# Quality Management System Scope

Owlpharma has a Quality Management System compliant with ISO 9001:2015 that covers all services provided by the company.

The scope of our Quality Management System is described as follows:

Consulting services directed to the Pharmaceutical and Health Products Industry for National and International markets in the following areas: Pharmacovigilance, Quality Assurance, Medical and Scientific Affairs, Regulatory Affairs, and Audits.

# Quality Policy

Owlpharma intends to assert itself as a reference consulting company at national and international level, bringing **innovative solutions** to the pharmaceutical business that create value for our **clients and society** always maintaining the highest **quality and ethical standards**, and consistently focusing on the motivation, growth and well-being of our **team**.

We foster a spirit of **collaboration**, act with **integrity**, and embrace an **entrepreneurial mindset** that drives continuous improvement and responsiveness to the challenges of pharmaceutical sector.

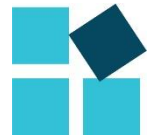

# Quality Policy

Owlpharma drivers are the basis of our Quality Policy:

## **People First**

Respect, integrate, and create space for the growth and well-being of our team members.

## **Team Spirit**

Internal support and mutual help that translate into full availability, extending also to our clients.

## **Entrepreneurship**

Be dynamic, innovative, proactive, and committed.

## **Do What's Right**

Guide our decisions and actions by what we believe is right and fair, even when it's the harder path.

## **Create Value**

Contribute to the success of our clients and partners, making a positive impact on society.
