Aan- en uitzetten

Inschakelen:

Door één van de buttons op de Stylus Pen in te drukken gaat de Stylus Pen aan.

Je kunt direct aan de slag.

Er is dus geen bluetoothverbinding nodig.

Uitschakelen:

Voor het uitzetten hoef je niets te doen.

De Buddi Aide 2 schakelt na 10 minuten inactiviteit automatisch uit.

Opladen

Opladen:

De Buddi Aide 2 kan met meegeleverde USB-A naar USB-C kabel worden opgeladen. Laad de pen 60 minuten op en geniet van 80 uur continu gebruik.

Compatibiliteit

De Buddi Aide 2 is compatibel met apparaten van Microsoft, HP, Asus, Acer en Dell. Controleer van te voren of je tablet of laptop MPP 2.0 of MPP 1.51 ondersteunt, aangezien de Buddi Aide 2 alleen met deze standaarden werkt. Bijna alle nieuwe Microsoft apparaten bevatten tegenwoordig één van deze twee protocollen.

Magnetische bevestiging:

Bij de tablets met ingebouwde magnetische koppelingsfunctie kun je de Buddi Aide Stylus eenvoudig aan de zijkant van de tablet vastklikken.

Let op: Opladen via deze magnetische bevestiging is niet mogelijk, gebruik hiervoor de meegeleverde kabel.

How to use

How to turn it on:

Press one of the buttons on the side of the Buddi Aide 2 to turn it on. It's ready to use immediately, with no need for a Bluetooth connection.

How to turn it off:

You don't need to do anything to turn it off. The Buddi Aide 2 automatically turns off after 10 minutes of inactivity.

How to charge:

The Buddi Aide 2 can be charged using the included USB-A to USB-C cable. Charge the pen for 60 minutes and enjoy 80 hours of continuous use.

Use

Compatibility

The Buddi Aide 2 is compatible with Microsoft, HP, Asus, Acer and Dell. Before use, check whether your tablet or laptop supports MPP 2.0 or MPP 1.51, as the Buddi Aide only works with these models. Most new Microsoft devices now include one of these two protocols.

Magnetic attachment:

For the tablets with a built-in magnetic attachment function, you can easily click the Buddi Aide 2 Stylus on the side of the tablet.

Note:

Charging through this magnetic connection is not possible, use included cable for charging.
