

HELP SANTA VISIT EVERY CHILD!

You can't have Fundraising without the FUN so here are some ideas to help get you started!

Setup your fundraising page!

First things first, set up your fundraising page by visiting givingtree.kindness.org.nz. Personalise your page, add photos, share your story as to why you are fundraising for the Kindness Collective and then share it with your family and friends and tell everyone about your awesome fundraising idea!

Set a fundraising goal

Having a fundraising goal is a great way to keep you motivated to reach your target! No goal is too small, so set your goal to whatever you like and don't be shy to set it high!

It's also a great idea to donate to your own page, so people can see that you truly believe in the cause you are fundraising for! Your goal can be changed at any stage and we appreciate all donations, big or small.

Engage your supporters

Whether you're holding a fundraising event or setting up a virtual giving tree donation page, make sure you engage your friends, family, school or workplace to let them know what you are doing. Don't be afraid to ask people more than once to donate to your page – sometimes people need more than one reminder to donate!

Let your supporters and donors know that by giving a cash or toy donation to the Kindness Collective, they'll help Santa reach families in need and bring joy to children on Christmas morning.

Get social!

No matter your preferred platform, share your fundraising page loud and proud! Create a fun TikTok or social media post and share weekly to show how you're tracking.

We love seeing what our community is doing, so don't forget to tag us in at @kindnesscollectivefoundation

Lead with Kindness

Throughout your fundraiser it's always good to thank your supporters as you receive donations so they feel engaged and connected. Most importantly, make sure you thank everyone at the end of your fundraiser and share any photos of what you did and how much you raised.
