

Free space for rent

The modern office and retail units are part of the environmentally friendly and flexible CITYSITE Bratislava concept, which emphasises sustainability and efficient use of space. The city centre is approximately ten minutes away by car, ensuring quick and convenient access to important services and business centres. The location of office building offers perfect connection to the main motorway. A bus stop is located directly in front of the building, which provides convenient connections to the surrounding area. CITYSITE is designed to meet the current requirements for a working environment, with plenty of green space and relaxation zones.
