BODY RITUALS

Spirit of Heritage

Our Heritage Signature Ritual begins with an aromatic foot soak in a copper bowl, accompanied by a cup of tea and a heated neck wrap to remove the first layer of tension and ground you into your present spa moment. After soaking for 15-minutes, you will then move onto the massage table for a 15-minute warm Shankara oil hair and scalp massage and sole reviving foot massage. Once your feet and scalp have been thoroughly restored, it is time for the rest of your body to receive a healing 80-minute Custom Mindful Massage utilizing warm Himalayan Salt Stones. This journey will leave your spirit in balance and your senses fully awakened.

It is then time to slip into the warm massage table sheets for a relaxing 80-minute hydrating massage with locally made lemongrass-white sage or unscented oil.
