CAREER OPPORTUNITIES, PATHWAYS AND FOLLOW-UP COURSES

At the end of the training, learners will be able to identify the opportunities offered by artificial intelligence in the healthcare sector, deploy projects compliant with regulatory requirements and improve both quality of care and operational efficiency within their organisation.

TEACHING METHODS, RESOURCES AND SUPPORT

- Training delivered by active professionals
- Varied and dynamic teaching methods
- Individual support by the Experience team

TRAINING TOOLS

- Suite of high-performance technology tools: Google Workspace for Education, Edusign...
- Practical case studies based on real business scenarios

EVALUATION METHODS

- End-of-training assessment via quiz or project submission

RESULTS AND PERFORMANCE INDICATORS

- Satisfaction rate at the end of training: NA
- Attendance rate: NA

ACCESSIBILITY

Accessibility for people with disabilities or specific difficulties, contact us to organize an interview and offer you a program adapted to your needs: handicap@crews-education.com

Accessibility to international attendants, contact us: international@crews-education.com

CONTACTS

- By telephone: +33(0)4 80 81 94 50
- By WhatsApp: +33(0)7 56 10 93 20
