LIFE GROUP - WEEK TEN

Enjoying God's Beauty — Psalm 27

God is beautiful. This is not just a physical description of God - though all the visions in Scripture unanimously agree that the beauty of God is beyond our ability to comprehend.

But the beauty of God in the Bible is more about God's personality than God's appearance. God's beauty is the culmination of all the attributes we've looked at this fall.

While our culture has its own ideas of beauty, the reality is that true beauty is revealed in Jesus.

So, as we close out this series, let's take some time to enjoy God's beauty.

GETTING STARTED

This fall, we've enjoyed many of God's attributes together - his holiness, his love, his truth, his creativity, his community, his faithfulness, his compassion, his peace, and his beauty.

What attribute of God stuck out to you most during this series and why?

REMINDER

This is the LAST WEEK of our Fall Life Group session! We are taking the next 2 months off from groups, both to give our leaders a break, and to make room for the busyness holiday season. Our next Life Group session will start up the week of January 17.

Many times, groups choose to get together or have a Christmas party during this break - we love that! Just because your group is on break doesn't mean you have to take a break from one another.

If you know you'll need to take a season away from your group or switch to a different group in January, please let you current leader know as soon as possible. We love to see groups stick together, but we understand that sometimes different seasons require different things.

If you're interested in becoming a Life Group leader, please email drew@resurrectionchurch.com so we can have a conversation!

Thank you so much for enjoying God in a Life Group this fall!

HEAD

Have you ever thought about beauty as an attribute of God before? How does it make you think about beauty differently to realize that it is a core attribute of who God is?

HEART

"One of the the worst things about the fall was the eclipsing of God's beauty in the hearts of sinners."

What other beauty (or beauties) tend to eclipse God's beauty in your heart?

Read 2 Corinthians 3:18. How do you think God wants to transform you right now to be more like him as you behold his glory and beauty?

HANDS

When have you been most aware of God's beauty - not just the physical beauty of God's world, but the personal beauty of who God is?

How can you practically enjoy God's beauty this week?

PRAY TOGETHER

Close your discussion with a time of extended prayer (10-15min).

Have each person share a prayer request, a praise, a word of thanksgiving, or a reflection on how they've enjoyed God this fall. After each person shares, take a moment as a group to pray for that individual. Keep going until everyone has been prayed for!
