A Cause Worth Building

The Alderwood

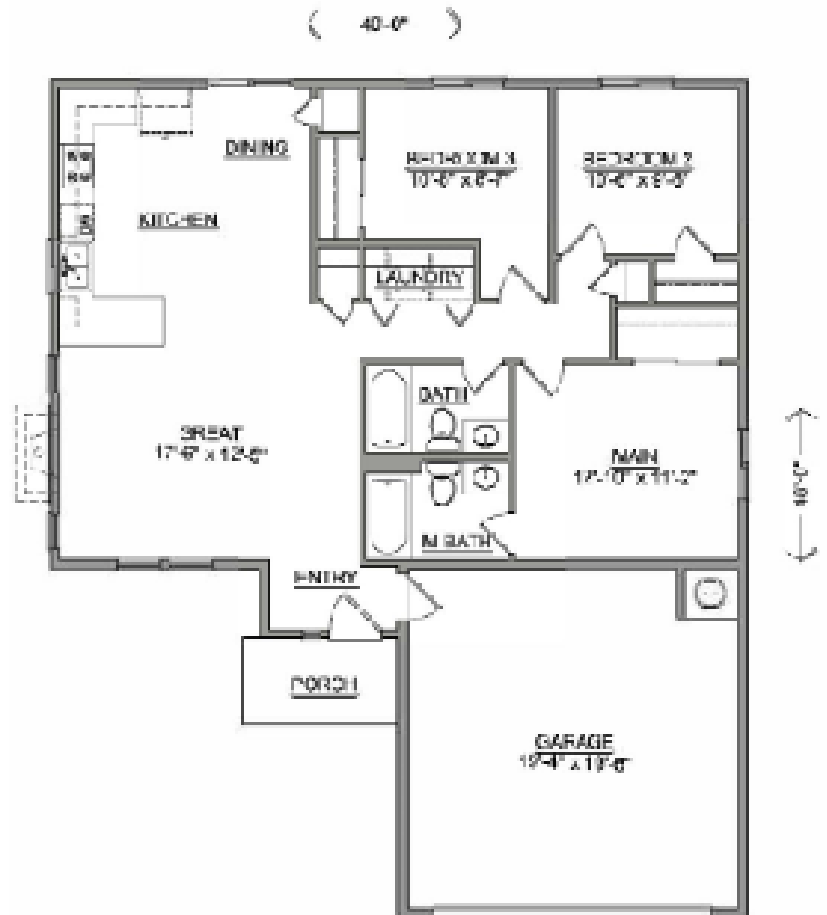

3 bedrooms, 2 baths, 1,148 sq ft

The Alderwood has long been a favorite for those seeking both comfort and function in a modestly-sized home. High vaulted ceilings add volume to the already expansive living room, overlooked by the open kitchen adjoined by an ample dining room. The generous master suite boasts its own private bathroom and substantial oversized closet. The additional two bedrooms are equally sizable and share the second bathroom. A large utility closet offers valuable storage space to this incredibly efficient home.
