

# Drive Team Excellence With VMware Integrated Openstack

Expert-Led Corporate Training To  
Deploy, Configure, And Manage  
VMware's Cloud Platform.

# The Skilling Transformation Shift

Moving From Legacy Administration To Scalable Cloud Excellence.

# Training Parameters And Delivery Metrics

Flexible, High-Impact Learning Tailored To Your Organizational Goals.

Duration

**32 - 40 Hrs**

Format

**Instructor-Led  
Group Training**

Delivery

**Virtual / On-Site  
/ Off-Site**

Expertise

**10,000+  
Verified Trainers**

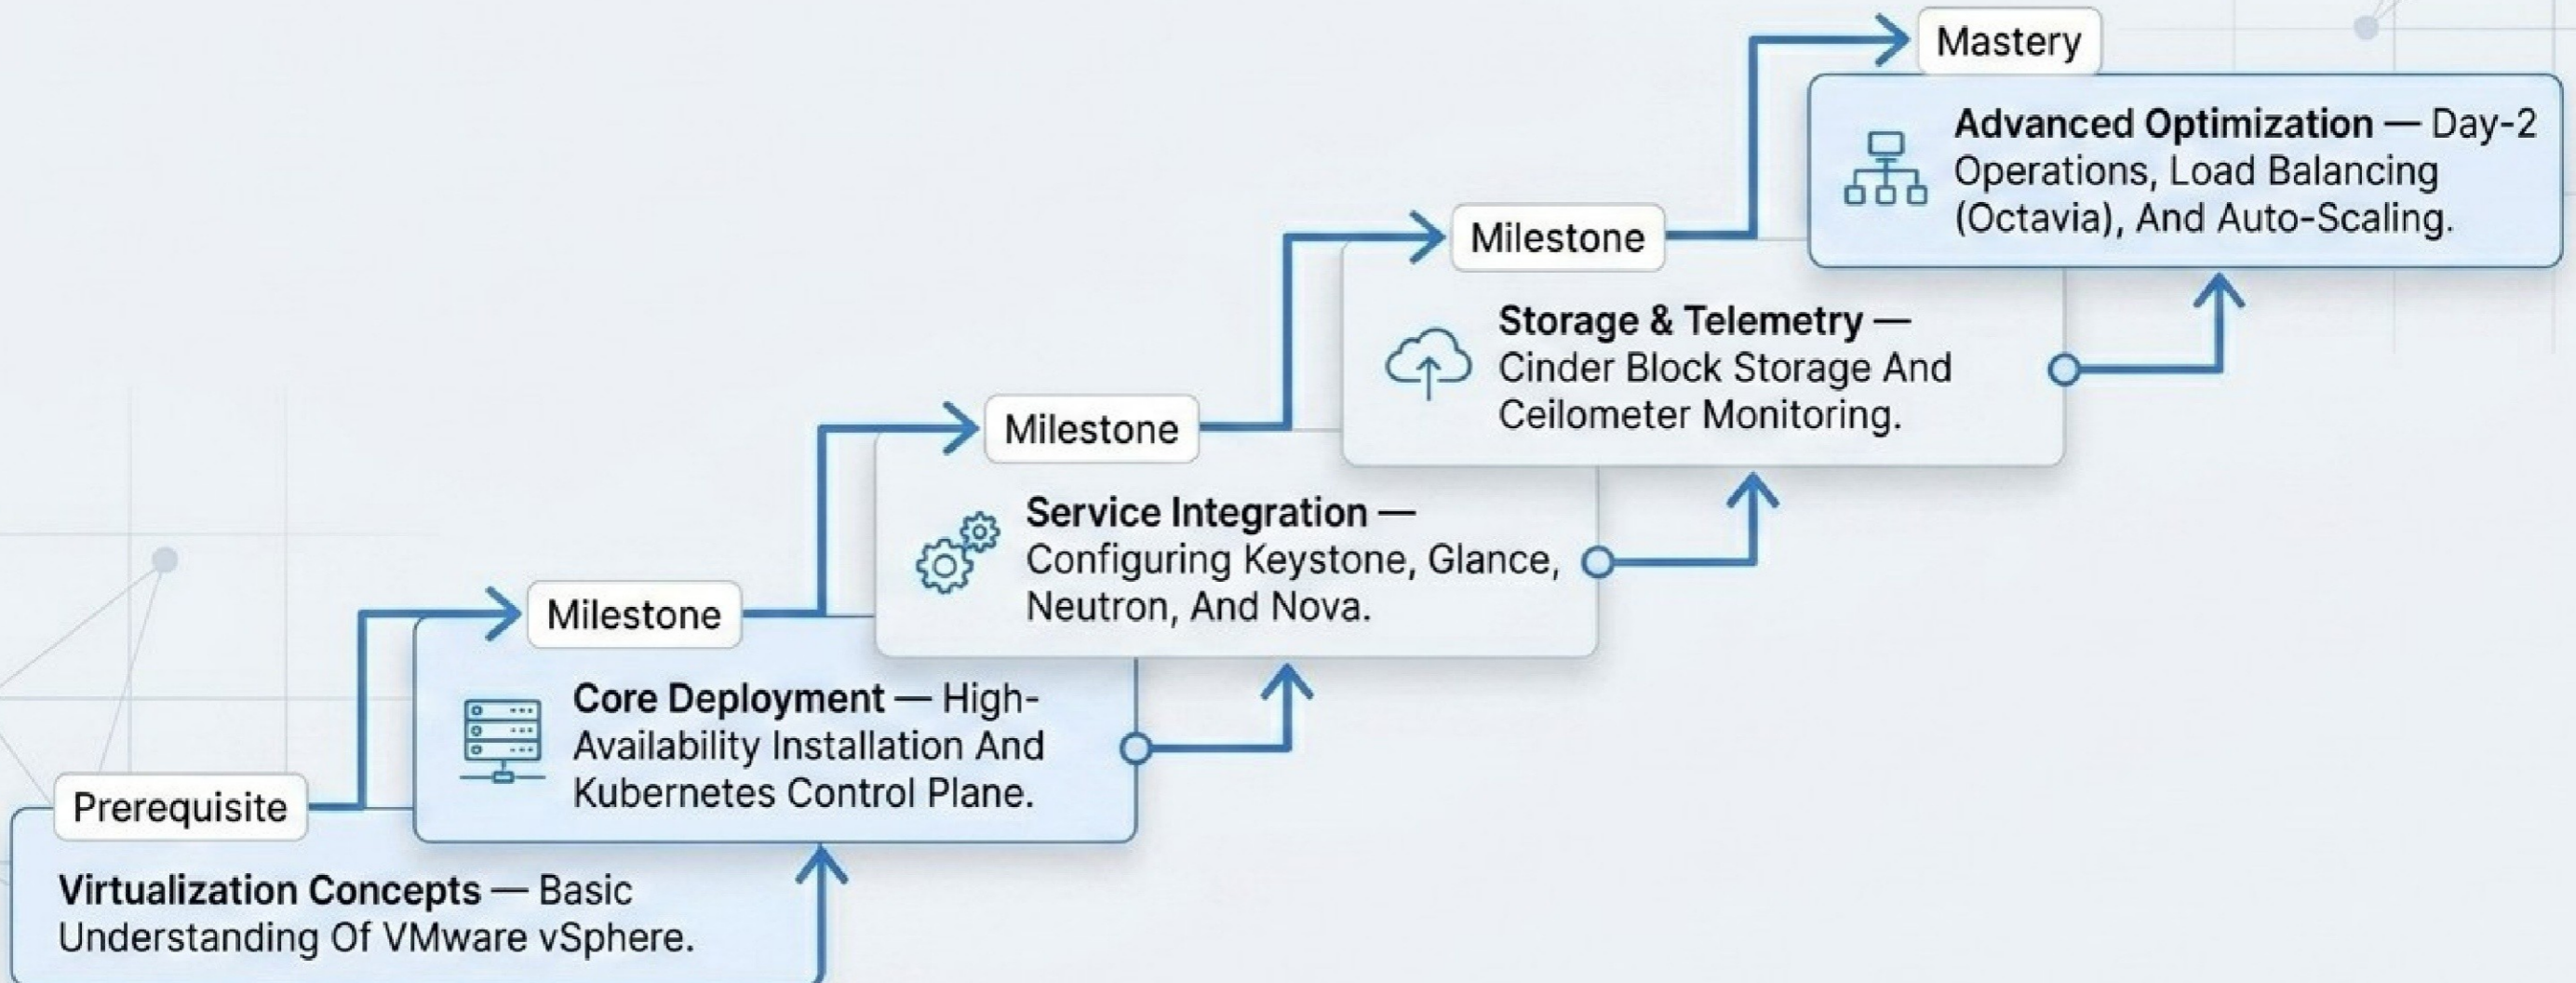

Validation

**Certificate  
Management**

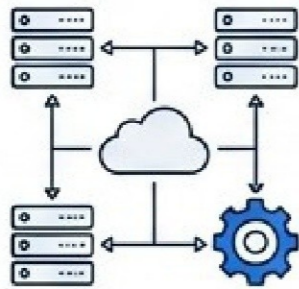

# The Capability Activation Staircase

A Structured Pathway From Foundational Concepts To Advanced Architecture.

# Comprehensive Training Architecture

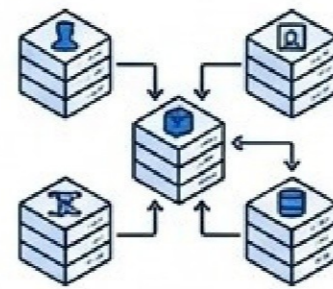

Phased Modules Designed By Industry Experts For Real-World Application

## Architecture & Deployment

- ✓ Introduction
- ✓ VIO Deployment
- ✓ VIO Architecture

Establishing The Core Framework And High-Availability Kubernetes Ecosystem

## Openstack Services Operations

- ✓ Keystone
- ✓ Glance
- ✓ Neutron
- ✓ Nova
- ✓ Cinder

Managing Authentication, Image Deployment, Networking, And Persistent Storage

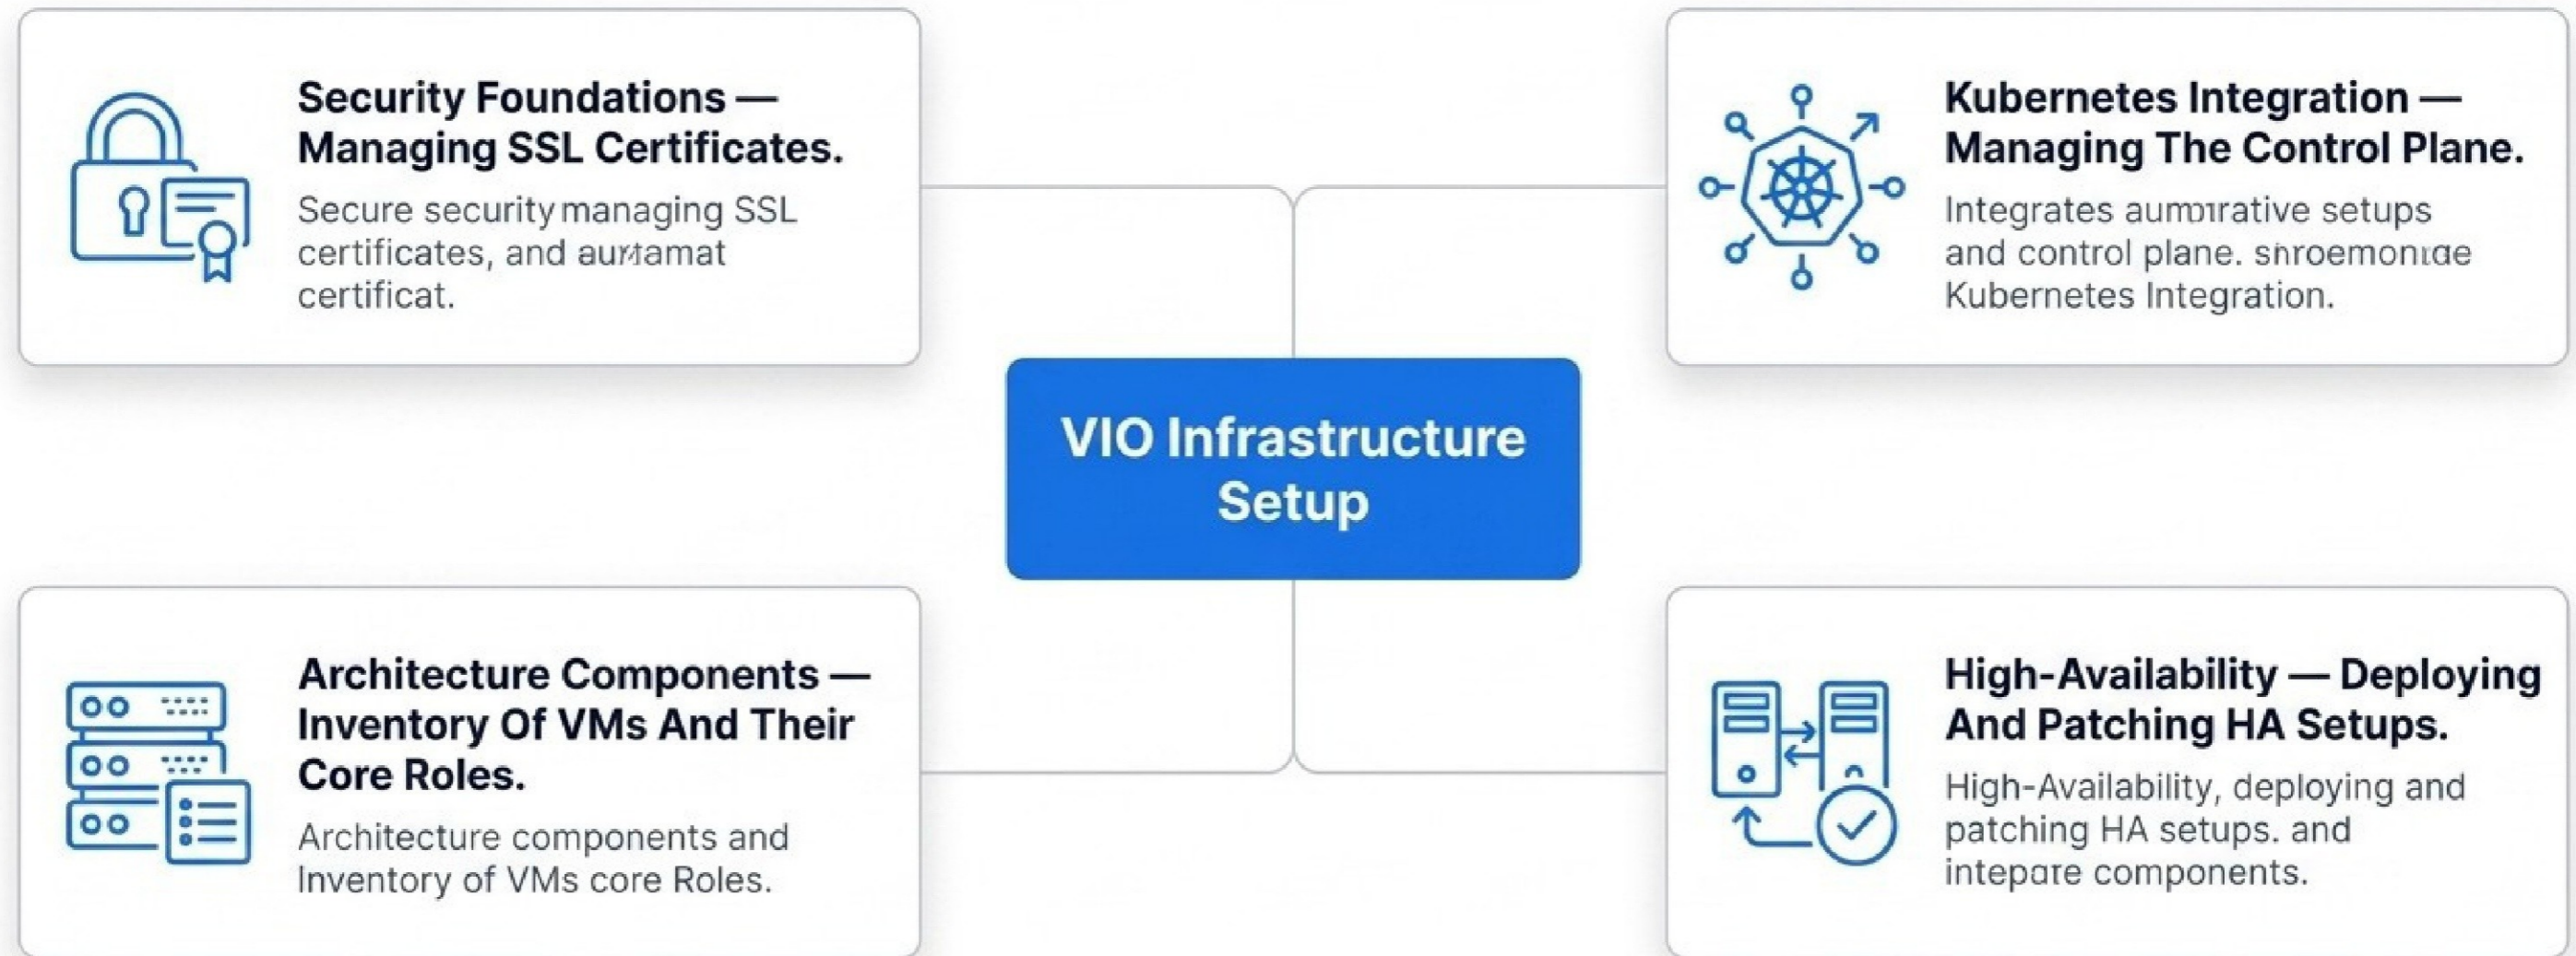

## Advanced Telemetry & Automation

- ✓ Ceilometer
- ✓ Heat
- ✓ Troubleshooting
- ✓ Advanced Features

Enabling Automated Scaling, Firewall Management, And Day-2 Operations

# Phase 1: Core Framework Deployment

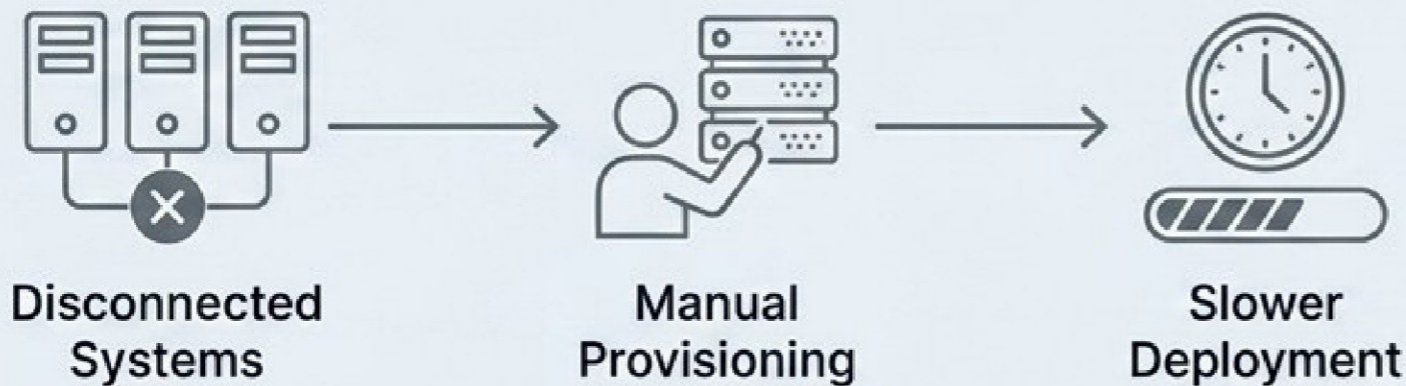

Establishing Resilient Cloud Infrastructure Methodologies.

# Phase 2: Operational Flow Optimization

Connecting Critical Compute, Storage, And Network Services

Traditional

Course-Enabled

- ✓ **Keystone: LDAP Integration And Role-Based Access.**  
Managing authentication and authorization for secure access.
- ✓ **Glance: Image Creation And SPBM Storage Policies.**  
Streamlining image management and defining storage requirements.
- ✓ **Neutron: Integration With NSX-T Data Center.**  
Connecting physical and virtual networks for unified control.
- ✓ **Nova/Cinder: Resizing Instances And Attaching Persistent Volumes.**  
Optimizing compute resources and ensuring data persistence.

# Phase 3: Advanced Cloud Mastery

Automating, Securing, And Scaling Enterprise Environments.

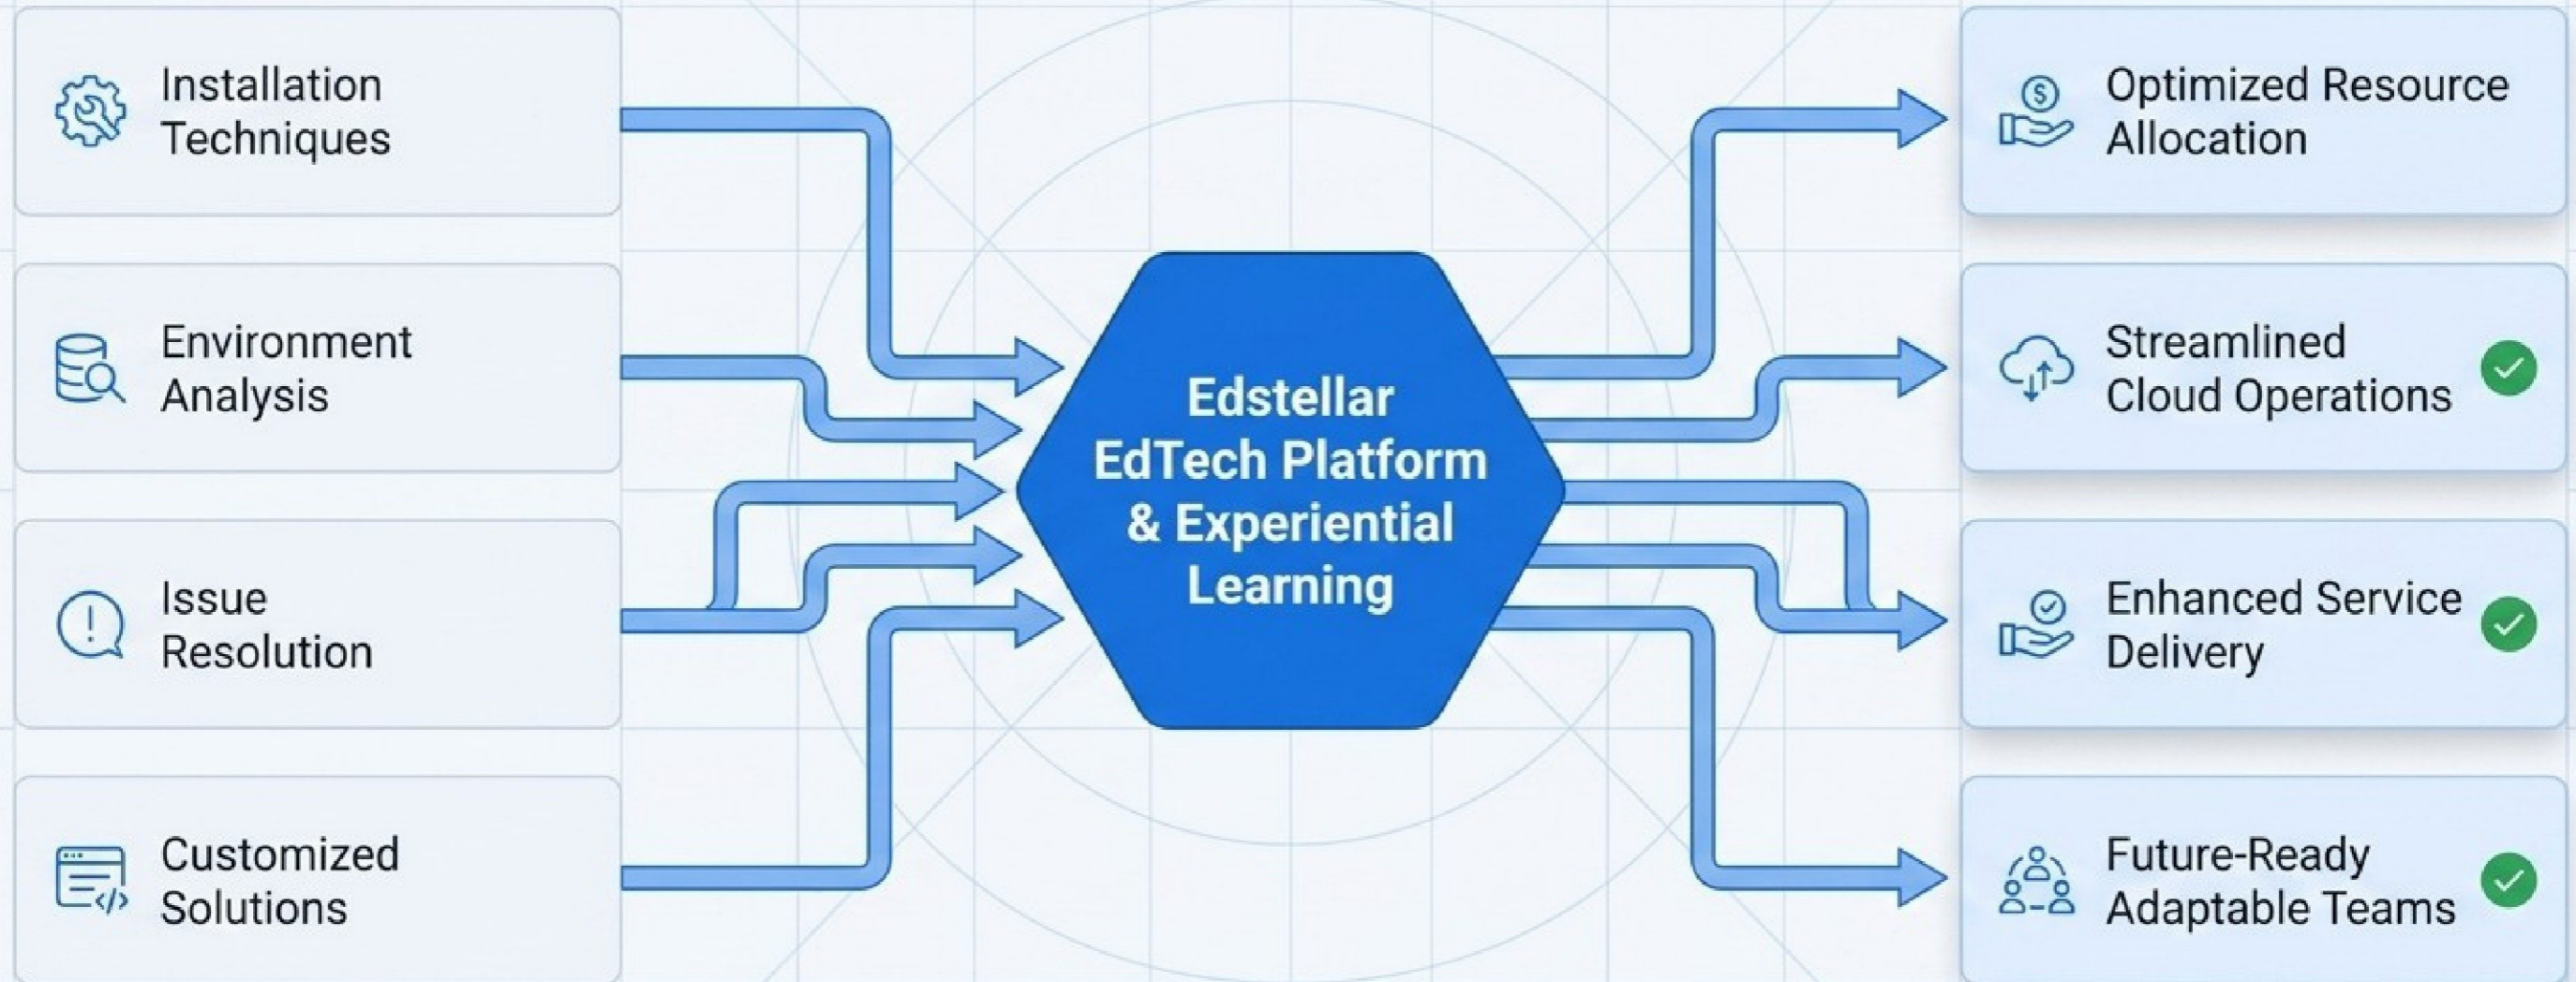

# Solving Enterprise Upskilling Challenges

How Edstellar Transforms Operational Friction Into Capability.

Organizational Challenge	Edstellar Solution	Business Outcome
Logistical Complications 	Centralized Training Management Dashboard 	Reduce Training Admin Overhead By 25% 
Inconsistency In Quality 	10,000+ Verified And Certified Trainers 	Boost Learner Participation By 50% 
Budget Constraints 	Tailor-Made Trainee Licenses 	Reduce Training Cost By 15% - 30% 

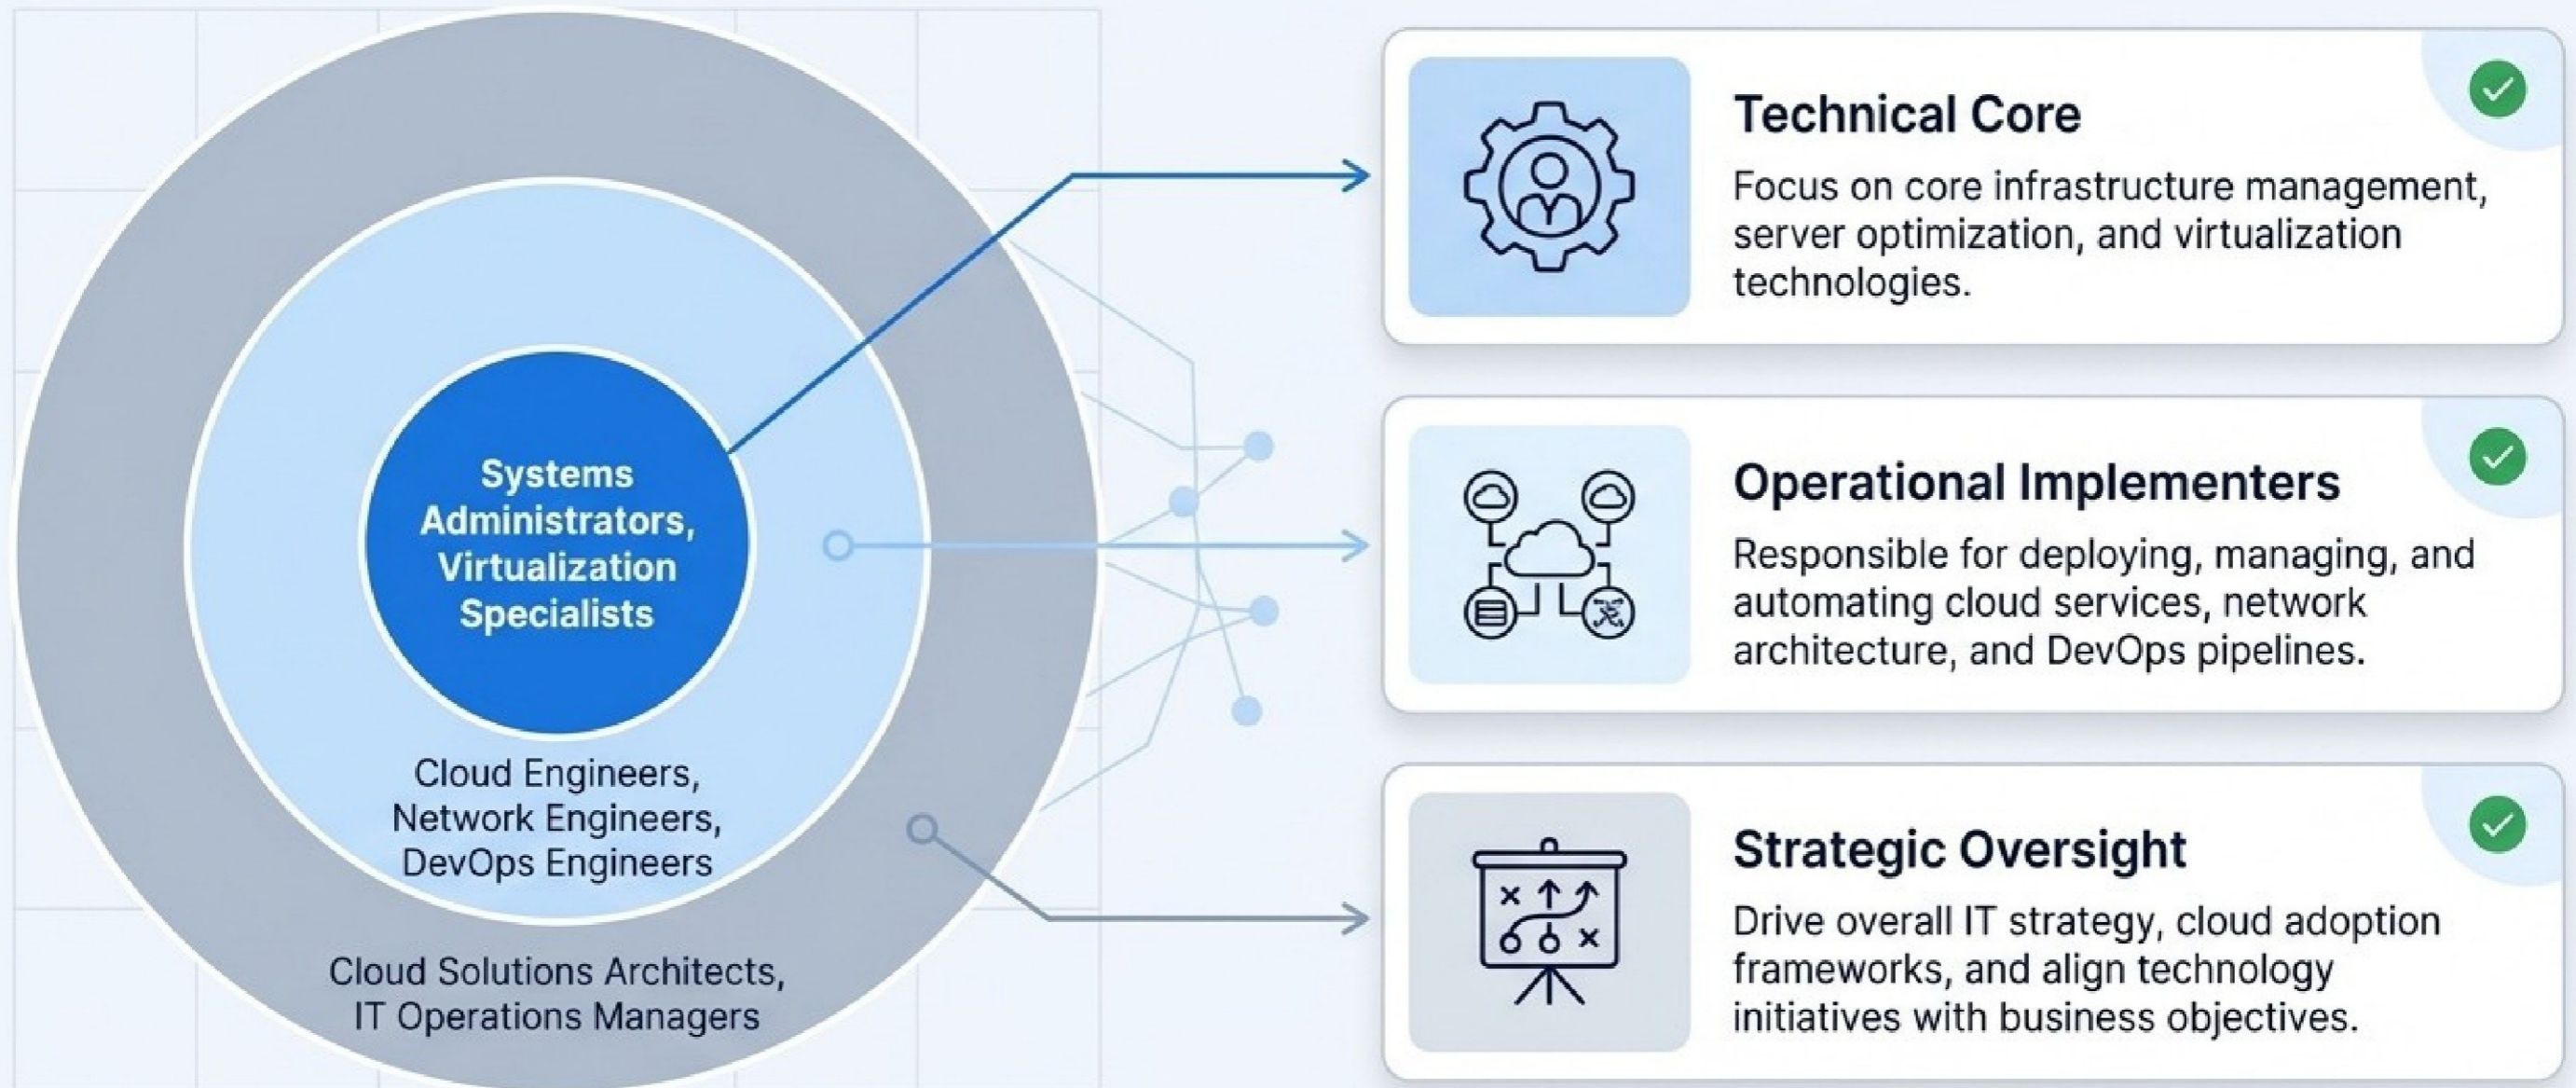

# The Value Transformation Engine

Converting Technical Competencies Into Strategic Business Assets

# Target Audience Alignment

Specialized Knowledge Transfer For Critical IT Ecosystem Roles

# Agile Deployment Modalities

Removing Geographic Barriers To World-Class Learning.

## Virtual Live

Global Reach Across 100+  
Countries

Zero Travel Required

Scalable For Large Groups.

## On-Site Face To Face

Tailored To Your Specific  
Workplace

Direct Interaction And Feedback

Hands-On Process  
Demonstration.

## Off-Site Face To Face

Distraction-Free  
Environment

Enhanced Team Bonding

Dedicated Uninterrupted  
Schedule.

# Proof of Impact

A Commitment To Measurable Excellence And Goal Alignment.

“The success of your learning initiatives largely depends on the Corporate Training Provider you choose. At Edstellar, we deliver tailored curriculum designs, expert facilitators, cutting-edge learning technologies, and data-driven assessment tools that guarantee measurable results aligned with your business goals.”

## **Edstellar Leadership**

Customer Experience & Success Ethos

Edstellar

# Global Scale And Localization

Unified Training Quality Across Borders And Timezones.

**Delivery Capability Across  
100+ Countries.**

**Available In 10 Languages  
(Including English, Español, 普  
通话, Deutsch, Français, 日本  
語).**

# Initiate Your Skill Transformation

Equip Your Teams With Premier VMware Integrated Openstack Expertise.
