Experience

TORUS Sp. z o.o.

2020 - Present | Gdańsk

I designed common spaces in office buildings, emphasizing functionality and user accessibility. I also created visual identification systems for buildings. Independently leading each design stage.

Freelance

2018-2020 | Gdańsk

I designed interiors for rental apartments and commercial spaces. I independently managed the entire process with individual clients and businesses.

Iliard Architecture & Project Management

2017-2018 | Kraków

I led a team of designers and architects in the construction and interior design of hotel spaces. These high-standard interiors significantly impacted the brand's business success.

LPP

2014-2017 | Gdańsk

I coordinated the design process, including the industries and supervision of the construction of the interiors of clothing chain stores.

Grupa Smacznego

2013-2014 | Gdańsk

I've created 2D and 3D animation for television and advertising. I've also done graphics, modeling, and 3D visualization.

ITC Service Group

2010-2012 | Sacramento (USA)

I analyzed and coordinated the work and documentation of construction and building teams. I administered a project for Google.

Education

Certified courses

online

UI Design - infoShare Academy
Webflow intro - Nueve design

American River College

2011-2011 | Sacramento (USA)

I studied at the local university at the Faculty of Art New Media with a specialization in 3D modeling and animation.

Gdańsk University of Technology

2004-2009 | Gdańsk

I graduated from the Gdańsk University of Technology, Faculty of Architecture and Urban Planning, Department of Environmental Design.
