**First Dental Health DPPO** (Dental Preferred Provider Organization) is a plan that allows members the freedom to choose any recognized dentist, In or Out-of-Network. This plan offers significant cost advantages to members utilizing In-Network providers as the plan pays a percentage of the contracted rate. Out-of-Network the plan pays a lower percentage and it is based on the reasonable and customary costs (UCR). The In-Network benefits also have a higher Calendar Year Maximum.

- Don't forget about your semi-annual Dental Cleanings!
- Always use an In-Network dentist to pay the least amount out-of-pocket
- The dentist files claims for you
- If services are estimated to be \$350 or more have your dentist submit a pre-determination of benefits to ensure that services are covered and to receive an estimate of what the plan will pay
