Experience

Arhaus Furniture | January 2026-April 2026

Industrial Design Intern

Created technical drawings and renderings to communicate products to vendors for manufacturing. Analyzed competitors and conducted trend research to align concepts with customer needs and trends. Refined designs and expanded current collections through parametric modeling and iterative feedback. Collaborated with various teams to deliver innovative design solutions across multiple product categories.

Allegion | May 2025-August 2025

Industrial Design Intern

Developed new products and line extensions that improved functionality and aesthetics through sketching and modeling in Creo. Collaborated with research, engineering, and sales to deliver innovative design solutions. Conducted user research and market analysis to align concepts with customer needs and trends. Refined designs through prototyping, testing, and iterative feedback.

Shorr Packaging | September 2024-December 2024

Design Intern

Worked in ArtiosCAD to create and revise corrugated packaging products for customers. Cut samples for form, fit, and function testing. Tested sampling materials and incoming products for clients. Participated in packaging design and theory discussions.

Zumbiel Packaging | January 2024-April 2024

Structural Design Co-op

Operated on the Structural Design team to develop paperboard packaging with a focus on sustainability and board efficiency. Collaborated with sales and manufacturing departments to optimize designs in ArtiosCAD. Operated Kongsberg to produce samples, as well as various manufacturing dies.

Kao Innovation Competition | November 2023

2nd Place, Fan Favorite Award

Participated in a week long design spirit to determine new potential markets for Kao brands. Focused on designing, prototyping, and rendering travel size Bio-oil products in the travel industry as amenities to improve consumer exposure. Fan favorite award determined by participants in the challenge through voting.

Education

University of Cincinnati

Bachelors of Science, Industrial Design

Minor in Marketing

Class of 2027

Milford High School

4.54 GPA

High Honors

Class of 2022

Skills

Digital Skills

Adobe Creative Cloud (Photoshop, InDesign, Illustrator, Acrobat, Premiere Pro, 3D Stager), Fusion 360, Creo, Blender, Keyshot, ArtiosCAD, ProCreate, Figma, Vizcom

Analog Skills

Design Thinking, Wood Working, Sketching, Rendering, Model Making, Prototyping, Resin Crafting, Textiles, CNC Machining, Crocheting, Jewelry

Awards and Scholarships

Cincinnatus Academic Scholar (Fall 2022-Present)

Western & Southern Scholarship Recipient

Dean's List (Fall 2022-Present)

Activities

Mentors and Muses

H2O Leadership

H2O Worship Team

"Formed" Bible Study Founder

UC Knits

Colorguard Coach (June 2022-March 2024)

Interests

Baking

Traveling

Playing instruments
