

MEMO 2.0 Now Live

MEMO 2.0 (Order entry) is now available for production testing and general use as of Monday September 28, 2026. Members may remain on the current version (1.12) and upgrade at their earliest convenience. The MEMO 2.0 release has enhanced Liquidity Codes as well as functionality for conducting auctions. Auction functionality will not be available for use for the foreseeable future.

Members must contact Market Operations to transition existing ports or create new ports to accommodate the move to MEMO 2.0 in order to test or use in production environment

MEMO 2.0 will be available on the following Saturdays to test: 10/10, 10/24, 12/12.

MEMOIR 2.0 (Market Data Feed) upgrade date will be scheduled for a later date once market data feed subscribers have at least one weekend test. The MEMOIR 2.0 changes are only to accommodate auction functionality, which will not be available for use at this time.

The sunsetting of MEMO 1.12 will occur in Q1 of 2027, with a date to be announced. If you have further questions please contact Market Operations at (813) 575-2602 or at marketops@longtermstockexchange.com
