

TRUCK BODIES

SERVICE BODIES

STRENGTH, SECURITY, AND
ERGONOMIC DESIGN

Eby aluminum service bodies deliver lightweight durability, secure storage, and dependable performance for demanding jobs. Built with corrosion-resistant aluminum construction and customizable compartment layouts, Eby service bodies help crews stay organized, efficient, and ready for work every day.

ADVANCE

ENCLOSED SERVICE BODY

8'5", 9'3", and 11'3" LENGTHS

The ADVANCE enclosed service van outperforms steel bodies with a longer lifespan, less maintenance and overall lower cost of ownership. ADVANCE features a fully interlaced understructure ensuring exceptional durability and premium features including ventilated cabinet systems, ten built-in recessed tie-downs, and smart storage solutions. Protect your tools, optimize your fleet's workflow, and tackle the toughest jobs with confidence and efficiency.

RENEGADE

SERVICE BODY

8'5", 9'3", and 11'3" LENGTHS

The Eby Renegade service body combines lightweight aluminum construction with a strong extruded substructure and expanded storage capacity. Designed for durability and ease of use, it features sealed doors, a flush tailgate, and available E-Lock and LED lighting. Easy to install and backed by a leading warranty, it's built for long-term performance.

RENEGADE GN

GOOSENECK SERVICE BODY

8'5", 9'3", and 11'3" LENGTHS

The Renegade Gooseneck Service Body gives construction and vocational fleets one truck that can serve as a fully equipped service platform plus tow heavy equipment. With integrated gooseneck towing capability, a flat unobstructed deck, and organized cabinet storage, crews can haul trailers in the morning and run service calls all afternoon without switching units. It reduces downtime, maximizes payload, and keeps jobs moving.

LANDSCAPE BODIES

THE RIGHT BODY
FOR EVERY JOB.

You built your landscaping business by working harder than your competition. Work smarter and get more done by stepping up to an Eby landscape truck body. One that doesn't rust and delivers more payload with less maintenance than steel bodies. Eby truck bodies save you money by out-loading, out-working, and out-smarting the competition.

FLEX

**REMOVABLE SIDES
LANDSCAPE DUMP BODY**

9'4", 11'4" AND CUSTOM
LENGTHS AVAILABLE

The all aluminum Eby FLEX gives landscapers a dump body that switches to a flatbed in seconds. Strong, lightweight side and rear panels remove quickly for larger loads. The cab protector holds two wheelbarrows with solid tie down points, and the spring loaded tarp system stays out of the way when not needed. With a Harsh hoist and a precision built subframe, the FLEX delivers a reliable dump setup built for demanding landscape work.

Stocked and available for quick delivery at Eby Authorized Distributors throughout the U.S.

Some features depicted are optional. Specification and features are subject to change without notice, contact an authorized Eby distributor or retail location for details.

EDGE

LANDSCAPE DUMP BODY

9'4" AND 11'4" LENGTHS

The Eby EDGE aluminum landscape dump body is engineered for landscapers who need a lightweight, durable, and highly functional work truck built around their operation. Featuring corrosion-resistant aluminum construction, integrated tool storage, high sidewalls, efficient dump performance, and customizable rack and equipment options, the EDGE delivers the capability and organization crews rely on every day.

FULLBACK

GENERAL PURPOSE DUMP BODY

96" AND 102" LENGTHS

The Eby Fullback is a general purpose aluminum dump body built for contractors who need strength, reliability, and real payload efficiency. Its heavy-duty aluminum sub-floor, hardened quarter inch floor, eight ton hoist, and rugged bulkhead handle tough all year long work without the rust and corrosion issues of steel. Eby's spring loaded retractable tarp system is built in standard.

FREE COUNTRY

SKIRTED FLATBED TOWING BODY

8'6", 9', 11' LENGTHS

The tough, versatile Eby Big Country flatbed is famous all over the country. Our all new Free Country skirted flatbed takes towing bodies to the next level! We've added integrated cabinets on both sides for tool storage, custom tie down brackets, a gooseneck hitch trap door, integrated steps and custom LED lighting which means you have everything you need to get the job done.

BIG COUNTRY

FLATBED TOWING BODY

7', 8'6", 9' AND 11' LENGTHS
OPTIONAL 6" OR 15" SIDES
WITH TAILGATE.

The Eby BIG COUNTRY flatbed towing body was made for big jobs. With a standard trap-door for a gooseneck hitch, you can pull your Eby livestock trailer, equipment trailer, or even an RV and still have plenty of room for cargo in the bed. Heavy-duty aluminum construction means your Big Country bed will take whatever you dish out and always look great no matter what chassis you put it on.

Stocked and available for quick delivery at Eby Authorized Distributors throughout the U.S.

PLATFORM BODIES

STRENGTH AND VERSATILITY
WHERE YOU NEED IT.

You built your business by outworking the competition. Step up to an Eby all-aluminum platform stake body, engineered with high-strength long sills and crossmembers to haul more while reducing weight, fuel use, and maintenance. With multiple flooring options and a durable, corrosion-resistant design, it's a smarter way to keep your operation moving.

POWERHOUSE

PLATFORM STAKE-SIDE BODY

7' TO 32' LENGTHS

The Eby POWERHOUSE platform stake body is a durable, long-lasting aluminum alternative to traditional steel platform bodies. This versatile truck body is the perfect platform to launch your business and elevate productivity to the next level. It's lighter, rust-proof, and carries bigger payloads than heavier steel truck bodies. Year after year, on truck chassis after truck chassis, this platform stake body is a proven POWERHOUSE offering the lowest total cost of ownership.

Some features depicted are optional. Specification and features are subject to change without notice, contact an authorized Eby distributor or retail location for details.

DROP SIDE BODY
(OPTIONAL REAR STEP)

FLATBED BODIES

LIGHTWEIGHT STRENGTH BUILT
TO GET THE WORK DONE.

Eby flatbed truck bodies deliver the strength you need with the weight savings you want. Corrosion-resistant aluminum construction helps lower maintenance and extend service life. Built to perform in demanding environments.

FLATBED DUMP

9'4", 11'4" LENGTHS
OPTIONAL 6" OR 15" SIDES
WITH TAILGATE.

Built for heavy demanding work the Flatbed Dump body is ideal for hauling and unloading materials across construction, landscaping, and agricultural jobs. With corrosion-resistant aluminum construction the Eby body delivers superior payload capacity, reduced maintenance, and long-term value, making it a standout among flatbed and dump bodies alike.

CHIPPER

LANDSCAPE BODIES

BUILT TO YOUR SPEC

Built for demanding tree care and landscape operations, the Eby CHIPPER aluminum landscape truck body is custom engineered to fit your crew, equipment, and workflow. Lightweight, corrosion-resistant aluminum construction, integrated tool storage, high-capacity debris handling, and easy-access compartments deliver the durability and functionality professionals expect from today's leading chipper and landscape bodies.

FLEET PROJECT MANAGEMENT

TRUCK BODIES BUILT FOR YOUR SPECIFIC NEEDS.

We love designing truck bodies and equipment with work in mind. From our roots building wood and steel cattle bodies back in 1938, to our all-aluminum product line of heavy-duty truck bodies and trailers today, we've grown because we always remember that your business is unique. Listening to customers and building heavy-duty equipment that makes their lives easier is what makes us tick. We appreciate your business, and look forward to growing with you.

Some features depicted are optional. Specification and features are subject to change without notice, contact an authorized Eby distributor or retail location for details.
