

GENERAL SALES AND DELIEVERY TERMS & CONDITIONS

NORDISK PROFIL A/S

PRICES

All prices, unless otherwise stated, are in Danish Kroner (DKK) and do not include taxes and duties.

PAYMENT TERMS

Payment for each delivery must be made in accordance with Nordisk Profil A/S' invoice prior to delivery. Credit may be granted subject to a credit approval and according to a separate agreement. Interest will be charged at the rates specified in each invoice.

OFFER VALIDITY

Unless otherwise stated, offers, terms and conditions are valid for a month from the date the offer was made, and otherwise non-binding.

TEST REPORTS

Costs related to the preparation of test reports and/or certificates (if requested by the customer) will be invoiced with each delivery.

PATENT RIGHTS

Nordisk Profil A/S or its subcontractors assume no responsibility regarding any patents rights, design protection, or trademarks related to the profiles produced in accordance with the customers' drawings, sketches or models.

ORDER COMMENCEMENT

All orders must be submitted in writing and are not binding without a written order confirmation from Nordisk Profil A/S.

DELIVERY TERMS

Unless otherwise discussed, all prices are based on FCA DK 6950 Ringkøbing, INCOTERMS 2020.

OWNERSHIP RIGHTS

Ownership of all delivered materials remains with Nordisk A/S until the customer has fulfilled all obligations under the agreements entered into regarding the delivery.

COMMENTS AND COMPLAINTS

Any comments or complains regarding delivered materials must be submitted in writing no later than 14 days after the delivery date.

DRAWINGS

All drawings and sketches produced by Nordisk Profil, are Nordisk Profil's property and may not be copied, shared, or disclosed to third parties without prior consent.

DISCREPANCIES

Any discrepancies will be settled according to applicable Danish law. Other terms follow ORGALIME S2012, except in Scandinavia where the terms are according to NL 01.

ALLOY

Unless otherwise stated, the alloy is supplied according to EN AW-6063 T5 standard, as described in EN 573-3:1994. The mechanical properties comply with standard EN 755-2:1997. Use of anodizing quality must be clearly specified in the order.

TOLERANCES

Profile and dimensional tolerances follow the guidelines in EN 755-9. Other tolerances can be agreed upon separately.

The normal radius for sharp corners and edges is 0.5 mm.

ANODIZED AND POWDER COATED PROFILES

Suspension marks related to surface treatment will be visible on the ends and sides of the profiles. Raw, anodized and powder coated profiles must be stored in a dry place, and protected from moisture and direct sunlight.

SURFACE TREATMENT

All surfaces must be inspected and cleaned at least once every 12 months. Cleaning should be done using synthetic pH-neutral detergent followed by rinsing with clean water at room temperature, without the use of mechanical cleaning or alkaline/acidic detergents.

EXTRUSION DIES

All extrusion dies are stored and owned by Nordisk Profil A/S or its subcontractors. The customers can only use tools for customer-specific profiles with written permission from Nordisk Profil A/S. Tools will be stored for 36 months after the last delivery and then destroyed, unless otherwise agreed upon in writing.
