Enter the Circle

Circular Economy for Young Entrepreneurs

enter the circle

September 2023

IN THIS NUMBER:

KICK OFF MEETING IN DENMARK

We launched our project with a dynamic kick-off meeting in Copenhagen, setting the stage for our collaborative journey and outlining our goals.

DESK RESEARCH

We conducted extensive research across partner countries to assess the landscape of circular economy practices and youth entrepreneurship opportunities. This research is foundational for our framework methodology.

FRAMEWORK METHODOLOGY

Based on our research, we have started crafting a framework methodology to effectively embed circular economy concepts into youth entrepreneurship education.

Next steps:

enter the circle

As we move into the next phase of our project, our focus will shift towards the implementation of educational tools and engaging more directly with young entrepreneurs through workshops and seminars. For more details, please visit our website at enterthecircle.org. Stay tuned for more updates and insights in our next issue.

We encourage all stakeholders and interested parties to stay engaged with our progress. Your support and feedback are invaluable as we continue to refine our strategies and impact more young lives.
