

Express JS Corporate Training

Empowering Teams to Build
Scalable Backend Architecture

The Paradigm Shift in Backend Architecture

Training Parameters and Certification

**8 - 16 Hours
Course
Duration**

**Instructor-led
Group
Training**

**Virtual, On-site,
or Off-site
Delivery**

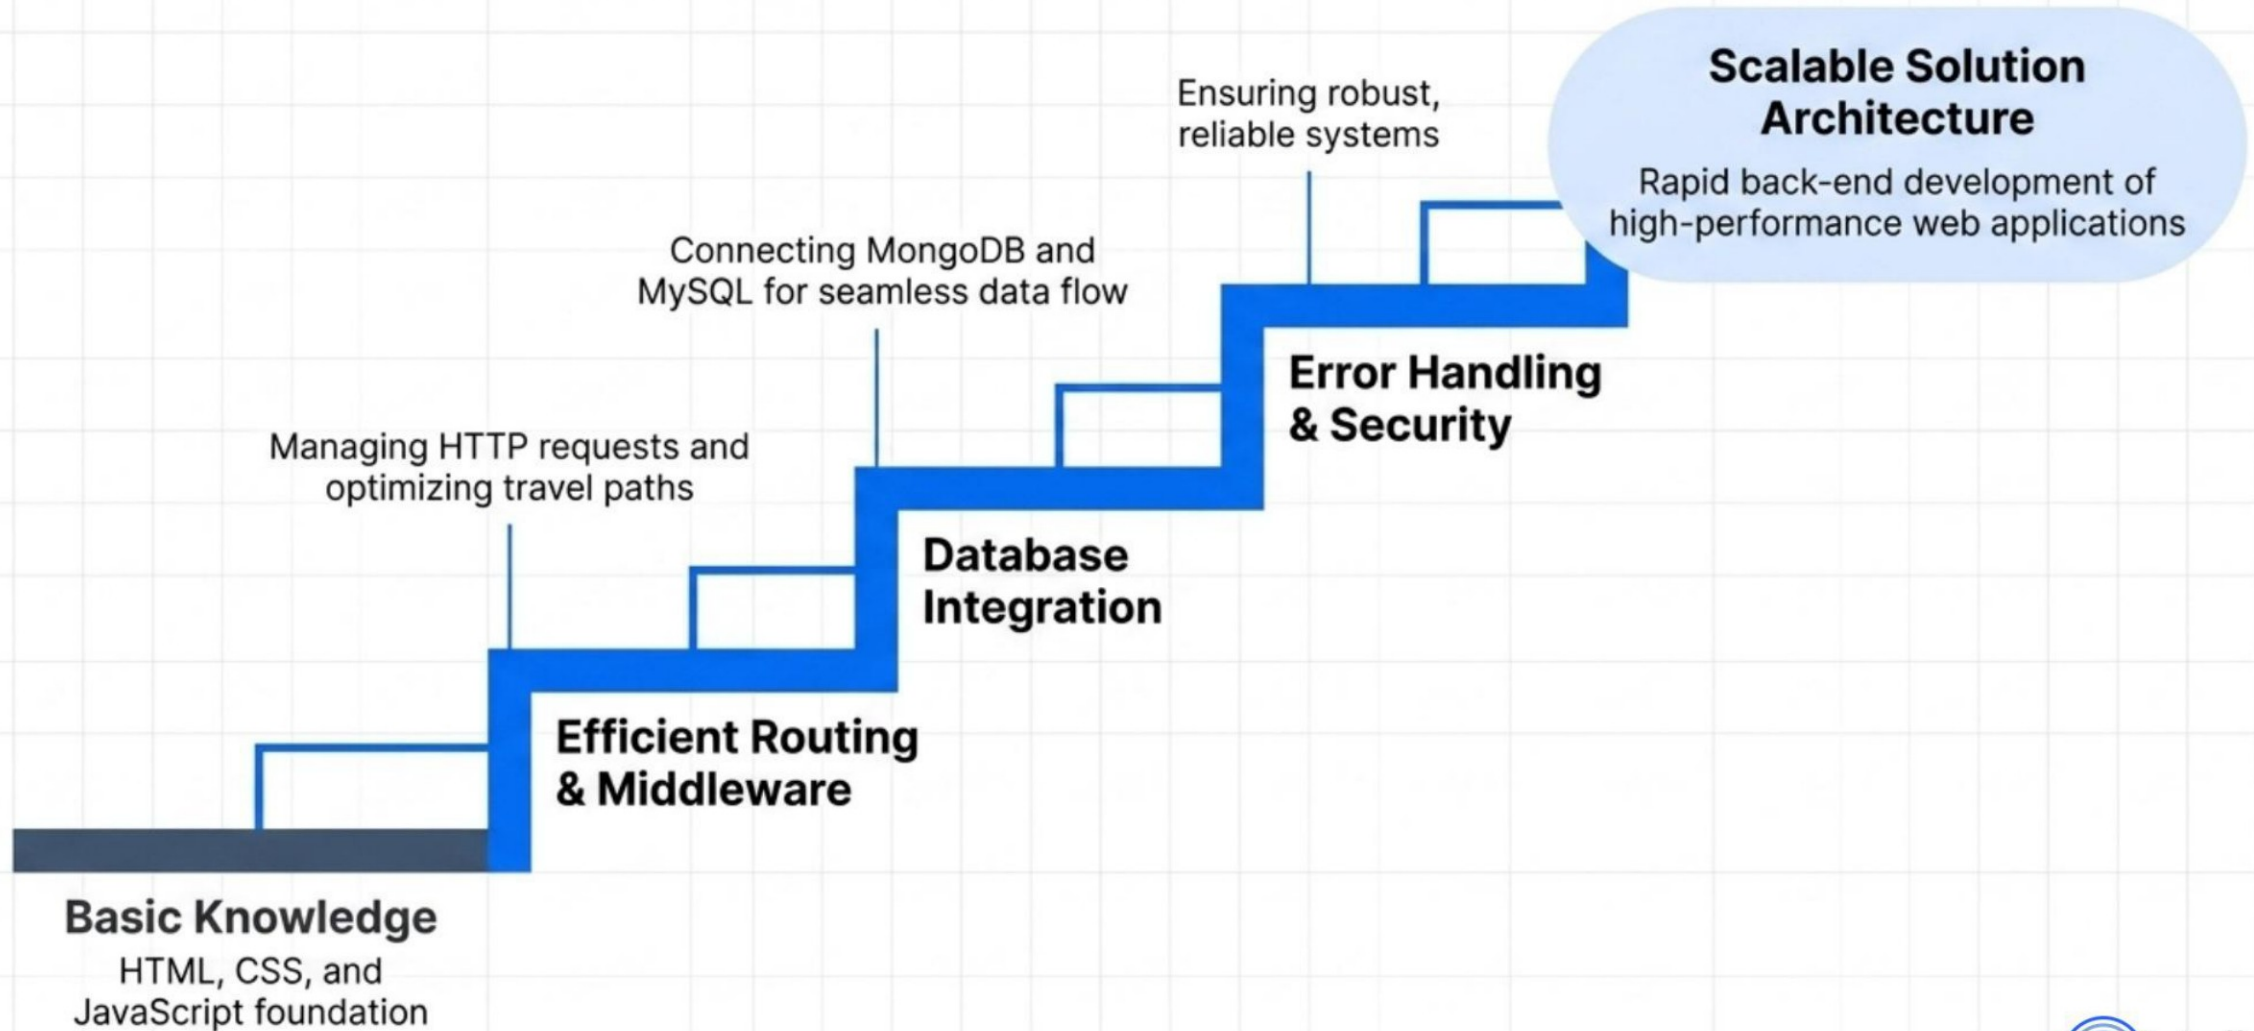

**10,000+
Trainers
Globally**

**Course
Completion
Certificate
Awarded**

The Capability Activation Curve

The Framework Integration Engine

Phase 1: Core Framework Mechanics

(Modules 1-5)

Establishes the foundation of Node.js, HTTP methods, routing mechanisms, and middleware management.

Phase 2: Dynamic Content & Databases

(Modules 6-10)

Focuses on Express generators, templating engines, and seamless MongoDB integration via Mongoose.

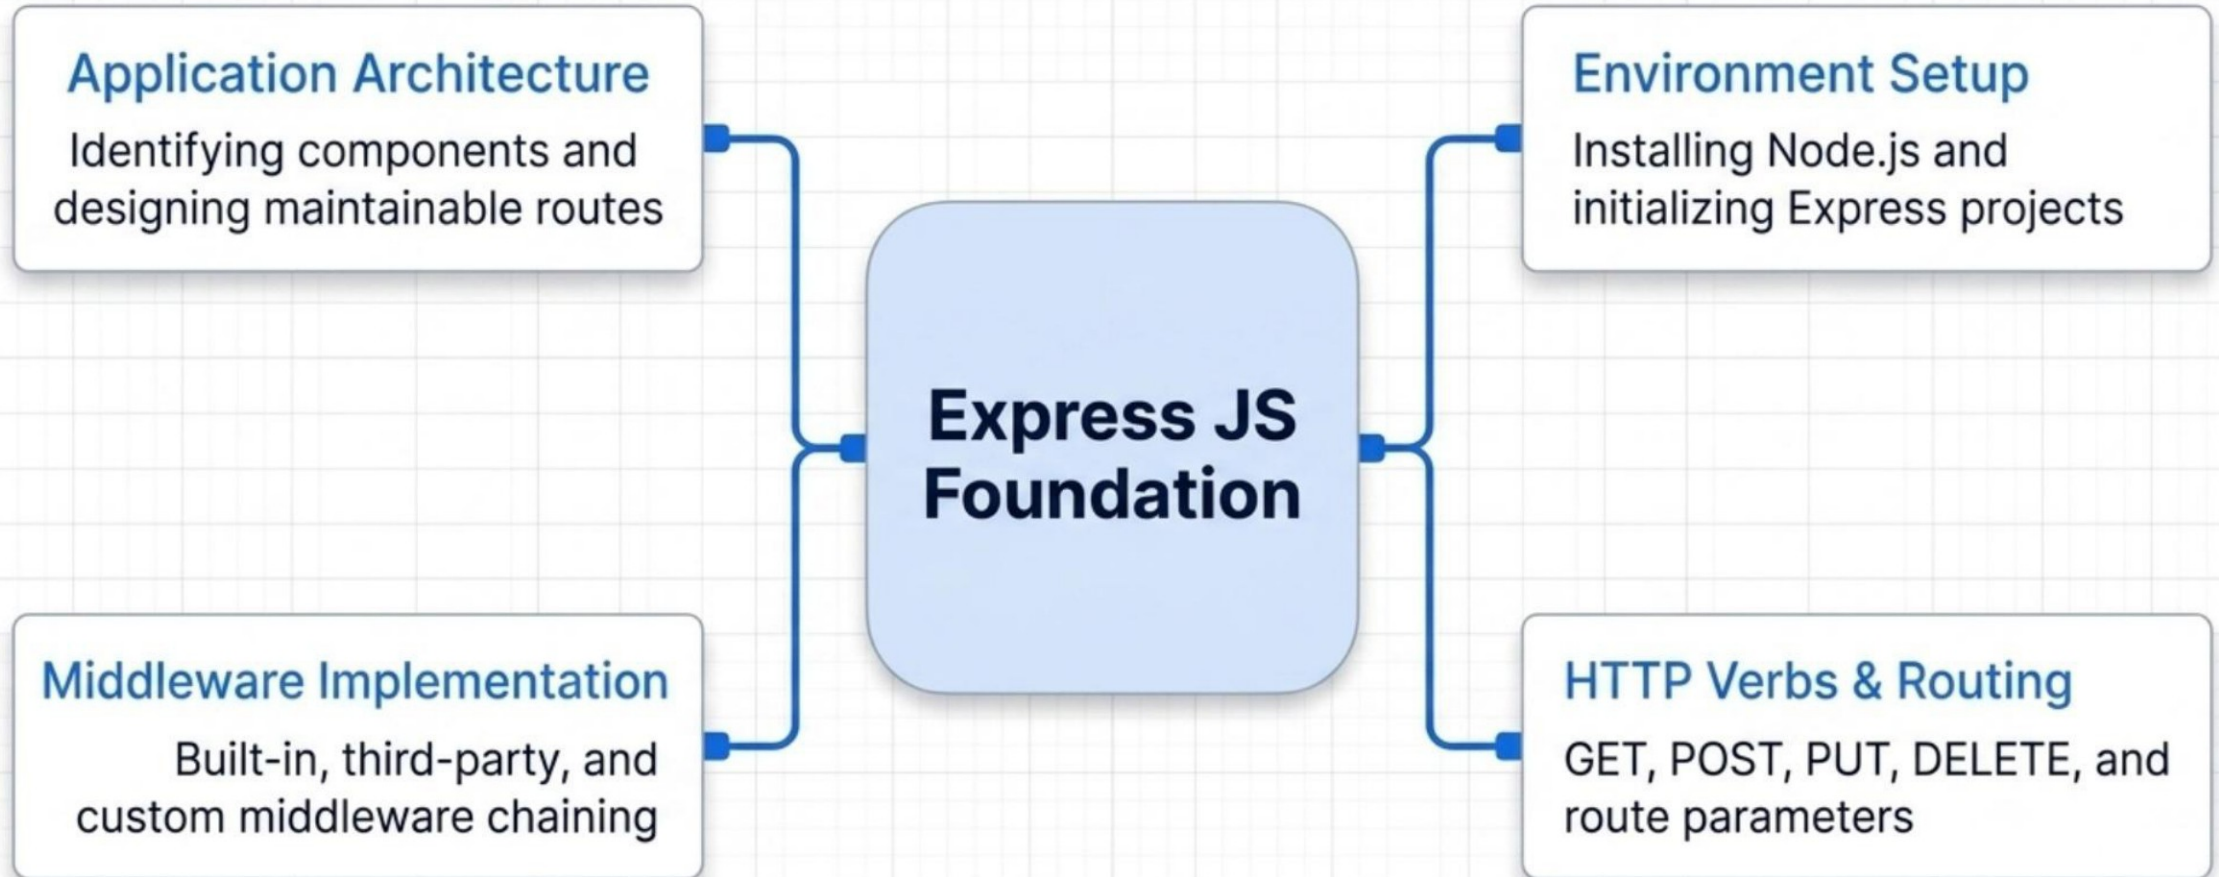

Phase 3: Enterprise App Development

(Modules 11-18)

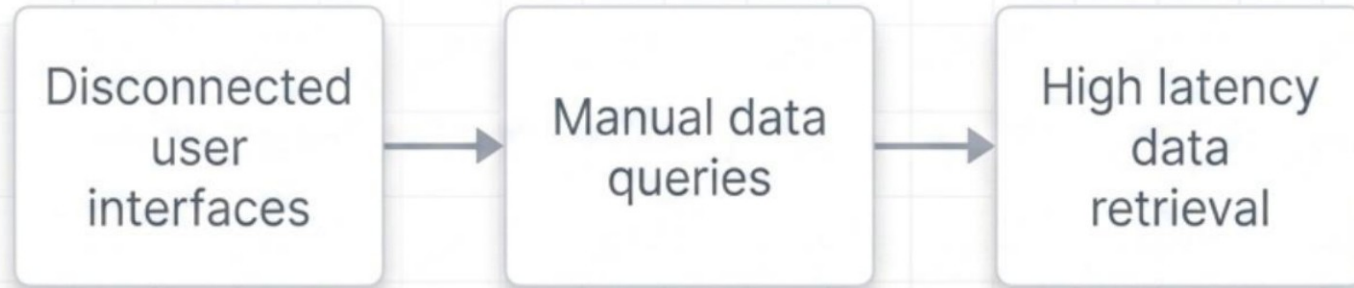

Applied practice building real-world Task Management, E-Shopping, Hackathon, and Blog applications.

Phase 1: Core Framework Mechanics

Phase 2: Dynamic Content & Databases

Traditional approach

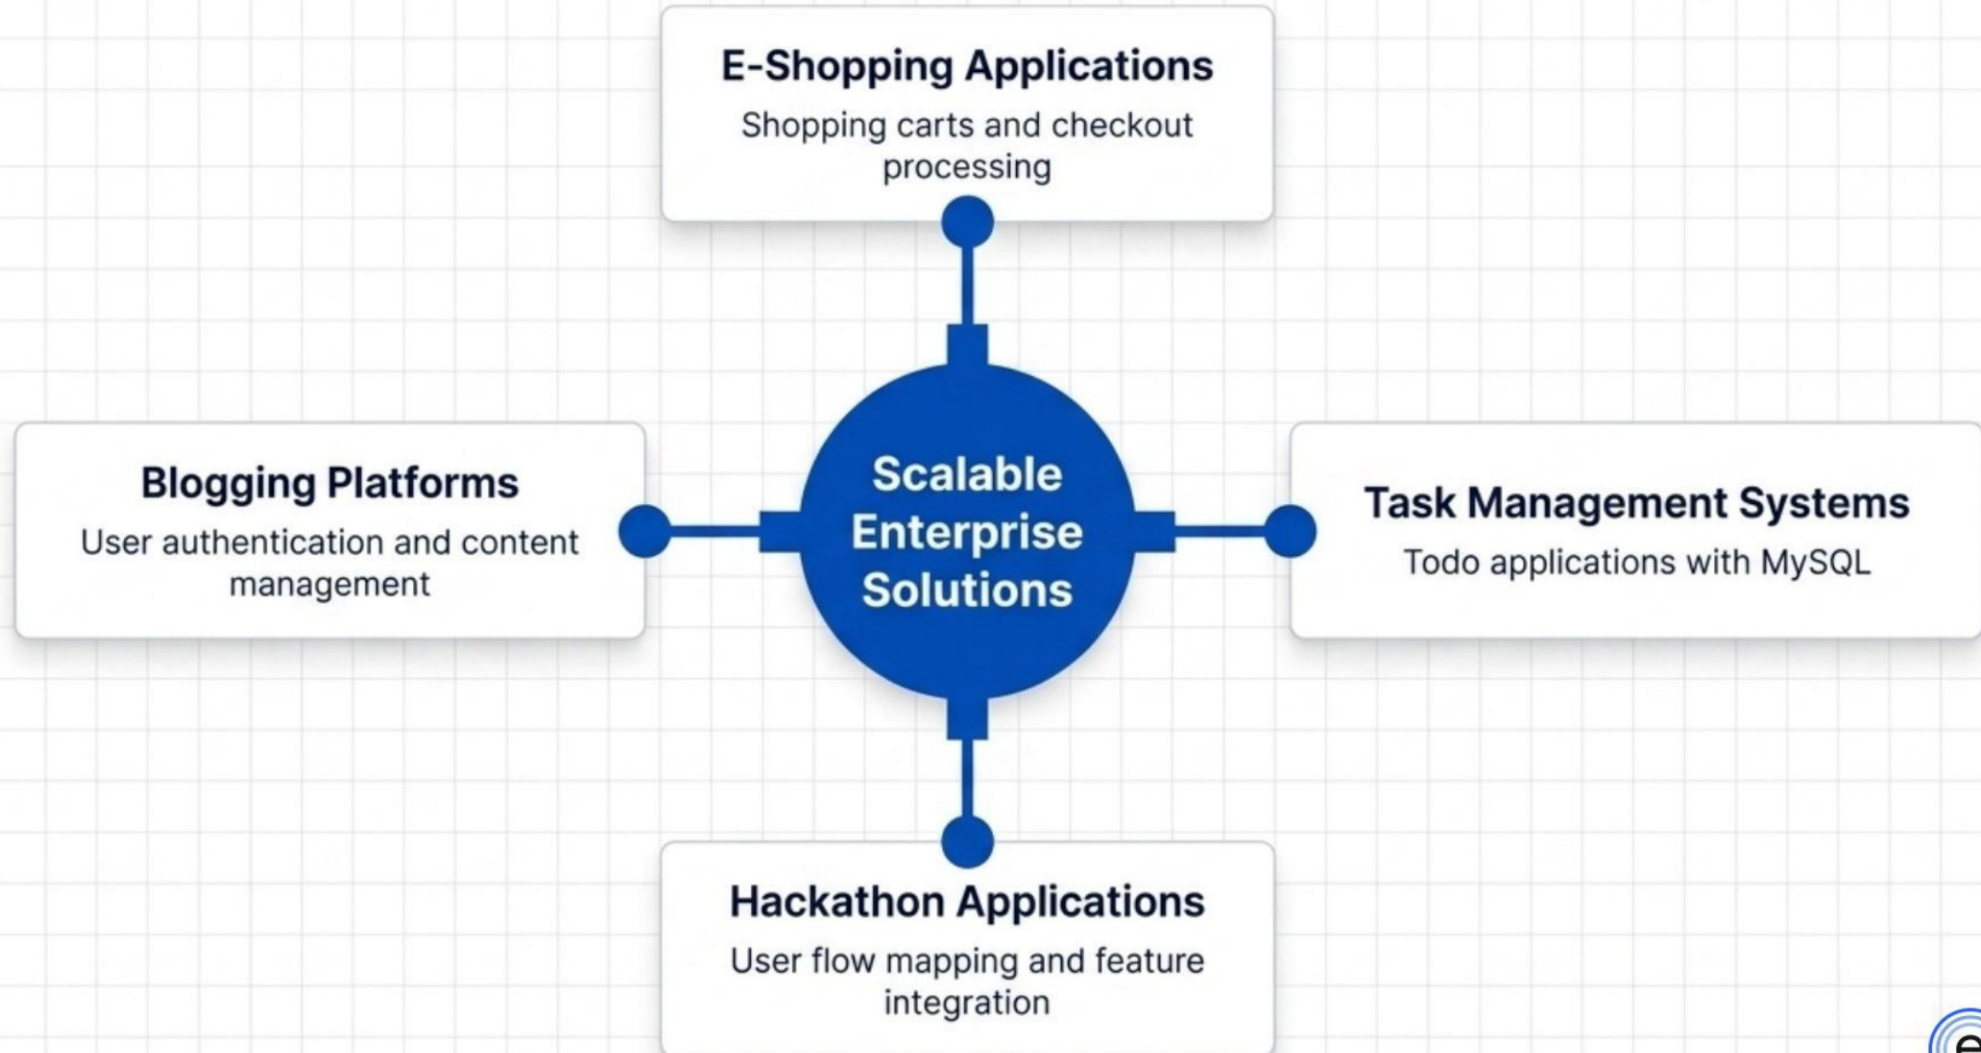

Course-Enabled approach

- ✓ **Express Generators**
(Command line app creation)
- ✓ **Templating Engines**
(Rendering dynamic pages)
- ✓ **MongoDB Integration**
(Establishing connections)
- ✓ **Mongoose Schemas**
(Designing database architecture)

Phase 3: Enterprise App Development

Scalable Training License Tiers

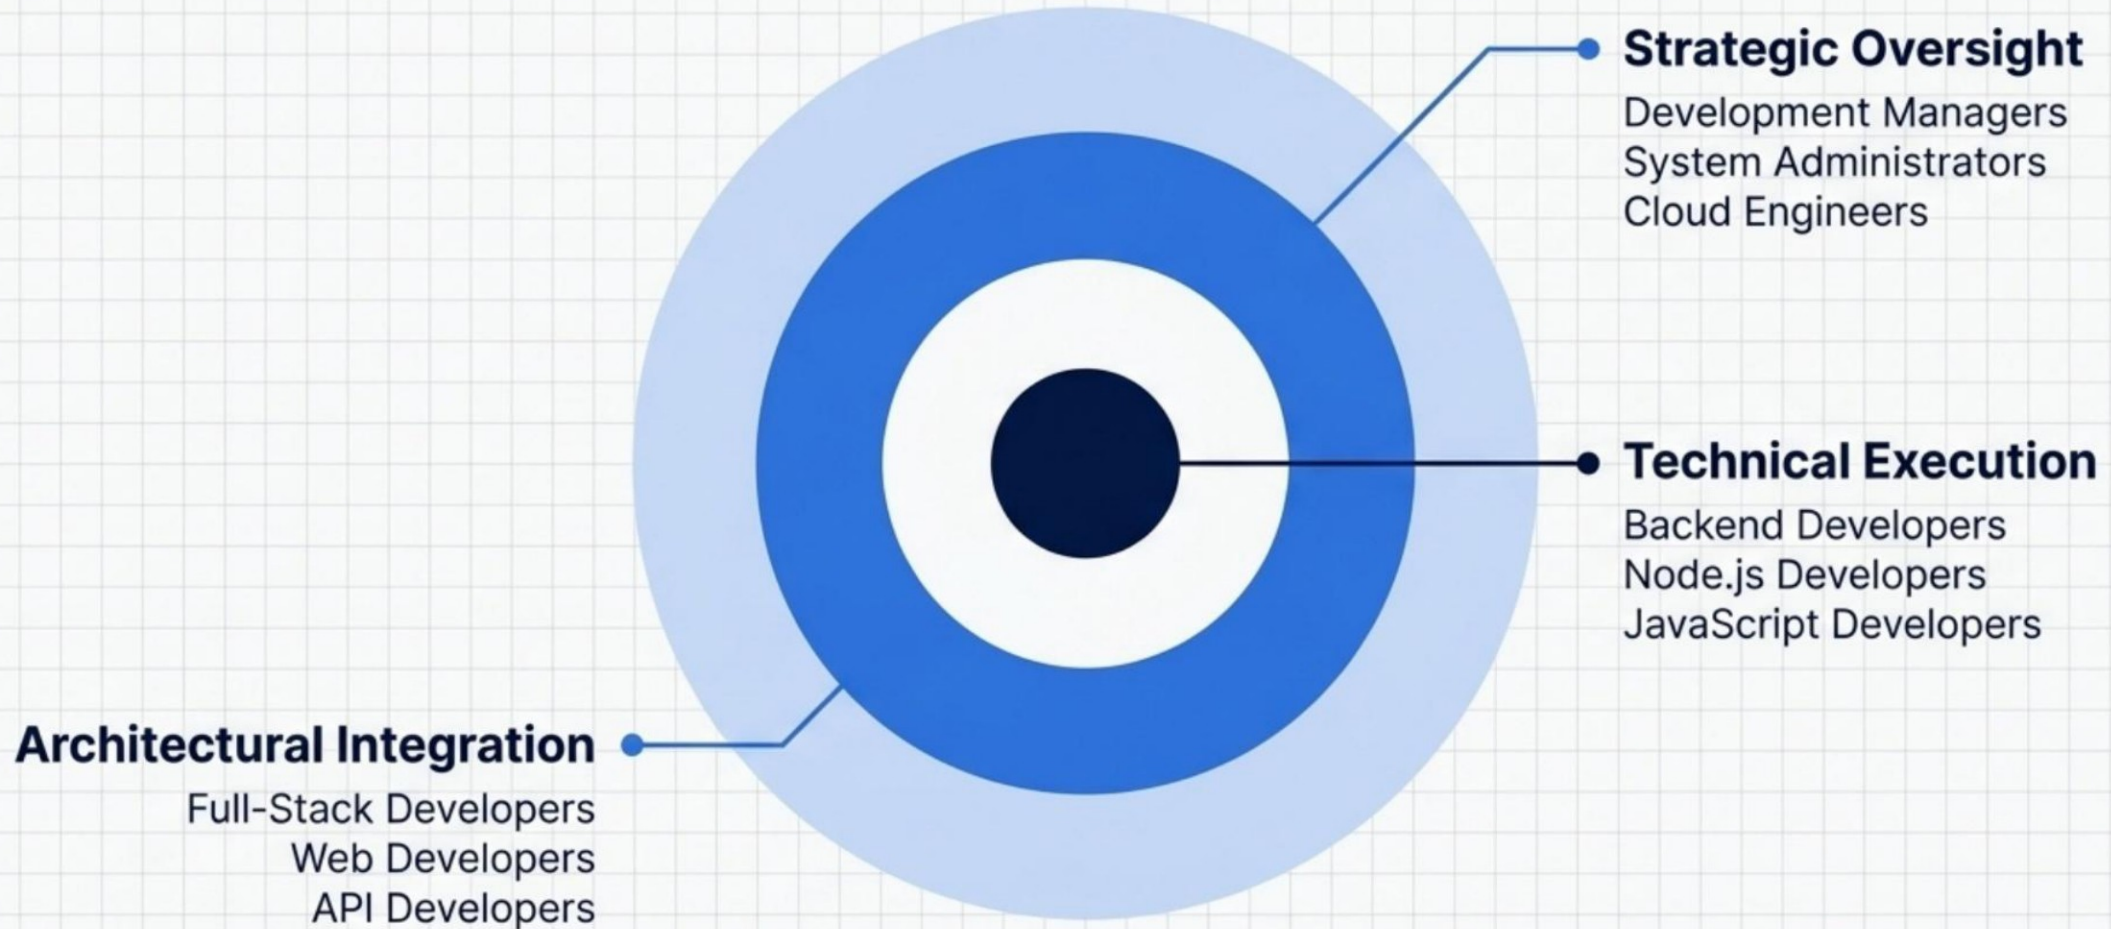

Most Popular

Starter Package	Growth Package	Enterprise Package
120 Licenses	320 Licenses	800 Licenses
64 hours of group training	160 hours of group training	400 hours of group training
<i>Tailored for SMBs</i>	<i>Ideal for growing SMBs</i>	<i>Designed for large corporations</i>

The Edstellar Optimization Engine

Target Audience Alignment

Adaptable Global Training Environments

Virtual Live Instructor-Led

- Consistent training quality ensures uniform outcomes
- Accommodates large groups of participants
- Interactive tools enhance learning engagement

On-site Face to Face

- Higher engagement through direct interaction
- Workplace environment tailored to learning
- Improved team collaboration and knowledge sharing

Off-site Face to Face

- Distraction-free environment improves focus
- Dedicated schedule enhances learning effectiveness
- Boosts employee morale and commitment

Proof of Impact

“The Express JS training exceeded my expectations in every way. As a Senior Software Engineer, I gained comprehensive knowledge of advanced methodologies that transformed my approach to technical solutions. The instructor’s expertise in expert-led workshops made complex concepts crystal clear and actionable.”

Ike Palmer

Senior Software Engineer
IT Services and Solutions Provider

Borderless Skilling Infrastructure

A light blue world map is centered on the page. Two white callout boxes with blue borders are connected to the map by blue lines. The first box, titled 'Global Delivery Footprint', has lines connecting to blue dots in Europe, Africa, and South America. The second box, titled 'Multilingual Accessibility', has lines connecting to blue dots in Asia and Australia. The background features a light gray grid.

Global Delivery Footprint

Expert-led delivery capabilities across 100+ countries

Multilingual Accessibility

Available in 10 languages including English, Spanish, German, French, and Japanese

Transform Your Backend Development Capabilities

Bridge organizational skilling gaps with tailored curriculum designs, expert facilitators, and seamless training management.
