

Joey D. Nguyen, AIA

Senior Associate, Industrial Market Leader

Joey is a respected Project Architect at WestEast with over 12 years of experience leading projects from concept through construction. His expertise spans programming, architectural design, and project management across a diverse portfolio that includes higher education, public-use, civic, federal, and large-scale industrial facilities. His work includes partnerships with noteworthy clients such as the US Department of Veterans Affairs, US Army Corps of Engineers, US Air Force Civil Engineer Center, Texas A&M University System, The University of Texas System, and University Health System. He brings a deep understanding of complex facility requirements, particularly for industrial environments and SCIFs, where coordination, security, and performance standards are critical.
