totem | arecales

acrylic on canvas

51 x 51cm

\$790

For every pod & pod Australian botanical classic there is a first edition or master. This will be the painting on canvas that launches the series and becomes archival prints, calendars and greeting cards.

'forward' is the second release of Julie Hickson's work on canvas.

This varied collection also features some long held abstract botanicals and together these pieces are moving 'forward' and finding new abodes.
