EXTAL ALUMINIUM

About Us

Established in 1996 the foundation for Extal's success in the aluminium distribution industry is built on sound principles and supported by a committed team.

Our directors bring a combined 79 years experience in aluminium distribution and sales. Their vision and expertise is a pure asset in recognition of the companies growth and where the company stands today. Our unique partnership with local and overseas mills enables us to offer our clients options and solutions that best suits their needs.

Located in Sydney's west, regular supply deliveries to our warehouse helps us keep a good balance of inventory and our own daily delivery service ensures we have our customers best interest in mind.
