TAYLOR'S RESIDENCE OFF-CAMPUS ACCOMMODATION

Discover The Best Student Living Experience

WELCOME

to our Off-Campus Accommodation

Dear Parents & Students,

Welcome to Taylor's Residence, and thank you for entrusting us to provide the best living experience.

At Taylor's Residence, we offer more than just a place to stay. Our residents' well-being and safety are our top priorities, and we are dedicated to ensuring everyone receives the support needed throughout their educational journey. We believe that a supportive and nurturing environment is key to success.

To achieve this, our curated RISE Residential Living Program facilitates a smooth integration into the new living and learning environment. Residents are provided with essential tools and skills to adapt successfully. Additionally, our program offers opportunities to participate in community outreach, fostering a sense of belonging and purpose.

By engaging in these activities, residents develop lifelong learning and leadership skills, ensuring both personal and academic growth. We strive to create an enriching experience, helping our residents thrive in all aspects of life.

I look forward to welcoming you here at Taylor's Residence soon.

Warmest regards,

Yap Elaine
Senior Vice President

R!SE RESIDENTIAL LIVING PROGRAM

This curated, structured program fosters a Relevant, Inclusive, Supportive, and Engaged (R!SE) community, building belonging, developing compassionate leaders, encouraging growth, and empowering residents to succeed personally and academically. It helps students adapt to changes in their new living and learning environment through four key psychosocial pillars grounded in Maslow's Hierarchy of Needs: Physical, Social, Emotional and Intellectual Well-being.

PHYSICAL WELLBEING

Positive physical well-being helps residents adapt and excel in new settings. We are dedicated to creating a welcoming environment that feels like home.

**While off-campus residents may not receive the same direct on-site physical wellbeing support as on-campus residents, they are encouraged to take necessary precautions for their personal safety. Our Wellbeing Ambassadors remain reachable should any support be needed.*

EMOTIONAL WELLBEING

Positive mental & emotional health is vital for academic and personal growth. We focus on providing preventive care and a supportive system to help residents manage stress and build emotional resilience.

- Preventive (MHI-5) - A multi-layered security system ensures safety and peace of mind.
- Supportive - Accessible counselling and trained staff provide timely guidance.
- Resilience - Equip residents to manage stress, navigate challenges, and build lasting emotional resilience.

SOCIAL WELLBEING

Positive social wellness involves building healthy relationships and fostering genuine connections with peers who can provide support during times of need.

- Social Connection
- Sense of Belongings
- Sociocultural Appreciation

INTELLECTUAL WELLBEING

We support residents in expanding their knowledge, developing critical thinking, strengthening essential study skills, and encouraging learning beyond the classroom for academic and future success.

- Learning Skills
- Life Skills
- Leadership Skills
- Literacy Skills
