CAPABILITY STATEMENT

OUR MISSION

Our mission is to empower government clients with innovative solutions that enhance efficiency, effectiveness, and resilience.

COMPANY OVERVIEW

Founded in 2022, we specialize in transforming government facilities through renovation, interior modernization, and tenant improvement services. A Mylestone Group (AMG) delivers upgrades across HVAC, lighting, finishes, and secure space modifications, with minimal disruption to mission operations. Our team brings deep experience coordinating multi-trade scopes in active federal environments. We help agencies optimize building performance, extend facility life, and improve occupant satisfaction, while ensuring every project meets energy, accessibility, and code compliance standards.

DIFFERENTIATORS

- Experts in federal interior renovations and phased upgrades
- Deep experience in HVAC, MEP, roofing, lighting, and finish system integration
- Expertise in building code, ADA, energy, and life safety compliance requirements
- Trusted for low-disruption delivery in secure and occupied environments
