specifications

Year/Level: 5
Programme: Accounting and Finance

Module:	Corporate Finance	Module Code:	5FBS2004	Credits:	30
Module Description:				Mandatory	
This module develops students' understanding of corporate finance theory and its application. Students explore the role of the finance manager, including decision-making relevant to financing, investment and distribution.					
Module:	Professional Development	Module Code:	5FBS2017	Credits:	15
Module Description:				Mandatory	
This module supports students' professional development and preparation for careers in accounting and finance. Students evaluate career opportunities, assess their strengths, and create a personal development plan to support continued academic, professional, and personal growth.					
Module:	Management Accounting	Module Code:	5FBS2060	Credits:	30
Module Description:				Mandatory	
This module develops students' knowledge of key management accounting tools and techniques to support management decision-making. Students apply management accounting principles to organisational planning, cost control, and performance management to support organisational success.					
Module:	Financial Reporting	Module Code:	5FBS2061	Credits:	30
Module Description:				Mandatory	
This module develops students' knowledge and application of financial reporting principles in accordance with International Financial Reporting Standards (IFRS). Students prepare, interpret, and analyse financial statements, applying accounting standards to support informed business decision-making.					
Module:	Business Life Cycle	Module Code:	5FBS2062	Credits:	15
Module Description:				Mandatory	
This module explores the role of accounting and finance in supporting organisations throughout the business life cycle. Students evaluate financial and strategic decisions, provide business advice, and apply practical financial management and business planning skills to support organisational growth.
