Experience

Charter Communications | Digital Platforms

Product Designer - UI/UX FEB 2021 - PRESENT

Created and iterated on UX/UI design in Figma. Created clickable, hi-fidelity prototypes for user testing and interviews. Coordinated with stakeholders, developers, and designers in order to deploy end products.

CU Boulder | Strategic Relations

UX Designer MAR 2018 - MAY 2020

Designed and user tested the development of 35 websites, from site-building on a Drupal platform, redesigning vendor sites for brand integration, to full-blown custom site design.

Nibble | Project

Product Designer JAN 2020 - MAY 2020

Designed, prototyped, and user tested a web application in tandem with a developer using Figma, Axure RP, and Javascript.

National Center for Atmospheric Research | Project

Designer MAR 2020 - MAY 2020

Designed an infographic and complex scientific diagrams focused on climate change for publication on media and print publication.

CU Boulder | Engineering & Applied Science

Lead Peer Mentor AUG 2018 - JAN 2020

Designed a new orientation experience to create a strong sense of community for 1,200 first-year engineering students. Co-instructed a seminar class supporting the successful transition and persistence for first-year students.
