

Control-M Corporate Training Course For Employees

Drive Team Excellence With Expert-Led Control-M Corporate Training

The Paradigm Shift In Workflow Automation

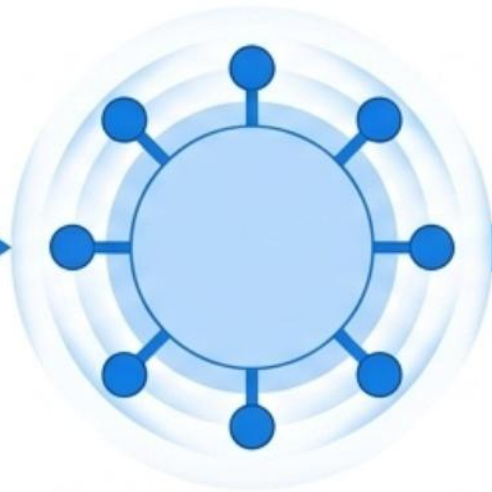

Complex Data Pipelines And Fragmented Manual Intervention

Complex Data Pipelines And Fragmented Manual Intervention

Disconnected systems, manual hand-offs, and data silos lead to inefficiencies, errors, and lack of visibility across enterprise operations.

Control-M Single Point Of Control Integration

The Automation Engine

A unified automation platform that connects and manages diverse applications, data sources, and infrastructure from a single, centralized interface.

Streamlined Complex Job Workflows And Scalable Process Optimization

End-to-end automation achieves higher efficiency, reduced operational risk, and scalable processes for faster time-to-market.

The Training Ecosystem At A Glance

30 - 35 Hrs

Course Duration

**Instructor-Led
Group Training**

**Virtual, On-Site,
Or Off-Site**

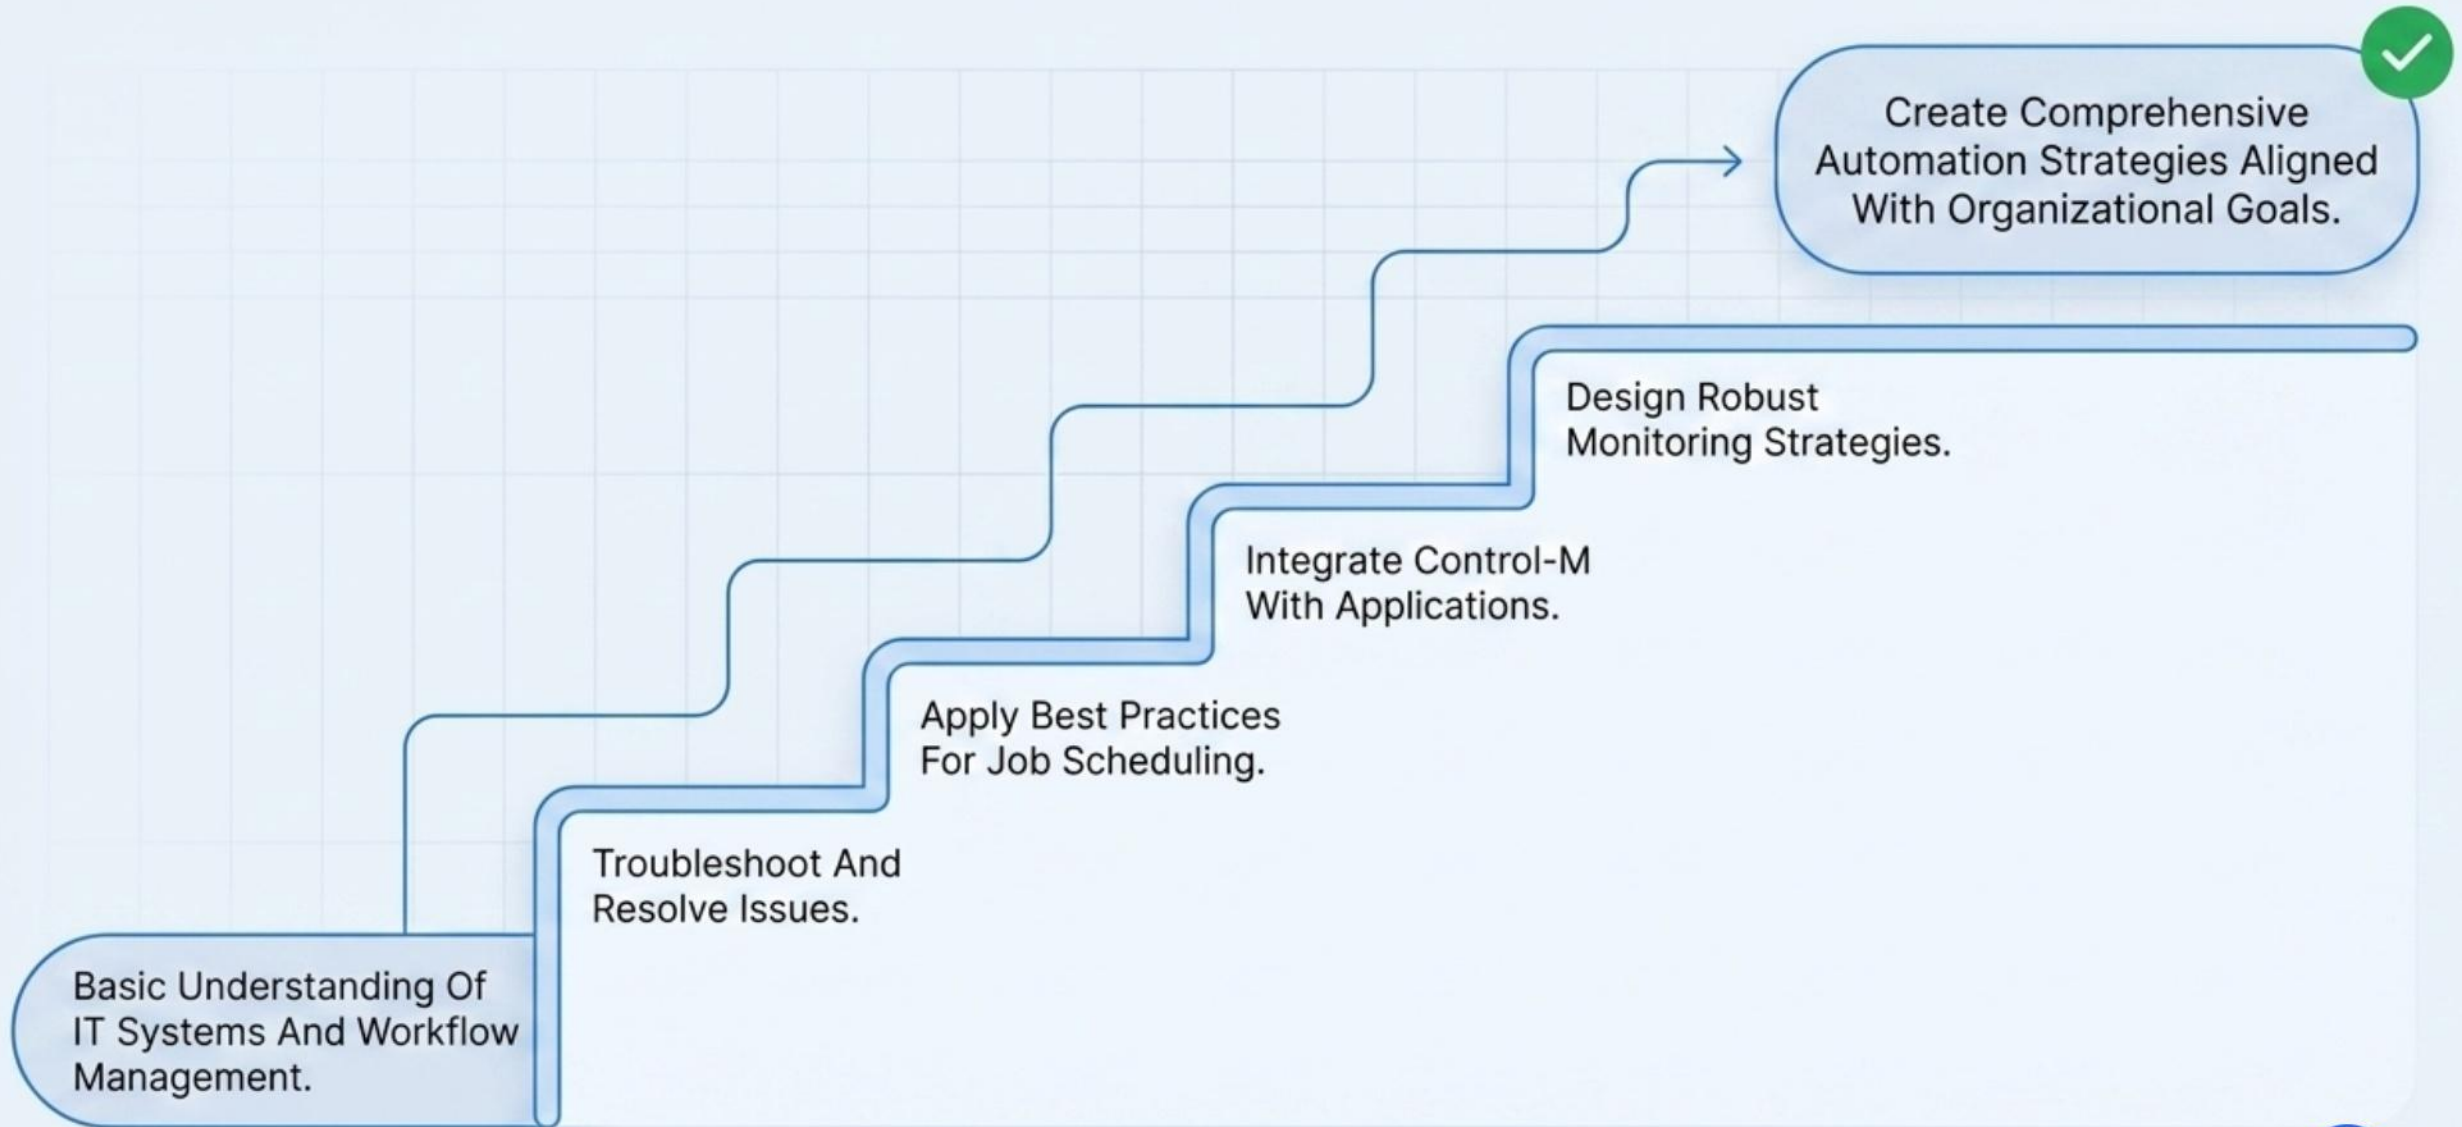

**10,000+
Trainers
Globally**

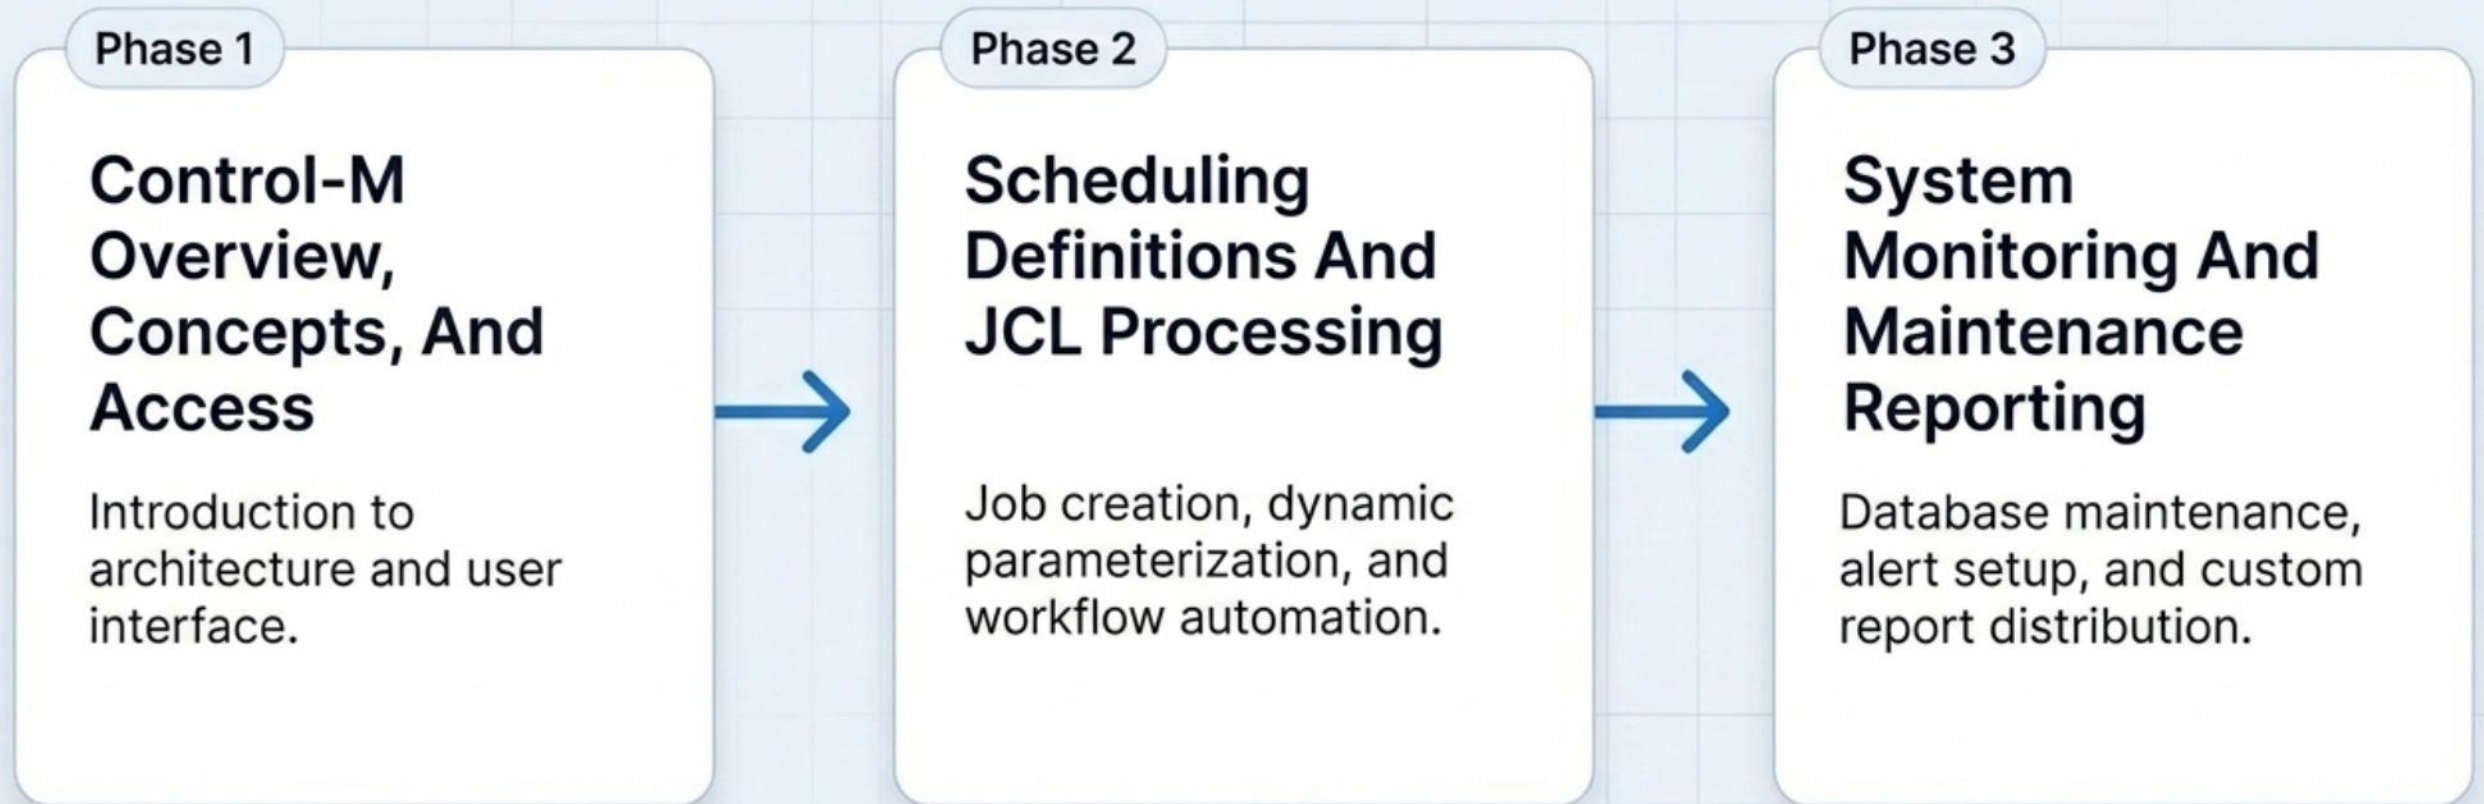

**Course
Completion
Certificate**

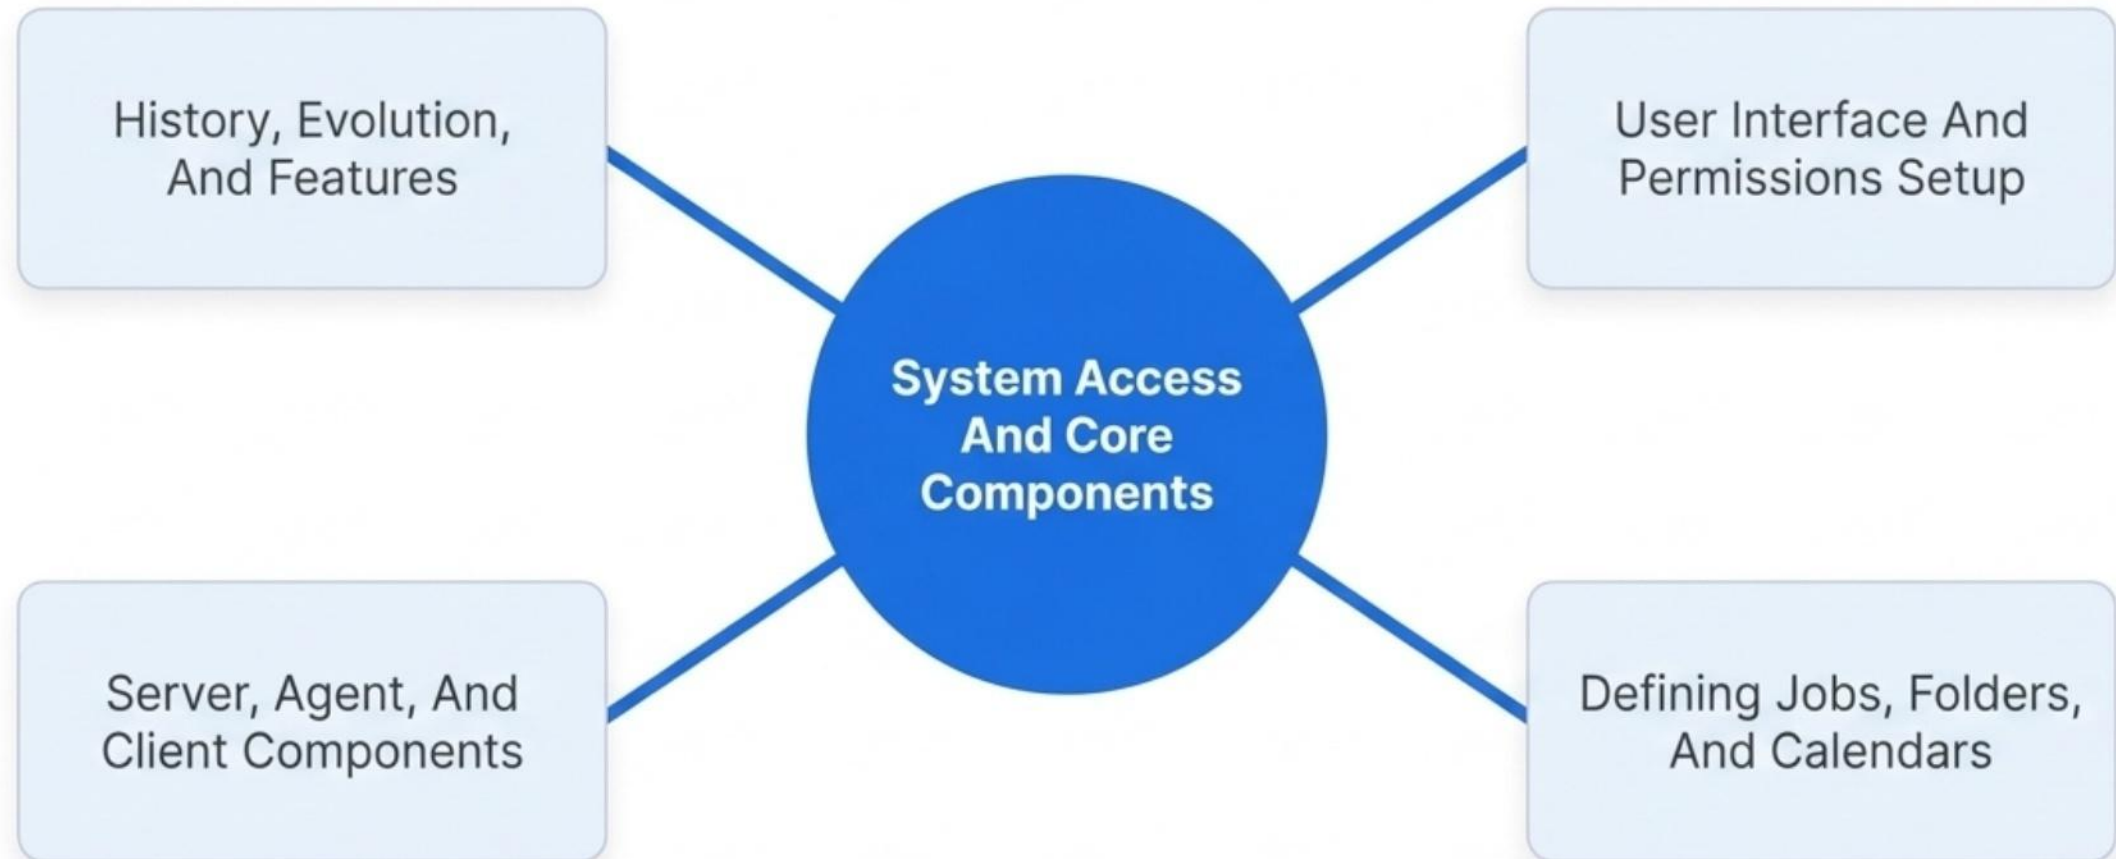

The Capability Activation Curve

Structural Blueprint Of The Curriculum

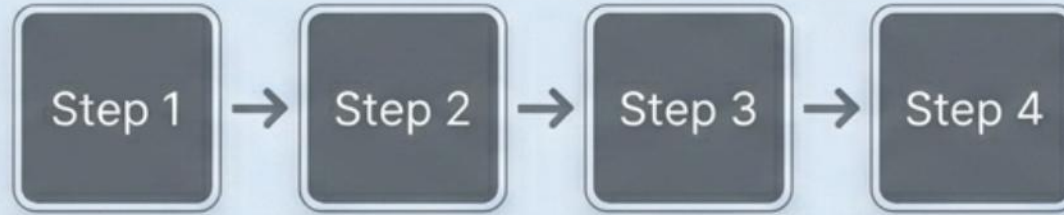

Phase 1 Foundation And Architecture

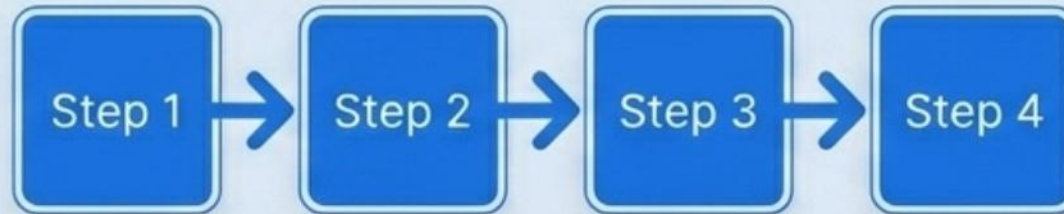

Phase 2 Job Execution And Workflow

Manual Job Submission And On-Demand Scheduling.

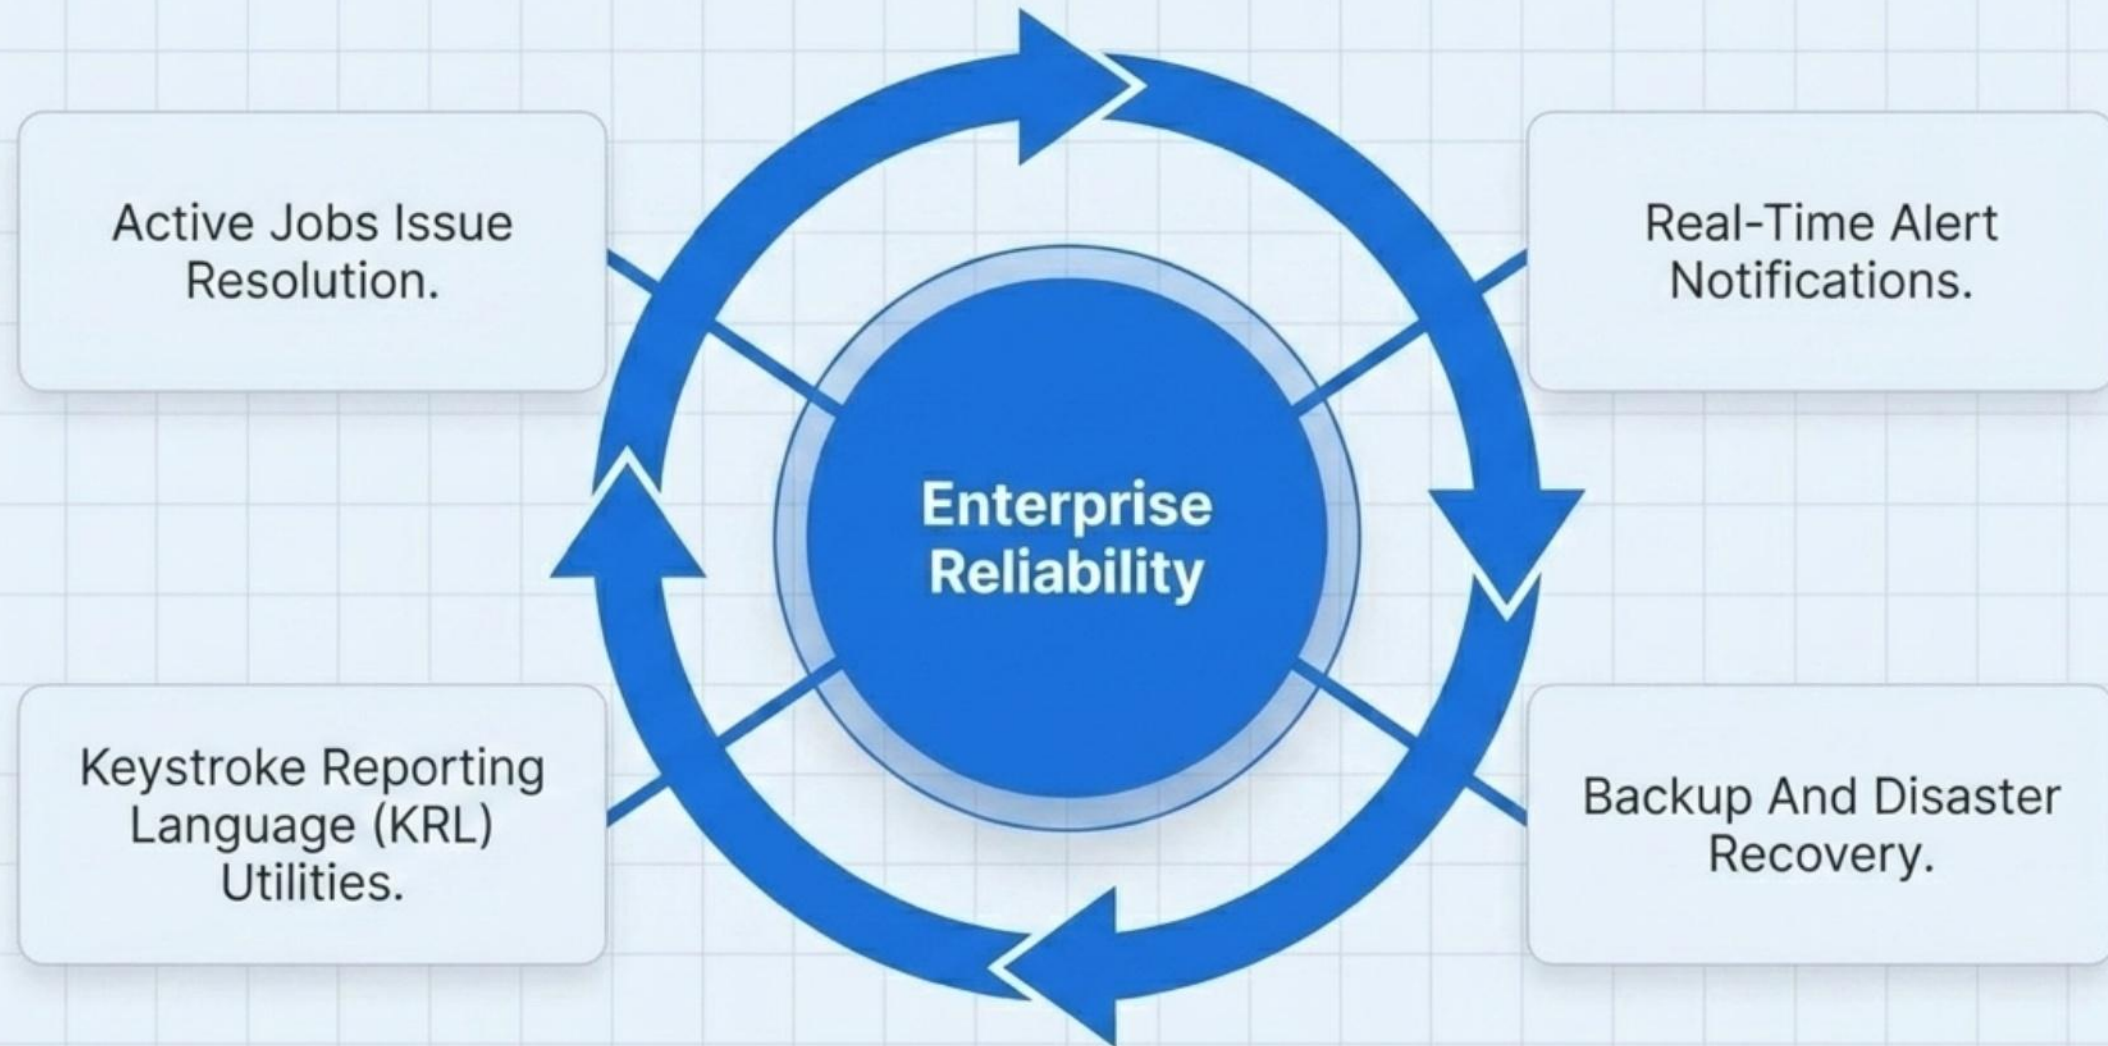

Automated Job Submission And Recurring Triggers.

Advanced Concepts

1. Dynamic Job Parameterization. ✓
2. Variable Substitution In JCL. ✓
3. External Event Triggering. ✓
4. Schedule Adjustments And Overrides. ✓

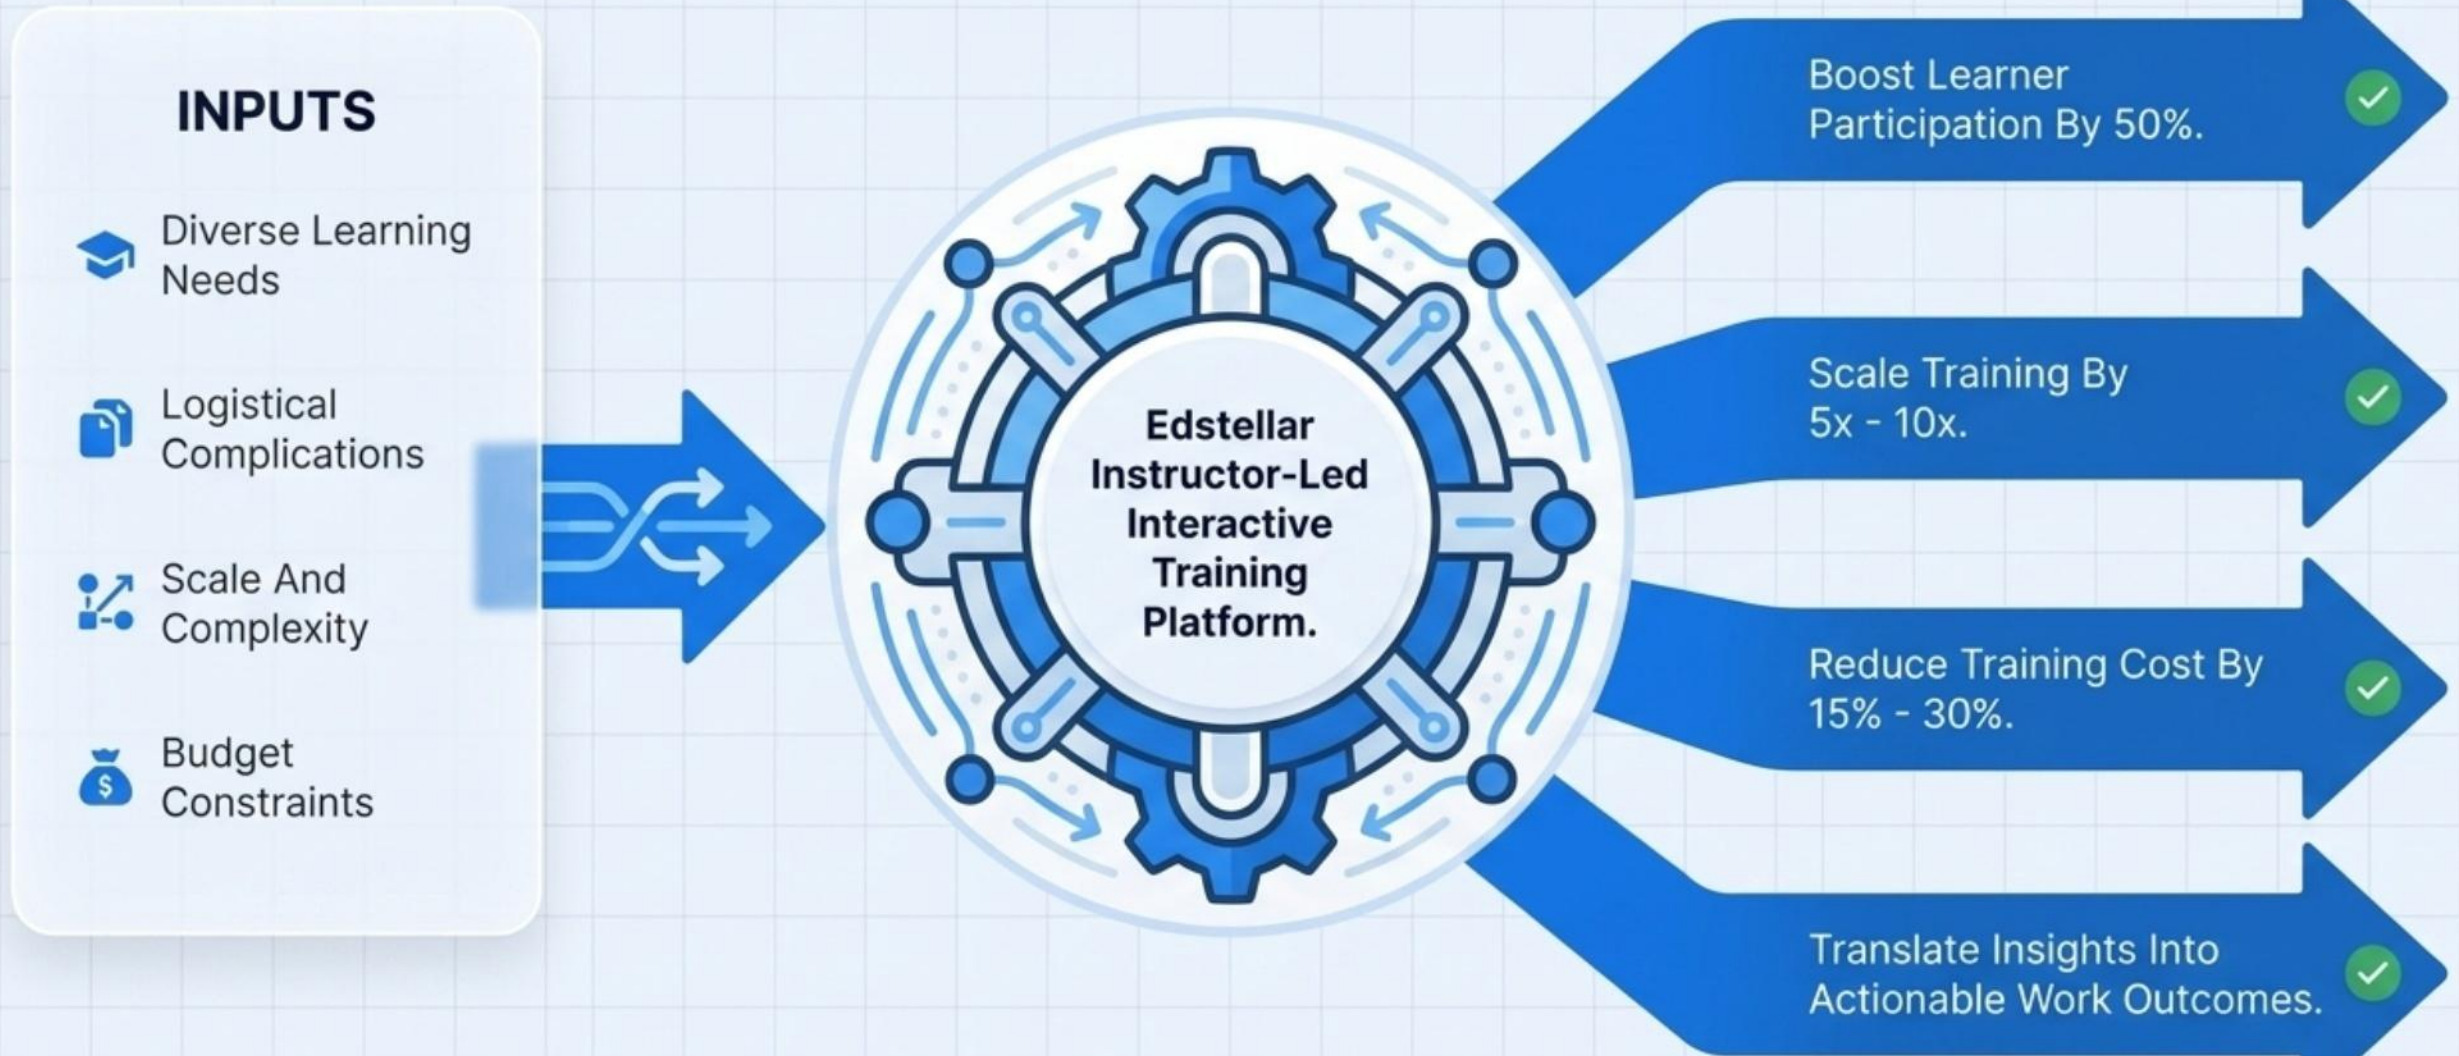

Phase 3 System Reliability And Reporting

Skill Acquisition To Outcome Matrix

Acquired Skill	Professional Application	Business Outcome
Process Optimization	Enhance Workflows To Improve Efficiency	Reduce Manual Intervention And Costs
Automation Integration	Connect Automated Systems And Tools	Streamline Workflows And Optimize Resource Use
Workflow Evaluation	Systematic Analysis Of Inefficiencies	Improve Job Scheduling And Operational Reliability

The Organizational Transformation Engine

Target Audience Alignment

Flexible Modalities For Global Teams

Virtual Live Instructor-Led

- ✓ High-quality remote training
- ✓ Consistent learning outcomes
- ✓ Interactive engagement tools

On-Site

- ✓ Face-to-face interaction
- ✓ Tailored workplace environment
- ✓ Hands-on process demonstration

Off-Site

- ✓ Distraction-free focus
- ✓ Improved team bonding
- ✓ Dedicated schedule for effective learning

Proof of Impact

“As a Middleware Administrator leading workflow automation operations, the Control M training provided our team with essential workflow automation expertise at scale. The comprehensive modules on integration setup across our complete operational footprint. We’ve successfully deployed these methodologies across all regional operations centers. This course has proven invaluable for driving our organizational transformation and sustained excellence.”
