

Macarthur Disability Services Child Safe Statement

Macarthur Disability Services support and respect all children, along with our staff, families, carers and volunteers. MDS is committed to the safety, participation and empowerment of all children and upholds and implements the Child Safe Standards at all levels of the organisation. We actively promote children being involved in decisions affecting them and take this commitment seriously. Each of us at MDS ensures families and communities are consulted on key decisions and guarantee we uphold equity and diversity in this process. MDS has zero tolerance of child abuse, and all allegations and safety concerns will be treated seriously and consistently within our robust policies and procedures. Child safety is embedded in organisational governance and culture.
