

Corporate Value Stream Mapping (VSM) Training Course

Achieve operational excellence, streamline workflows, and reduce lead times.

The Paradigm Shift in Process Optimization

Course Delivery At-A-Glance

6 - 8 hrs
Duration

Instructor-led
Group Training

Virtual, On-
site, or Off-site
Delivery

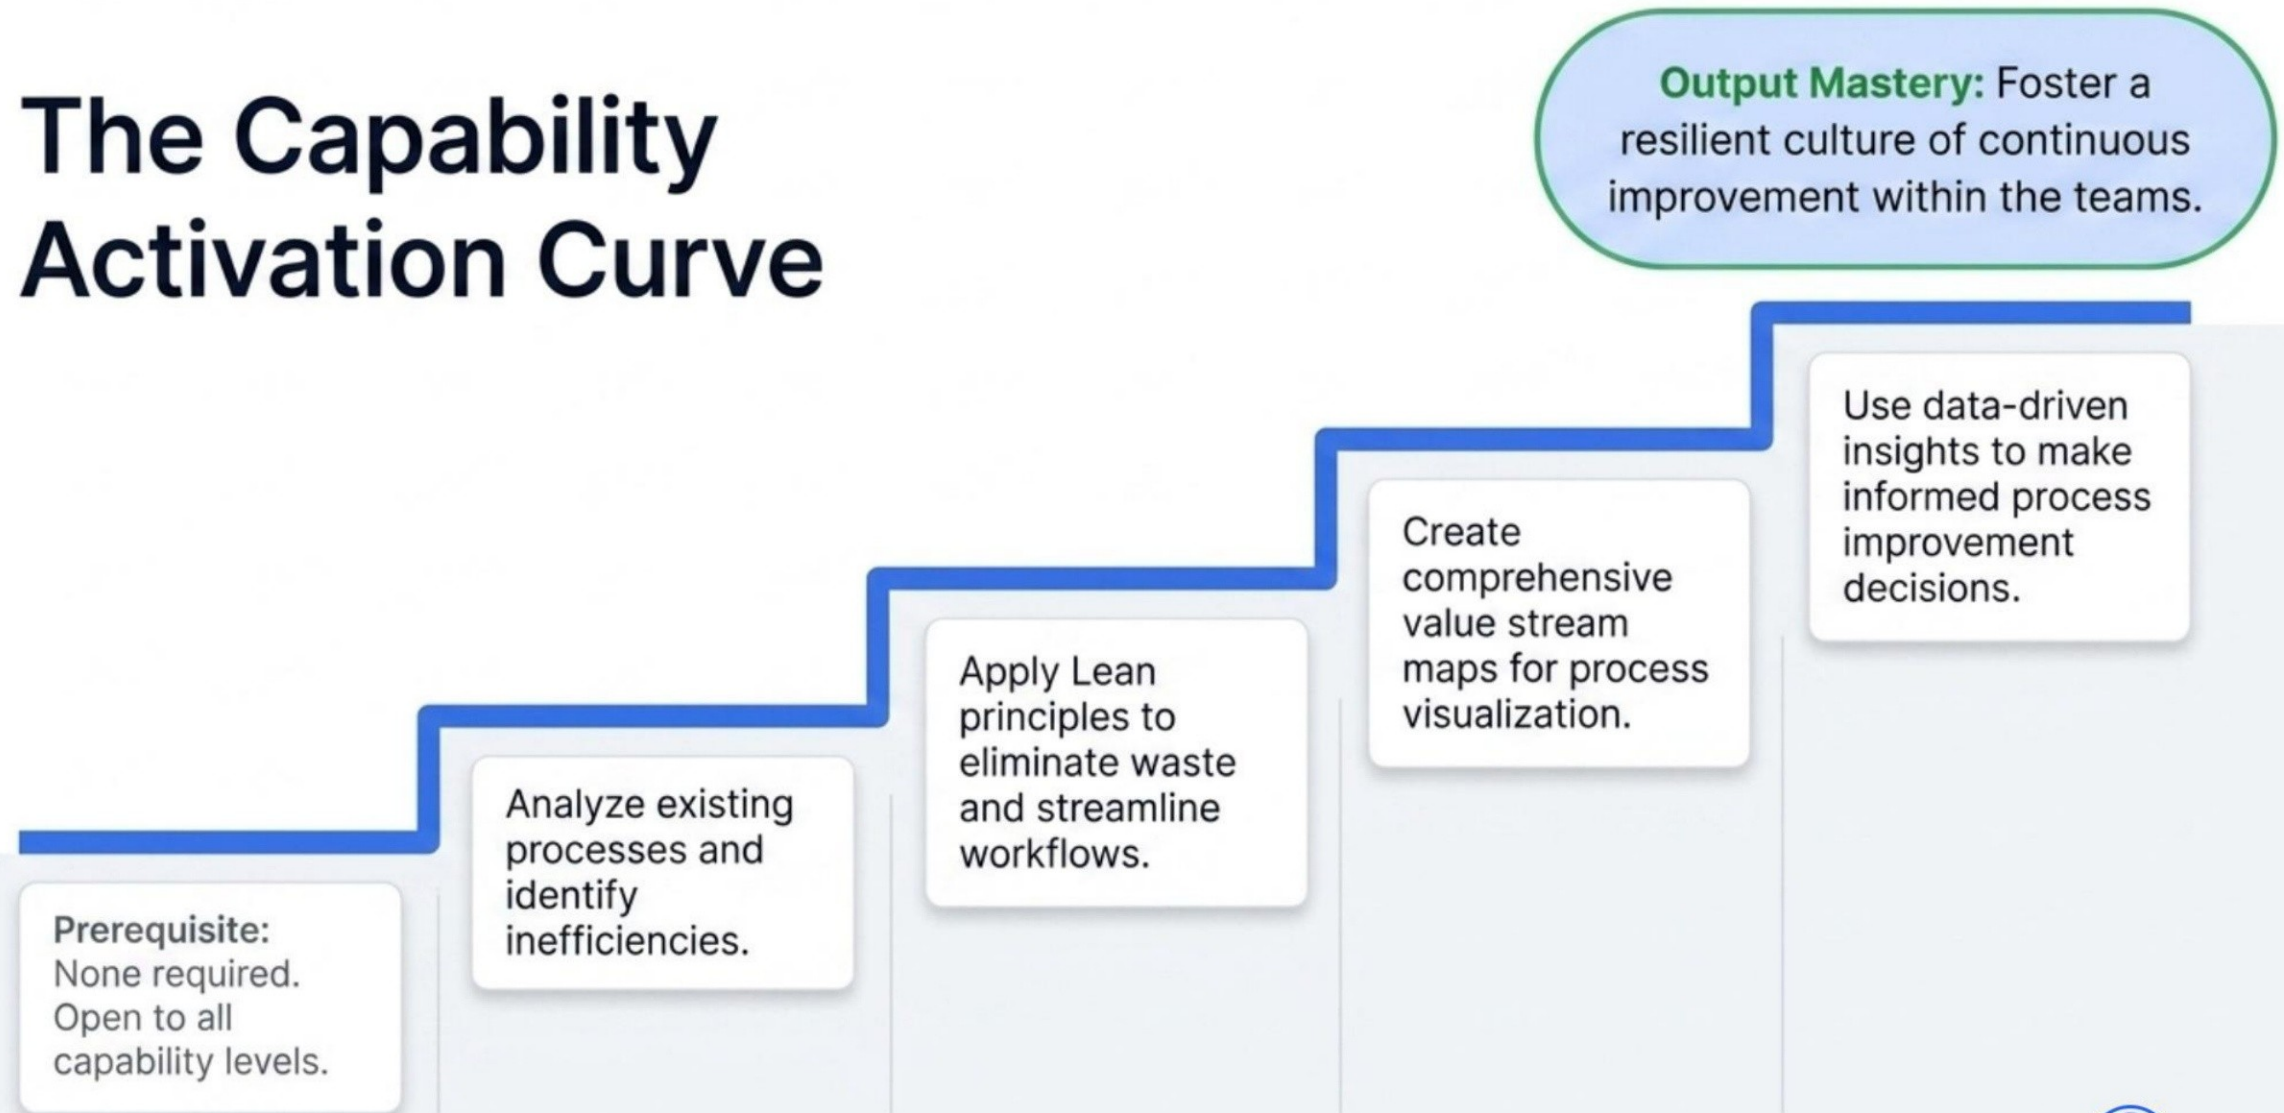

10,000+
Trainers
Globally

Course
Completion
Certificate

The Capability Activation Curve

The VSM Curriculum Architecture

Phase 1: Foundations & Scoping

Modules 1 & 2

Introduction to Lean Principles, 5S, and defining the product/service family for improvement.

Phase 2: State Analysis & Design

Modules 3 & 4

Documenting the current state value stream and designing the optimized future state with improved processes.

Phase 3: Implementation & Monitoring

Modules 5 & 6

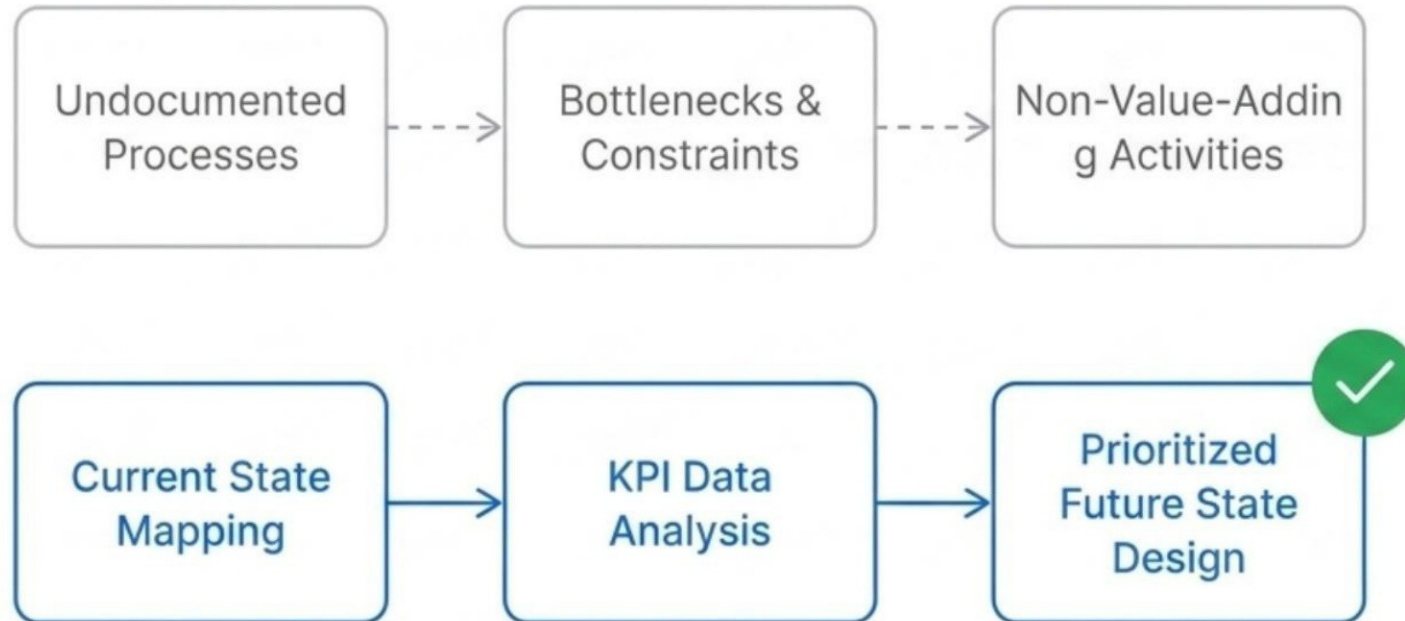

Creating a detailed implementation plan, securing management approval, and tracking KPI progress.

Phase 1

Foundations & Scoping

Phase 2 State Analysis & Design

Deployable Tools

Key Performance Indicators (Lead time, cycle time)

Brainstorming & Process Visualization

Impact vs. Feasibility Prioritization

ROI & Customer Value Assessment

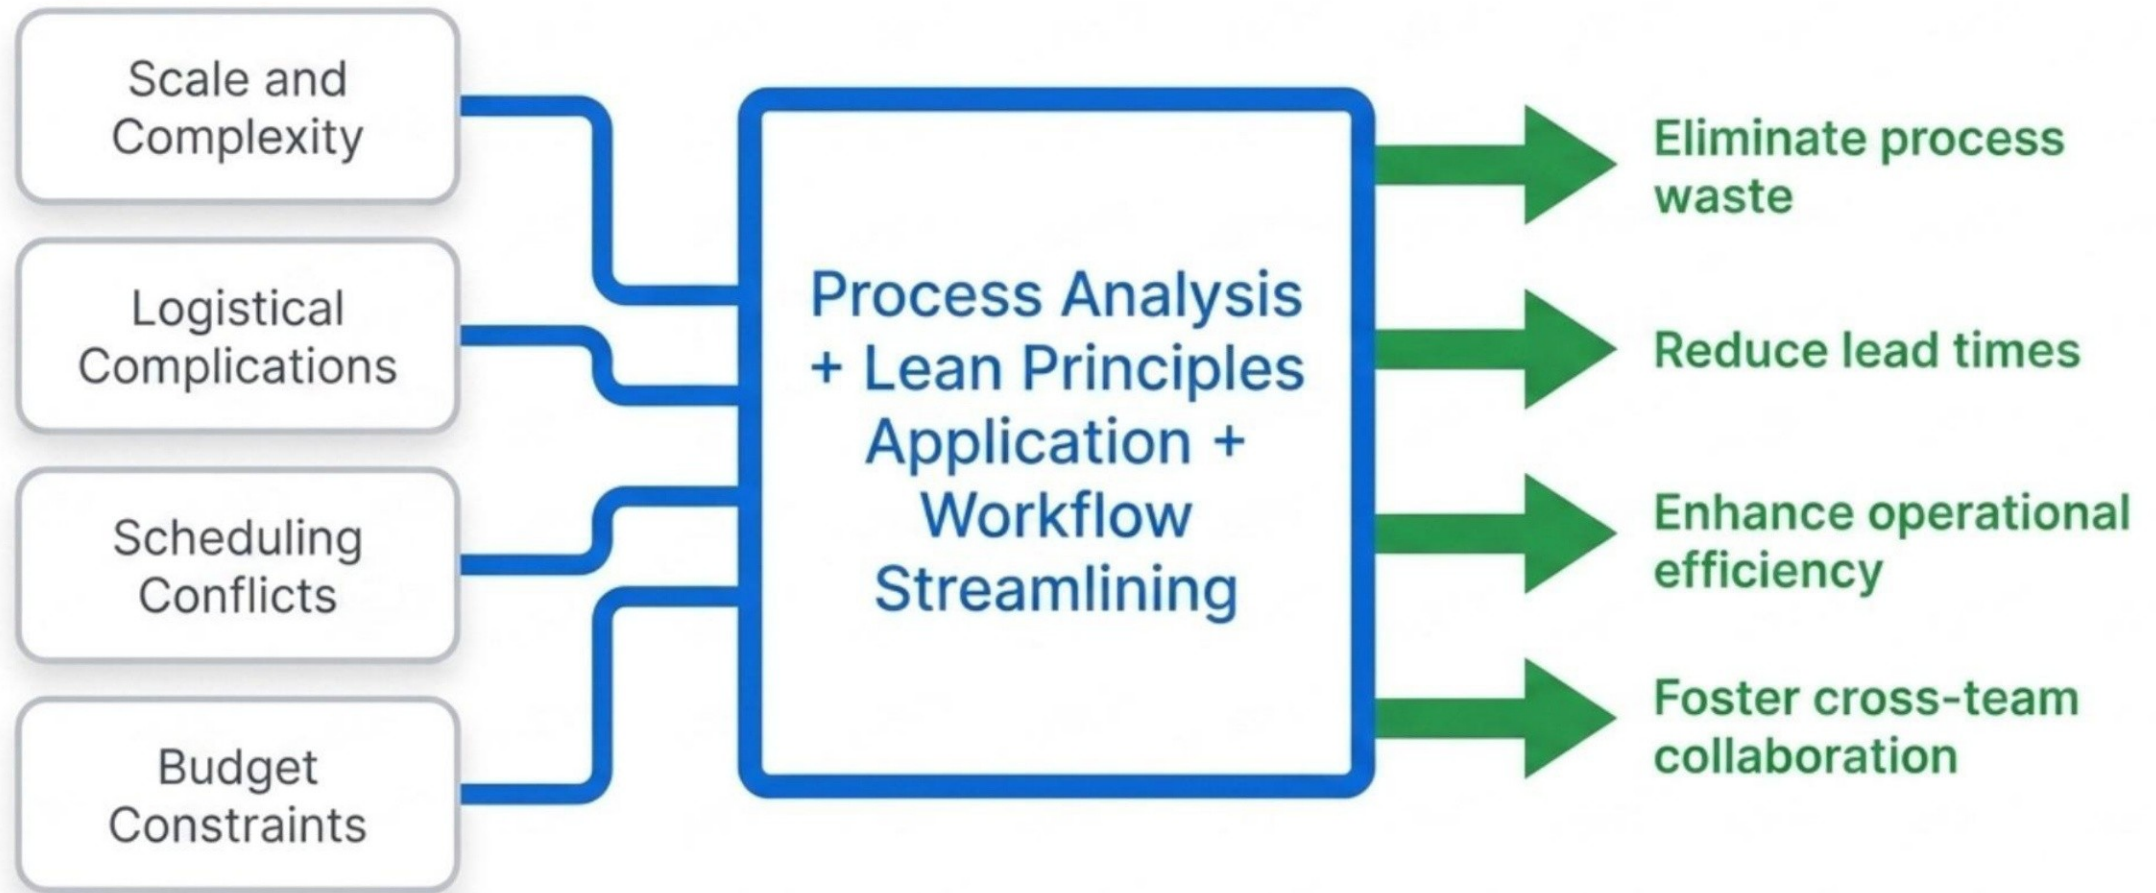

Phase 3 Implementation & Monitoring

The Operational Diagnostic Matrix

Observed Organizational Challenge	Applied VSM Competency	Targeted Business Benefit
Fragmented Workflows & Delays	Process Analysis & Workflow Streamlining	Enhanced productivity, optimized resources, and timely project delivery.
Reactive, Instinct-Based Planning	Data-Driven Decision Making	Improved accuracy, guided strategic choices, and measurable ROI.
Stagnant Capability & Resistance	Continuous Improvement Culture	High employee engagement, innovation, and distinct competitive advantage.

The Business ROI Engine

Target Audience Alignment

Enterprise Delivery Modalities

Virtual Live Instructor-Led

- Global reach from various locations;
- Consistent, uniform learning outcomes;
- Zero travel required for participants.

On-site Face to Face

- Tailored workplace environment;
- Improved team collaboration;
- Hands-on demonstration of specific internal processes.

Off-site Face to Face

- Distraction-free learning environment;
- Dedicated schedule away from office;
- Boosts morale and reflects development commitment.

Proof of Impact

*"The Value Stream Mapping (VSM) training exceeded my expectations in every way. As a Senior Software Engineer, I gained comprehensive knowledge of advanced methodologies that transformed my approach to practical and immediately applicable. I've successfully implemented these advanced techniques in production **environments with measurable impact**. The instructor's expertise in practical simulations made complex concepts crystal **clear and actionable**."*

Lisa Davidson

Senior Software Engineer

IT Services and Solutions Provider

Global Delivery Capabilities

A light blue world map serves as the background for the slide. Two callout boxes are overlaid on the map. The first box, located over North and South America, contains the text 'Delivery Capability Across 100+ Countries'. The second box, located over Europe and Asia, contains the text 'Training Available in 10 Languages: English, Español, 普通话, Deutsch, العربية, Português, हिंदी, Français, 日本語, Italiano.'.

Delivery Capability
Across 100+ Countries

Training Available in 10
Languages:
English, Español, 普通话,
Deutsch, العربية, Português,
हिंदी, Français, 日本語, Italiano.

Optimize Your Operational Flow Today

Equip your workforce with a globally recognized course completion certificate. Validate acquired skills, inspire ongoing learning, and drive continuous improvement across your enterprise.
