Inclusive and Diverse Communities Incorporated (IDC) leads the **Support Services website** with the support of the **South West Sydney (SWS) Ageing Forum**. The Forum is a collaboration between the City of Canterbury Bankstown Council, Liverpool City Council, Fairfield City Council, Macarthur Disability Services, and Leigh Place Aged Care. The SWS Ageing Forum provides a valuable platform for the aged care sector to share information, resources, and discuss current issues related to best practices in service delivery.
