PROGRAM OF SUPPORT AGREEMENT

For your Program of Support length including start and finish dates, please refer to the Link & Learn Activity Calendar which is on the front page of this document.

This Program of Support will run from 29th September 2025 to 10th October 2025. MDS will check in with you at the end of the program to discuss if your chosen activities were to your liking, and how you met your NDIS Goals and outcomes.

Your Schedule of Supports will list the associated NDIS funding for the NDIS related supports delivered under your Program of Support.

Absences

Under a Program of Support, a general absence will not result in a reduction of the claim. This is due to the nature of shared support and the need to create sustainable programs. Participants can exercise choice and control in relation to absence or presence at their discretion.

Extended Absences

Extended absences with notice in advance may result in a reduction of a claim. MDS will negotiate this on a case-by-case basis.

Programs of Support Cancellation

Supports delivered as part of a Program of Support are not subject to the short notice cancellation rules. If you agree to attend a Program of Support, MDS will still claim for the support from your NDIS plan, provided MDS had the capacity to deliver the support. MDS will not pre-claim for Program of Support. Each instance of support in the Program of Support must be delivered before MDS can claim for that instance of support.

Exiting Your Program of Support

Participants can exit from a Program of Support without cost, subject to a notice period of no more than two (2) weeks.

If you stop attending an agreed Program of Support but do not provide notice, MDS may only continue claiming for a total of four (4) consecutive weeks from when you stopped attending. This is considered an unplanned exit. MDS will not continue to claim past four (4) consecutive weeks of non-attendance, unless you or your representative notifies MDS during that period that you wish to continue in the Program of Support.

Program of Support Agreement Signatures

If signed by the Participant Representative:

I confirm that this Program of Support Agreement has been explained to the individual receiving the services, and they agree to the outlined terms and conditions.

I confirm that the programs and activities that have been chosen, reflect the will and preference of the participant to enable them to meet their NDIS goals and outcomes.
