

Corporate SAP NetWeaver Training Course

Drive Team Excellence With SAP NetWeaver Corporate Training

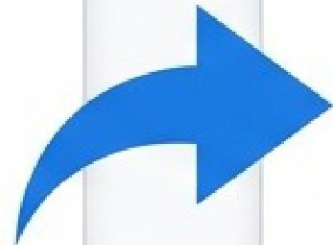

The Capability Activation Curve

Fragmented Operations

Isolated business processes, high IT complexity, and escalating maintenance costs across disparate enterprise systems.

Edstellar NetWeaver Training

Instructor-led, hands-on learning, custom-tailored to enterprise tools, bridging the critical knowledge gap.

Operational Efficiency

Centralized operations, reduced total cost of ownership, and significantly improved enterprise decision-making.

Course Parameters At-A-Glance

24 - 32 Hours

Instructor-Led
Group Training

Certificate

The Progression To Operational Mastery

Fundamental IT Skills & OS Familiarity

Basic understanding of SAP systems, integration concepts, and Windows/Linux environments.

System Architecture & Custom Development

Mastering installation, configuring application servers, and building responsive apps with ABAP, Web Dynpro, and Fiori.

Enterprise Innovation

Ability to efficiently operate, maintain, and securely innovate within complex organizational SAP environments.

Strategic Curriculum Architecture

Phase 1: Foundation & Security

Modules

- Overview & Setup
- Application Server
- Identity Management
- Security

Establishing the stable, secure bedrock of the enterprise SAP environment.

Phase 2: Development & Integration

Modules

- Core Development
- Portal Management
- Client-Side Tech
- Process Integration
- Mobile Apps
- Gateway

Building, connecting, and automating custom workflows and portals.

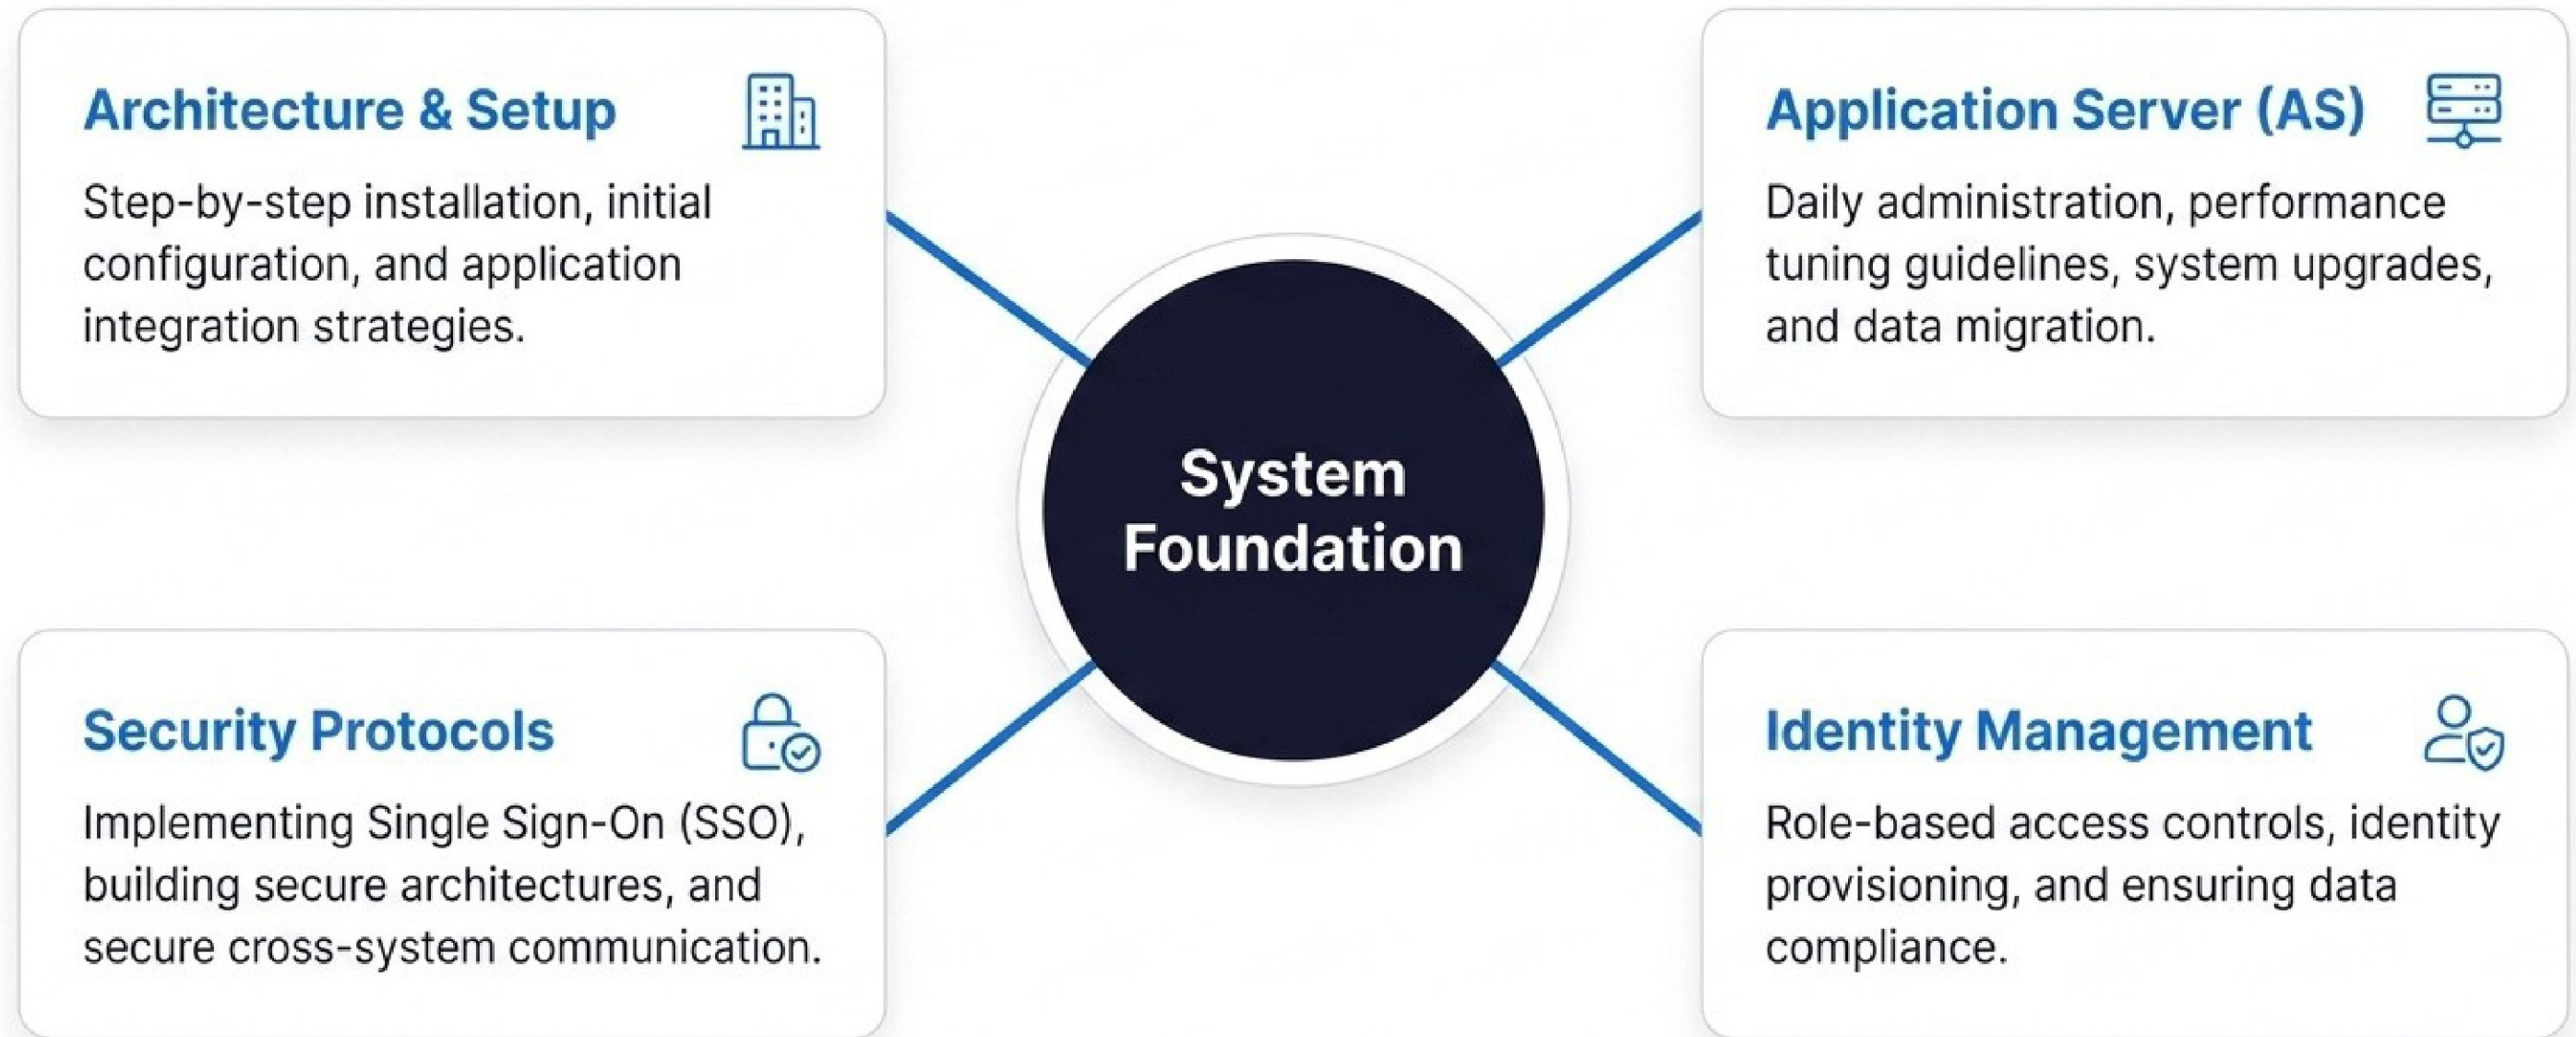

Phase 3: Data Management & Analytics

Modules

- Business Intelligence
- Master Data Management

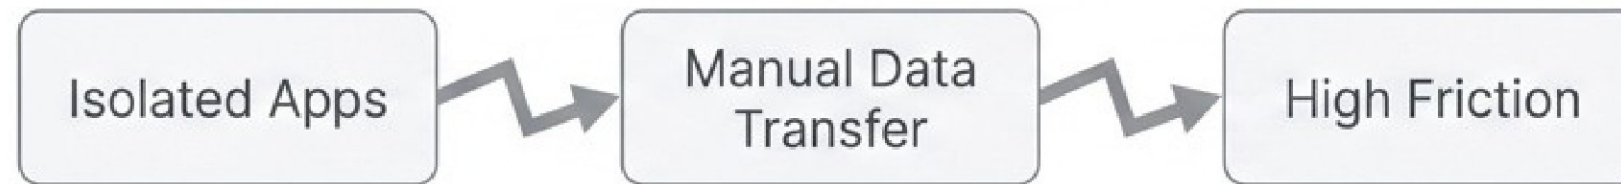

Ensuring data quality, extraction, and real-time enterprise reporting capabilities.

Phase 1: Securing The Structural Core

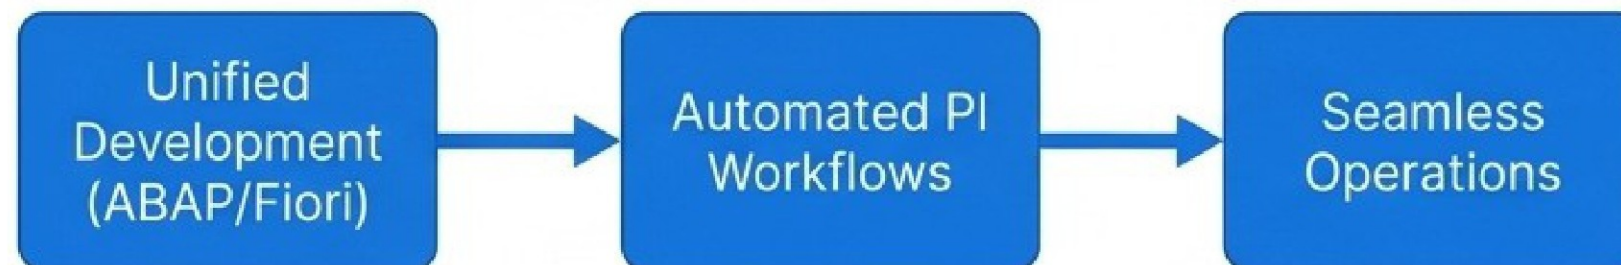

Phase 2: Integrating Enterprise Workflows

Traditional

Course-Enabled

Development

Designing responsive apps with Web Dynpro, SAPUI5, and Fiori.

Portal Management

Dynamic page creation using Portal API and JSPDynpage.

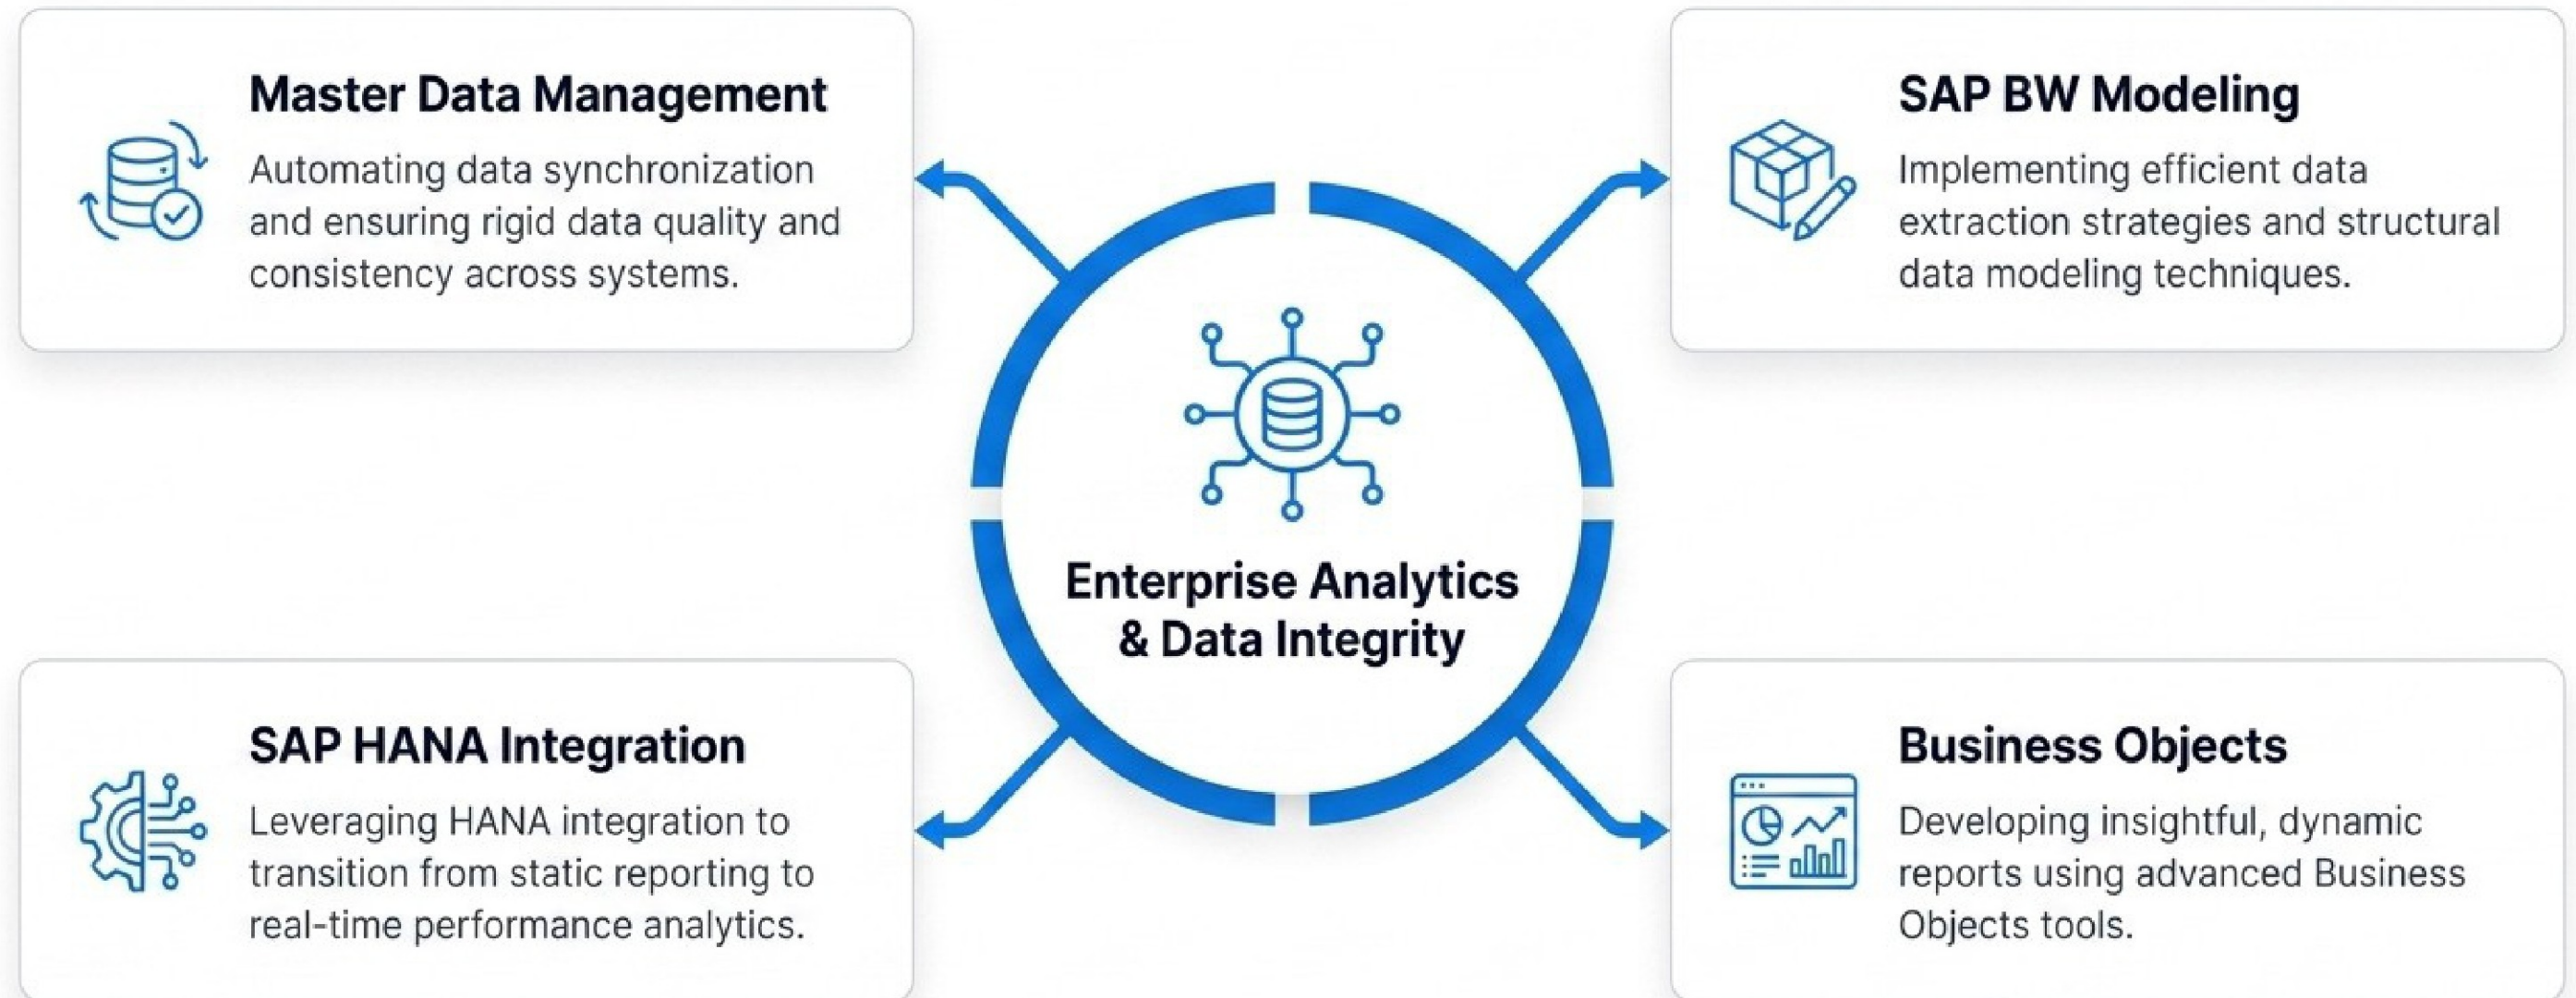

Process Integration (PI)

Configuring robust adapters for end-to-end integration scenarios.

Mobile & Gateway

Creating RESTful OData services and ensuring secure mobile data synchronization.

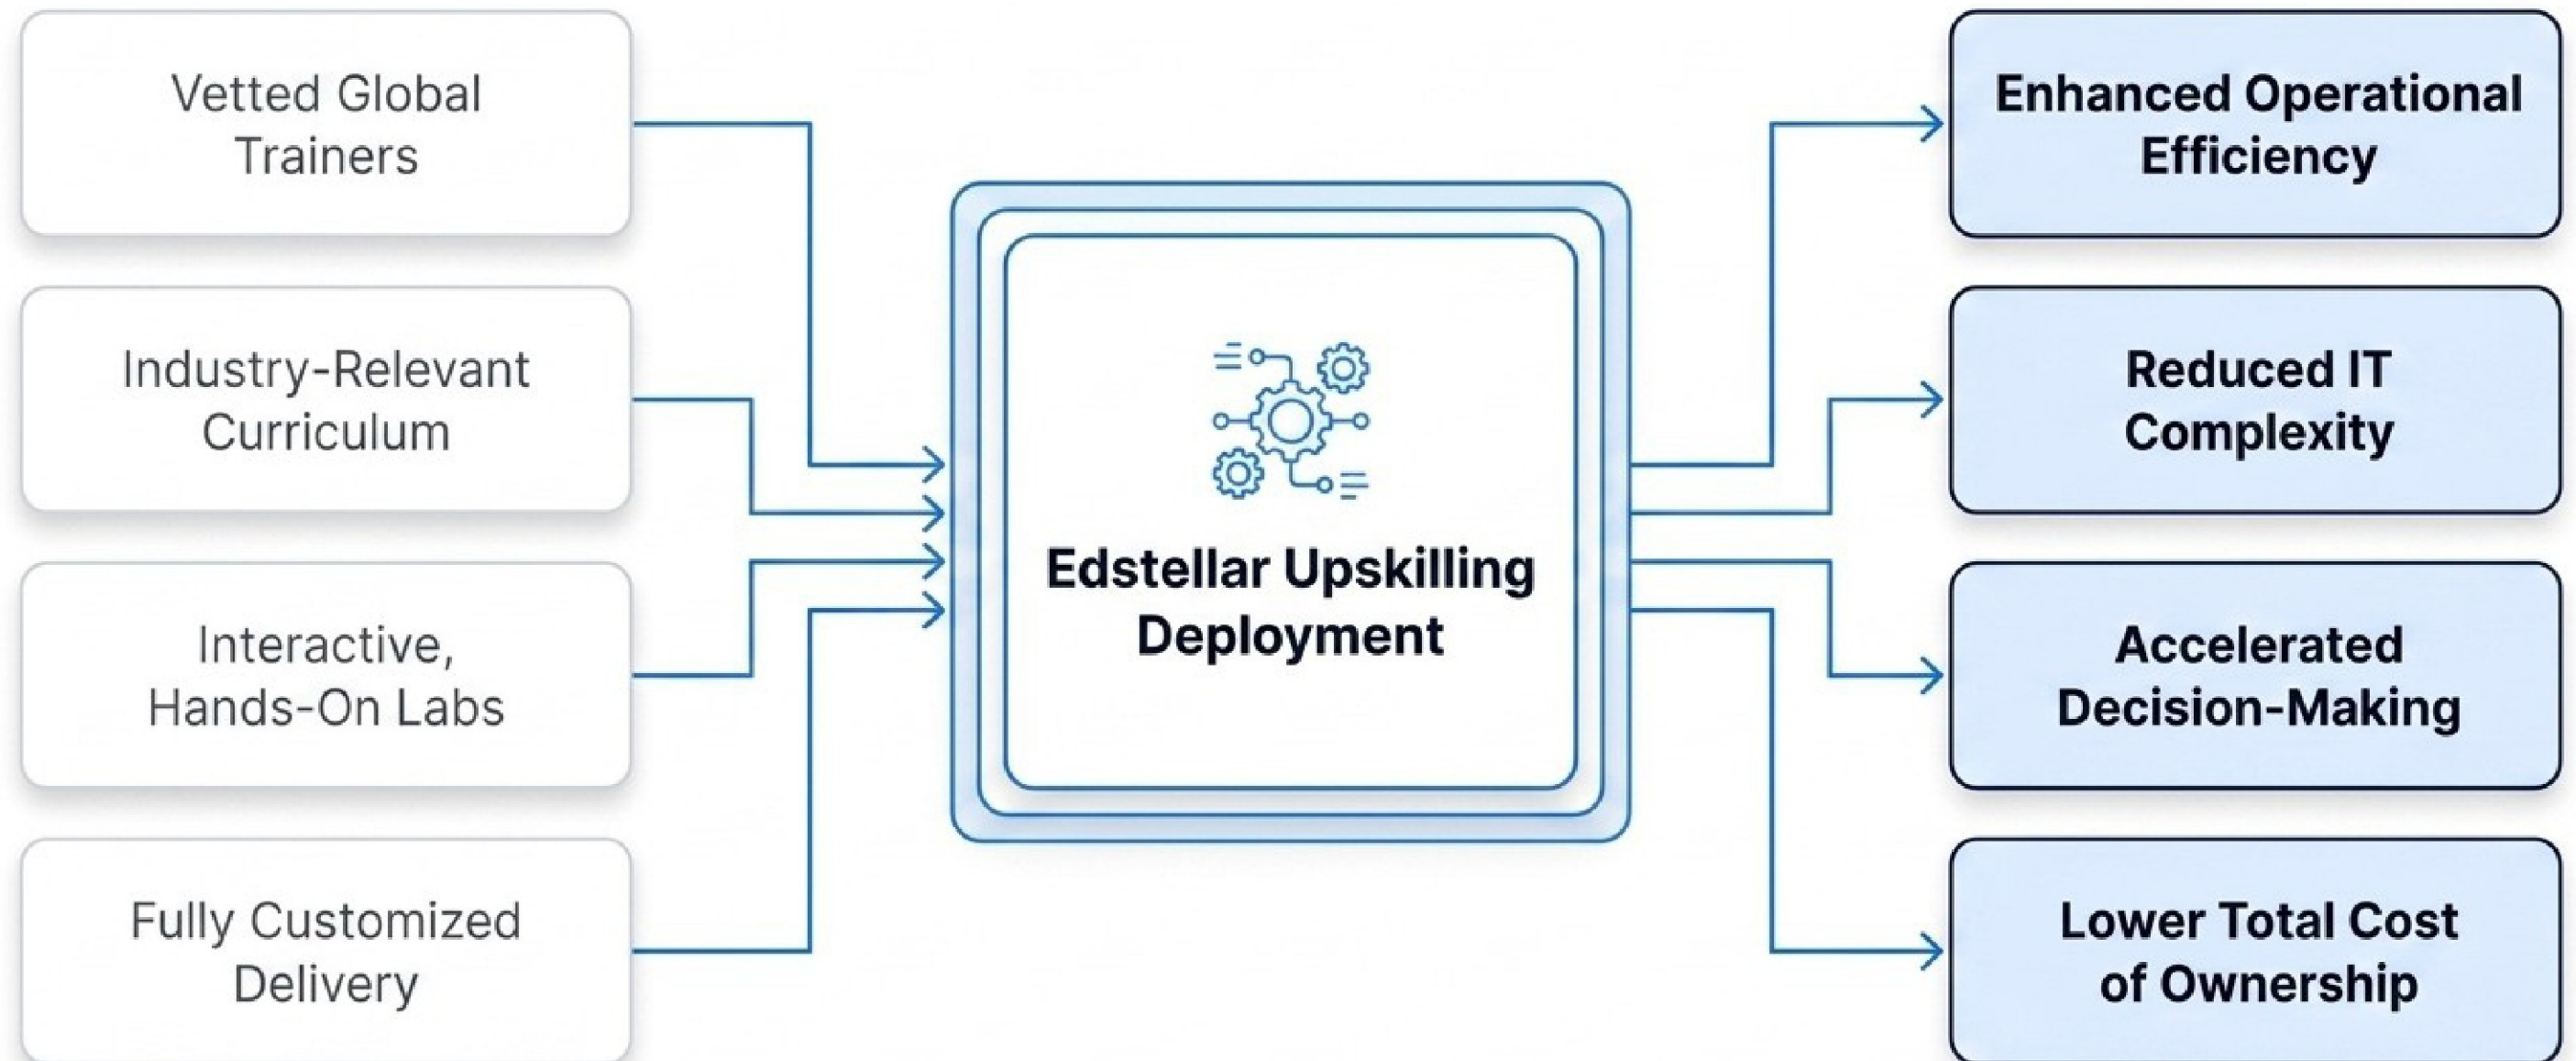

Phase 3: Centralizing Business Intelligence

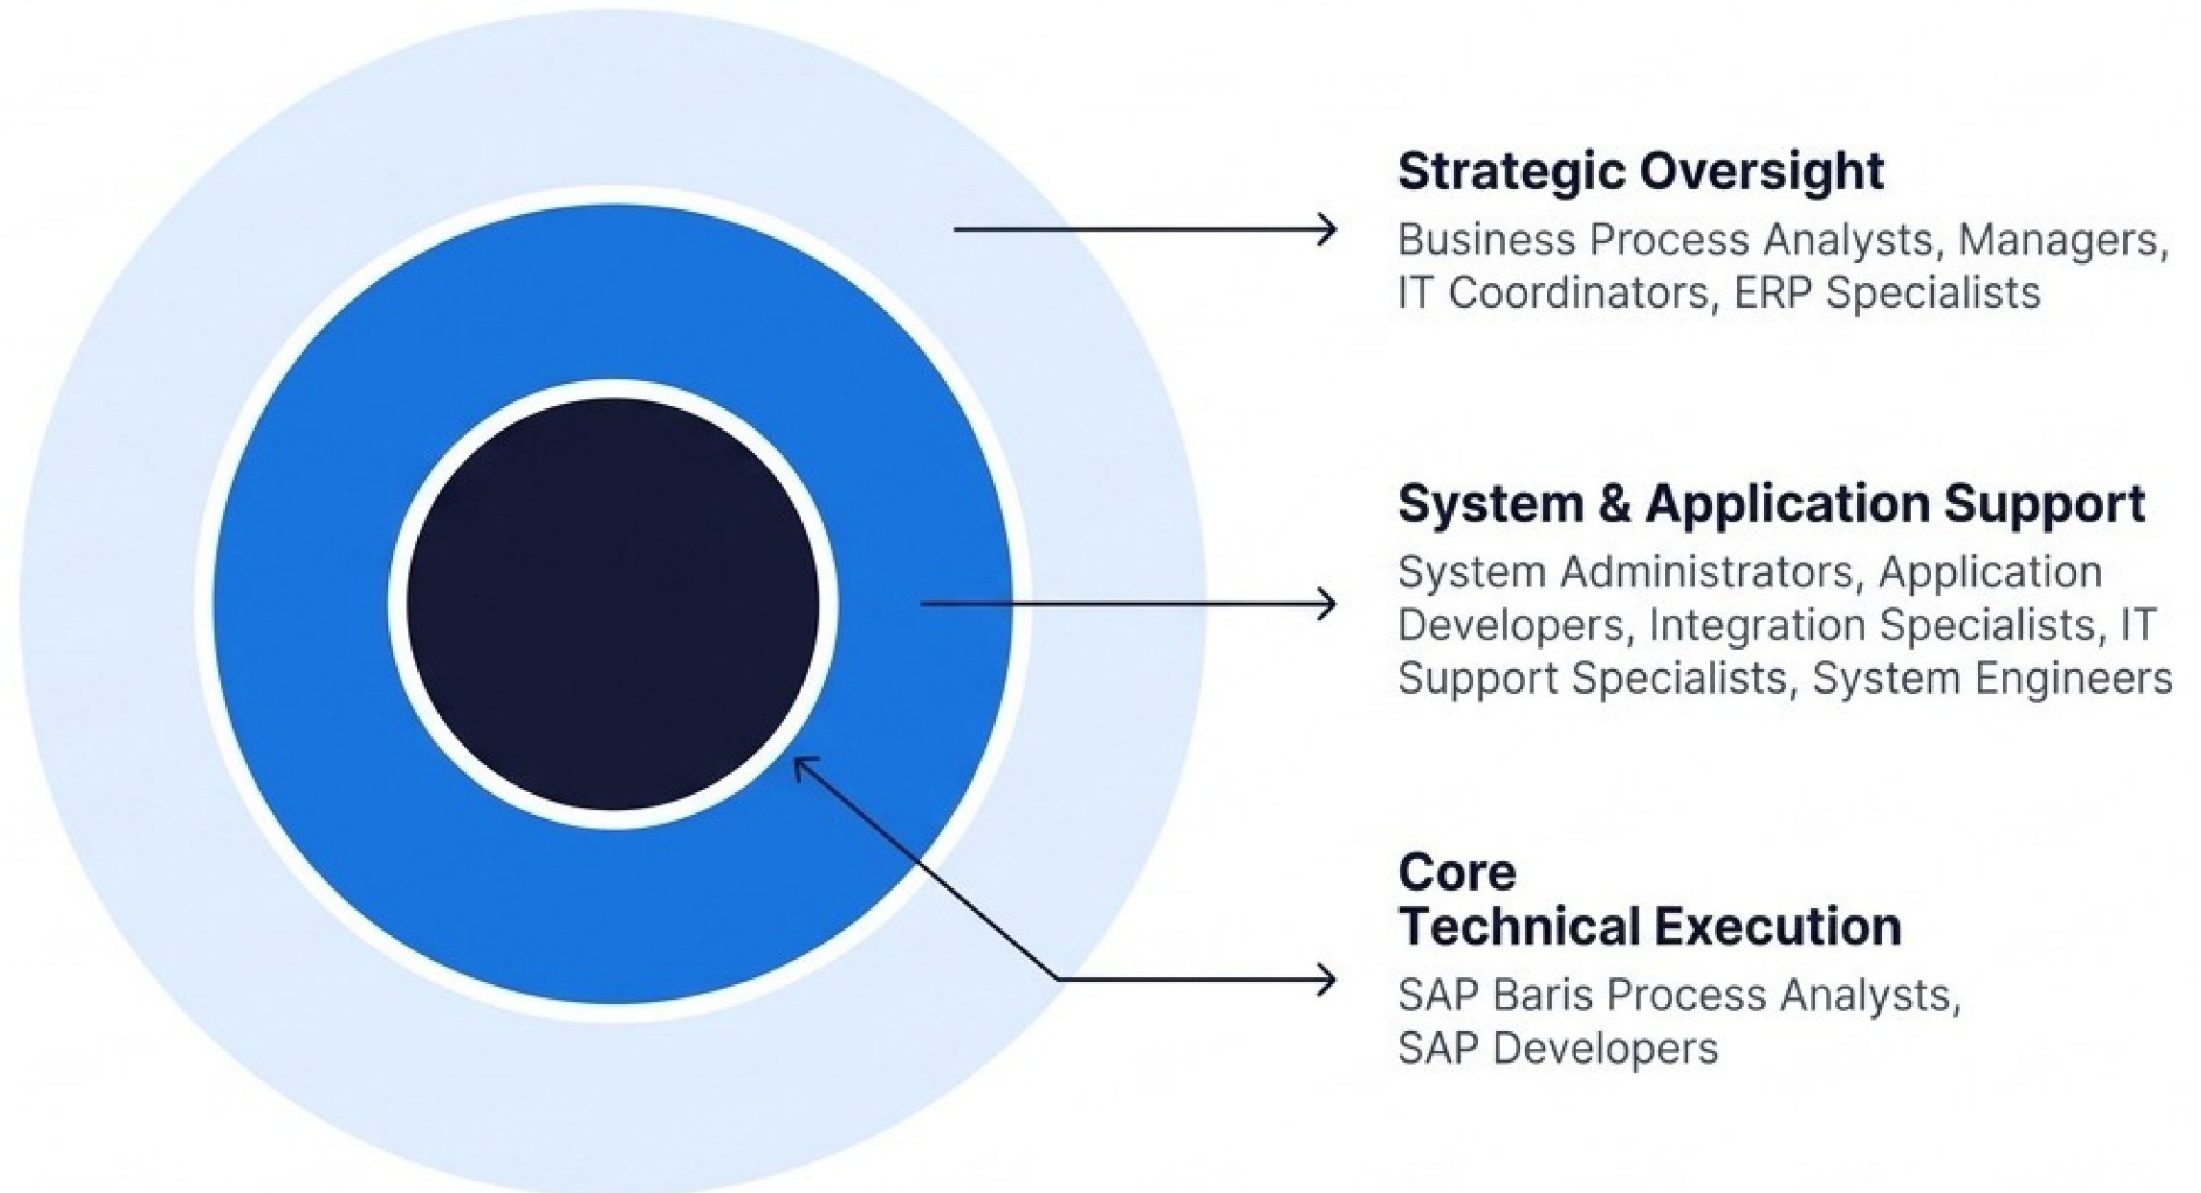

Translating Technical Skill To Strategic Value

Technical Skill Acquired	Organizational Challenge	Strategic Business Outcome
System Administration & Security Management	Infrastructure vulnerability and system unreliability.	Uncompromised safety, compliance, and sustained system resilience.
Integration & Performance Optimization	Fragmented data silos and workflow friction.	Peak productivity and seamless technological collaboration across teams.
Application Development & Data Modeling	Inefficient legacy user interfaces and poor data visibility.	Efficient, user-friendly solutions empowering accurate corporate analysis.

The ROI Transformation Engine

Target Audience Alignment

Frictionless Delivery Modalities

Virtual Live Instructor-Led

- Standardized content for consistent global outcomes
- Join directly from individual workspaces (zero travel)
- Interactive tools keep remote teams engaged

In-House Face-To-Face

- Tailored setup utilizing your specific workplace tools
- Group exercises driving immediate internal collaboration
- Direct, hands-on trainer access

Off-Site Focused Learning

- Hosted at a premium venue of your choice
- Uninterrupted schedule maximizing focus and retention
- Built-in activities to boost team morale

Proof of Impact

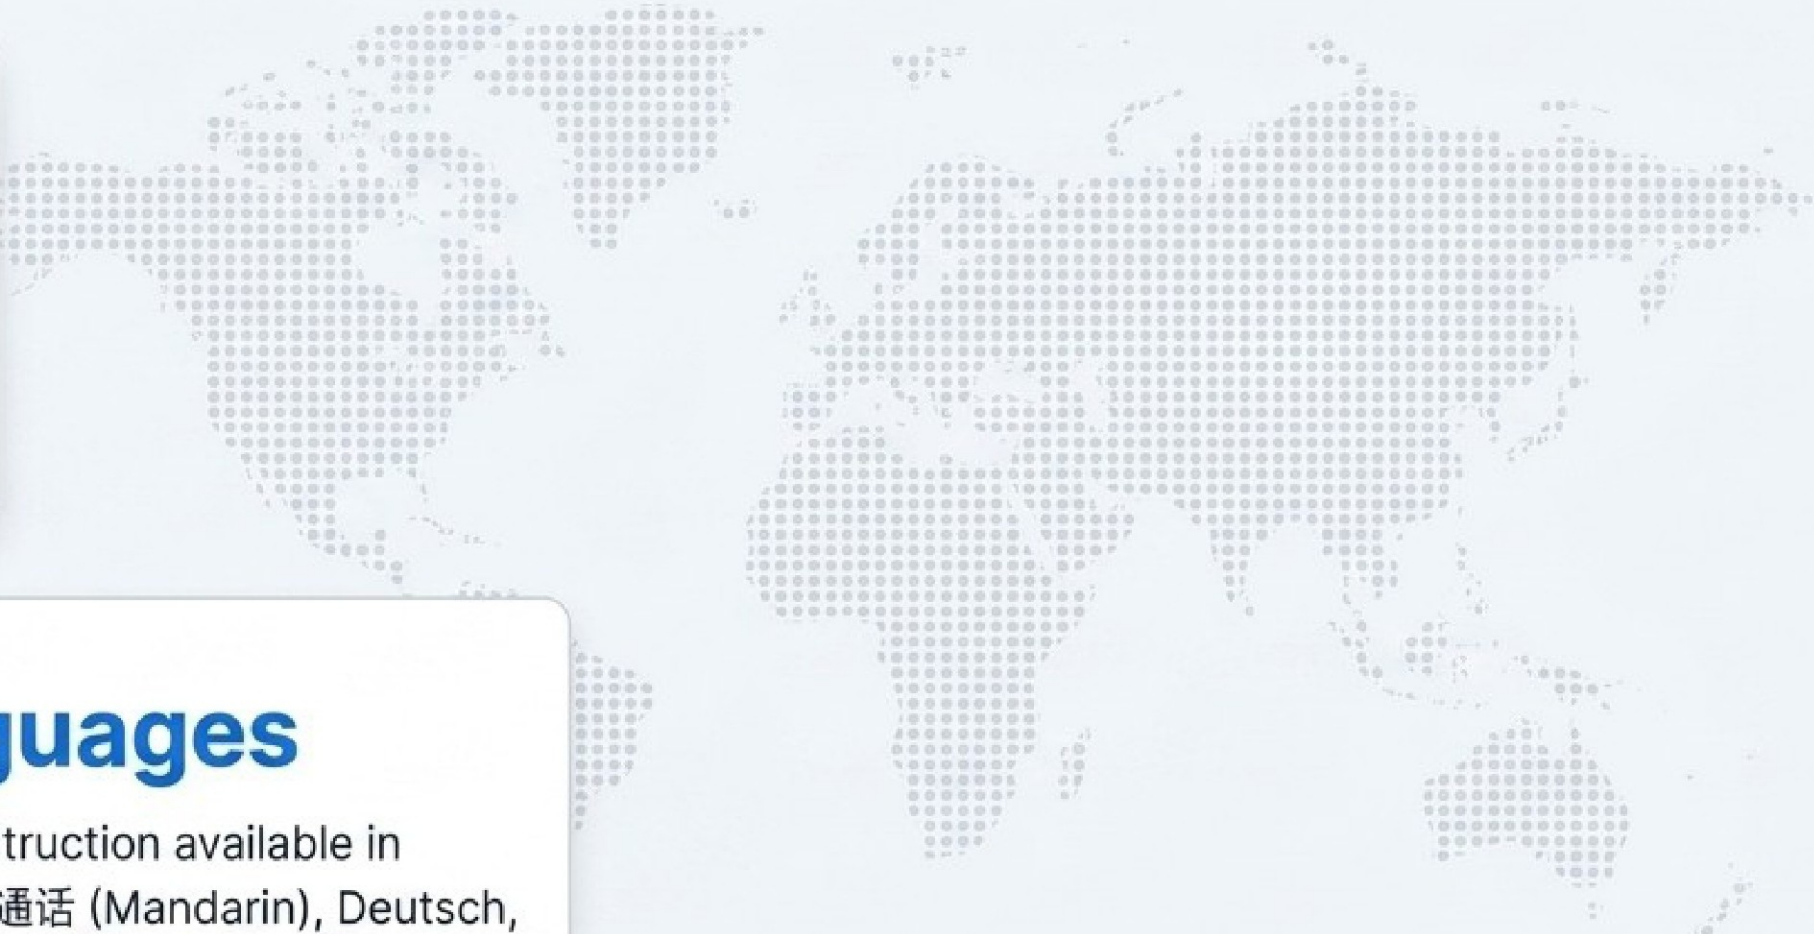

“As a SAP Platform Manager leading strategic implementation operations, the SAP NetWeaver training provided our team with essential advanced methodologies expertise at scale. The comprehensive modules covered our complete operational footprint. Our department achieved a remarkable 50% improvement in operational efficiency metrics. This course has proven invaluable for driving our organizational transformation.”

Tawfiq Ghalib

SAP Platform Manager

IT Services and Solutions Provider

Global Standardization And Reach

100+ Countries

Executing consistent, high-quality delivery capability across multinational operational footprints.

10+ Languages

Native-language instruction available in English, Español, 普通话 (Mandarin), Deutsch, العربية (Arabic), Português, हिंदी (Hindi), Français, 日本語 (Japanese), and Italiano.

Accelerate Your Operational Transformation

Validate acquired skills and motivate ongoing organizational development.

Secure a tailored training proposal for your enterprise teams.
