## Lunch Menu

Welcome to the Chesa Grischuna and its unique history!

The hotel and restaurant were opened in 1938 by Hans Guler, the son of a Klosters mountain guide family. During the Second World War, American GIs who had escaped from prison camps to neutral Switzerland were interned here. After the war, they returned with their families for a vacation. Among them were future movie stars, directors and world-famous writers. The Chesa became internationally famous when Hollywood stars such as Greta Garbo, Audrey Hepburn, Bing Crosby and Gene Kelly stayed here. The hotel soon became affectionately known as «Hollywood on the Rocks.»

To this day, this work of art of local craftsmanship and design of the 1930s has been preserved in its original state. The furniture, the porcelain and the tablecloths were specially designed for the Chesa. Well-known contemporary artists such as Alois Carigiet and Hans Schoellhorn painted the facade and the interior of the house. Today it is the youngest hotel in Switzerland to be listed under monument protection.

The Chesa Grischuna is also known for the gourmet restaurant under the Austrian chef Ronald Fressner, who was awarded 14 Gault Millau points for his cuisine, making it one of the highest-rated restaurants in the entire Prättigau.
