

Dear Owners –

Beginning April 13, 2026, we will be shutting down the elevator at Calini Beach Club for modernization. This is a state-mandated improvement that will include new doors, emergency boxes located outside of the doors on each floor, improvements to the pulley system, and numerous other upgrades.

The modernization will affect weeks 15–20 and conclude by May 24, 2026. We will have a lift that takes luggage to the floors on Saturdays for check-in, *but all floors will only be accessible by stairs*. The lift will also be available for groceries or early check-outs but only with advance notice. Operation of the lift will be conducted by an individual certified in its usage and no owner or guest will be allowed to utilize it.

Calini Beach Club staff will be reaching out by phone and email to every owner affected by this closure to discuss specific needs. *If you have mobility issues you may want to consider depositing your week with RCI or placing it on the rental market*. Please let us know well in advance of any way that we can assist during this time.

We apologize for any inconvenience this may cause but will do all we can to mitigate it as much as possible. Your help and understanding during this time will be greatly appreciated.

Sincerely,

Scott Simon

Resort Manager
