Hunting in Bulgaria and Eastern Europe 2026-2027

Bulgaria, set at the crossroads of Southeastern Europe, is a land of ancient forests, soaring mountains and wild, unspoilt valleys. Its capital, Sofia, lies beneath the dramatic slopes of Mount Vitosha, where alpine wilderness meets urban elegance.

The country is bordered by Romania to the north, Serbia and North Macedonia to the west, Greece and Turkey to the south, and the Black Sea to the east- a geographical position that has shaped both its rich culture and remarkable biodiversity.

Official Hunting Seasons

- Trophy hunting is available throughout the year, with the following regulated seasons:
- 1 September – 31 January
Red Deer, Fallow Deer, Wolf, Wild Turkey, Balkan Chamois
(Chamois: females 15 September – 31 October; males 1 December – 15 January)
- 15 April – 15 May
Capercaillie, Wolf, Balkan Chamois (males)
- 1 May – 30 October
Roe Deer
- All year round (individual hunts)
Wild Boar, Mouflon, Wolf, Fox, Golden Jackal, European Water Buffalo, Himalayan Tahr, Bezoar Hybrid Ibex, Kri-Kri Ibex
- 1 October – 15 January
Wild Boar (driven hunts)

Accommodation

- Bulgaria's hunting lodges reflect the extraordinary diversity of the land itself — from secluded alpine chalets hidden deep in pine forests to refined country estates overlooking golden valleys and distant mountain ridges. Each property combines comfort, character and the genuine warmth of traditional Bulgarian hospitality.
- Guests are welcomed with exquisite regional cuisine prepared from locally sourced ingredients, following recipes handed down through generations. Every meal becomes part of the adventure, complemented by fine Bulgarian wines, fragrant mountain herbs and the quiet magic of rural evenings by the fire.

Hunt Duration and Programm

- Depending on the species and hunting objectives, we recommend our 8-day / 7-night / 6-hunting-day programme as the ideal format for a complete and rewarding Bulgarian hunting experience.
- Upon arrival at Sofia International Airport, you will be personally welcomed by a representative of our company, who will assist you with all customs formalities, firearm clearance and logistics.

Please Read Carefully – Important Conditions

- I. Due to the complexity and international scope of our hunting programmes, full cooperation between the hunter and the professional guide is required and expected at all times.
- II. VIP trophy hunts and high-class specimens require an advance payment of 50% of both daily rates and trophy fees.
- III. The hunter selects the desired species and trophy classes, while Balkan Hunters Club designs the optimal hunting programme and selects the most suitable countries and territories accordingly.
- IV. All required documents — including passport copy and number, personal details, firearm make, calibre and serial number — must be submitted no later than three months prior to the start of the hunt.
- V. Any animal that is wounded and not recovered is considered taken and is subject to full payment, in accordance with international hunting ethics and regulations.

Video Production

- For those who wish to preserve their hunt as more than a memory, we offer an exclusive cinematic video production service.
- Our professional film crew will accompany you in the field, capturing each stalk, each dramatic moment and each success with the eye of a documentary filmmaker. The footage is then expertly edited, narrated and sound-mixed into a high-quality personal hunting film — a timeless record of your adventure in Bulgaria.
- Video production fee: €4,000
(Includes filming and professional editing)
- Booking Conditions
- To secure your hunting dates and confirm your reservation, a 100% deposit of the total daily rates is required by bank transfer.
- All trophy fees and any additional services are settled after the hunt, based on the final results achieved in the field.

Most Sought-After Hunting Destinations in Europe by Species

Bulgaria

Several exclusive VIP free-range hunting areas for Eastern European Red Deer, renowned for producing some of the finest trophies in Europe.

Balkan Chamois, Mouflon, Wild Boar, Capercaillie, Wolf, Golden Jackal, Fallow Deer, Eastern European Bison, as well as a wide variety of small game.

Croatia

Hunting for Brown Bear, Fallow Deer, Kri-Kri Ibex, Mouflon, Dalmatian Sheep, Balkan Chamois and other Mediterranean and Balkan species.

Austria

The heartland of Alpine Ibex and Chamois, alongside Red Deer, Roe Deer, Fallow Deer, Mouflon and Sika Deer (Manchurian and Japanese).

Hungary

Several outstanding free-range areas for Roe Deer, Red Deer, Fallow Deer, Mouflon and Wild Boar, complemented by some of Europe's finest driven pheasant shoots.

Romania

In the majestic Carpathian Mountains, at altitudes between 900 and 1,500 metres. The Carpathian Chamois is hunted in the high alpine zones and produces exceptional trophies. Brown Bear and Wild Boar are also available, together with a rich variety of small game.

Multi-Country Hunting Combinations

According to the season and selected species, it is possible to combine multiple destinations into a single elite hunting expedition, such as:

- Bulgaria – North Macedonia- Serbia- Croatia
- Bulgaria – Romania
- Bulgaria – Turkey

These carefully designed cross-border hunts allow hunters to pursue a wide range of species while experiencing the very best of Europe's most legendary hunting grounds.

Hunting in Bulgaria and Eastern Europe

Bulgaria and its neighbouring countries form one of the most diverse and authentic hunting regions in Europe, offering an extraordinary variety of species and trophy quality that rivals any destination on the continent. From the legendary Eastern European red deer and Balkan chamois to brown bear, wild boar, mouflon and rare mountain species, this is a land where tradition, wilderness and world-class trophy hunting come together.

With carefully selected free-range territories, professional guides and seamless cross-border logistics, Balkan Hunters Club opens the door to elite hunting experiences across Bulgaria, Romania, Hungary, Austria, Croatia, Serbia, North Macedonia and Turkey — allowing hunters to combine multiple species and countries into one unforgettable expedition.
