Gifts that match every personality

Have you ever noticed how hard it is to buy the “perfect” gift for someone? Sending gifts through Loop & Tie means your recipient gets to choose whatever gift is perfect for them — even if your recipient list looks like this:

Type A Alex

Loves a good organizer, lives by her to-do list, and color-codes desk accessories in her sleep.

Impactful Iggy

Loves shopping small, be it a mom-and-pop shop, farmer's market or local artisan.

Yogi Yuri

Morning coffee? Nope, he'd rather have his morning meditation. He's cool, calm, and collected.

Techie Tim

That person you saw camping out for the new iPhone drop? Yep, you found them in their natural habitat.

Splendid Sal

He's drawn to the finer things in life. Some might call him "picky," but he prefers "selective."

Frankie Frequent Flyer

Knows the TSA rules by heart and has more airline miles than you'll ever see in your lifetime.

Geri Gourmand

That trendy TikTok snack? Discovered it two years ago. That rare ingredient you can't find? Already in their pantry.

Active Ash

Move, hydrate, repeat. She's always up for a physical challenge and has never met a workout she didn't like.

Harper Homebody

Home is her happy place. It's where her pillows, blankets, and candles are...and where the people aren't.
