## USER GUIDE

### MAP VIEW

When you login to your LeakSecure Pro Dashboard the first and main screen you will see is your map view. The map view will display all your corresponding LeakSecure devices installed.

You can click on any of the color-coded dots to quickly access the device you wish to view.

Alternatively, you can click on the location from the panel view displayed on the left-hand side of the map screen.

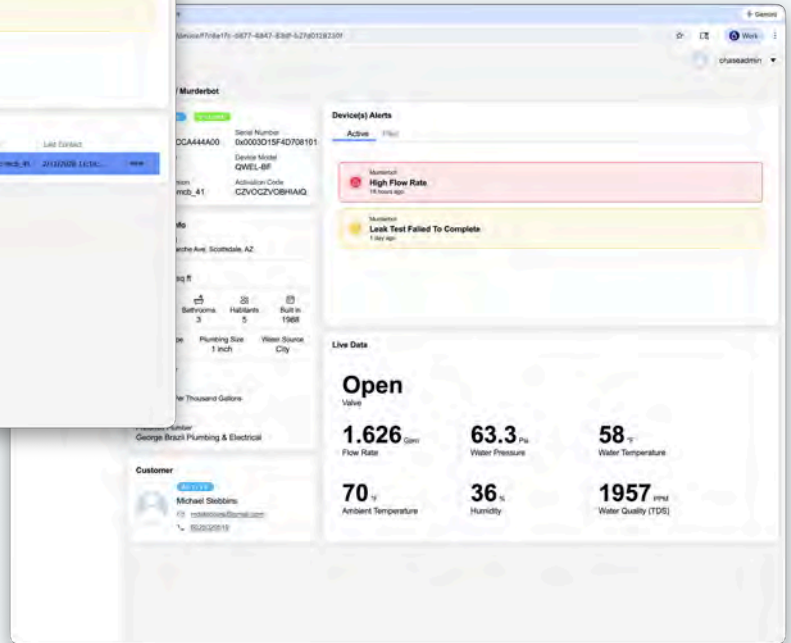

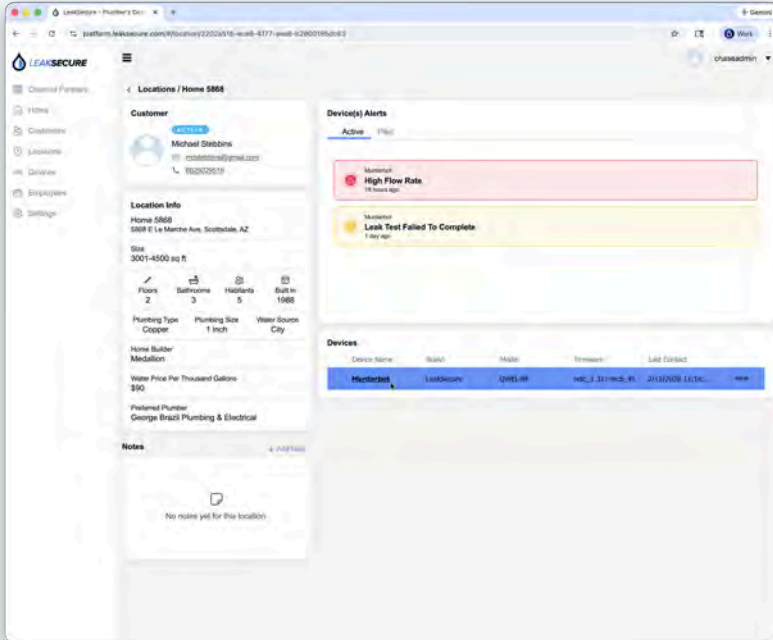

- Red dots = Critical Alert is active
- Yellow dots = Warning Alert is active
- Green dots = No Alert is active

## USER GUIDE

### ACCOUNT DETAILS VIEW

After selecting a customer's device, you will be displayed with the following:

Active and Past Alerts, Customer and Location Info, Devices, and Notes.

To view real-time live data, click the device name or "**VIEW**".

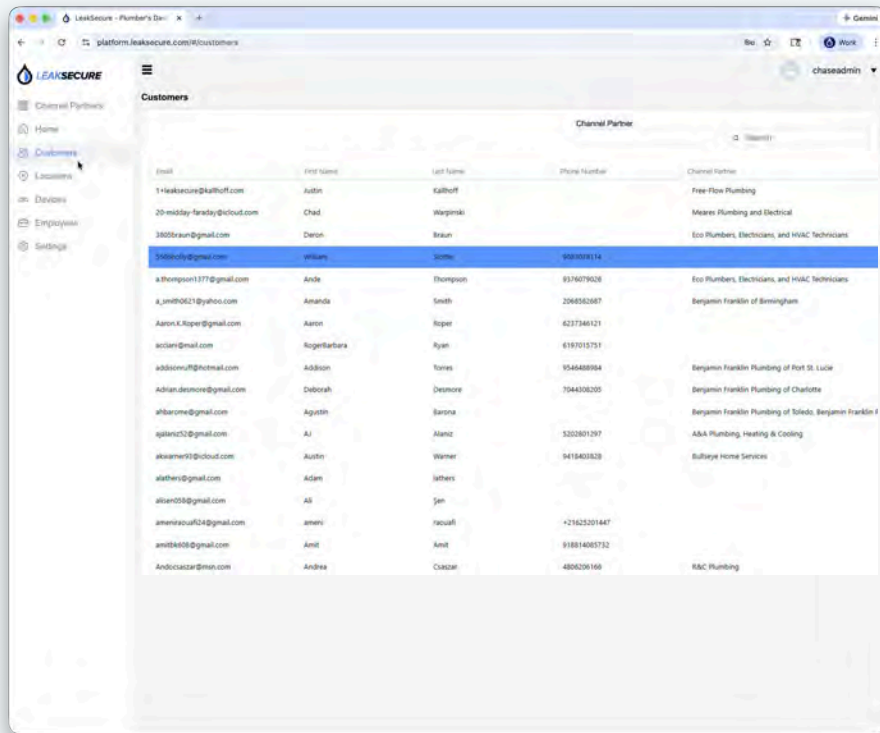

This will display Flow Rate (GPM), Water Pressure (PSI), Water Temperature, Air Temperature, Humidity, and Water Quality (TDS) readings.
