TIPS FOR NAVIGATING CUTOFFS

- **Released means ready.** An order makes a cutoff only when it's in our WMS, released and fully allocated by 12:00 PM MT.
- **Plan ahead.** Hold off on guaranteeing delivery on your site one to two business days before our cutoff.
- **Holds stop the clock.** Held orders ship once cleared. Cleared after the cutoff? It moves to the next service or ships after Christmas.
- **Need it faster? Upgrade.** Upgrade any order up to that service's cutoff.
