

MELVIN GAMBIE NÉGOUAI

PORTFOLIO 2025

Melvin G.N // Dancer-Performer, Choreographer, Author and Performer.
Model. Creative. Movement & Artistic Director.

As a body artist, author and performer with a degree from a Contemporary Hip-Hop Dance School, as well as a self-taught background, I have been able to diversify my technique and develop a strong identity and a process unique to me. Inspired by my life and emotions, I was born with clubfoot, alongside burn scars and hypersensitivity. Currently, I practice the discipline known as “Experimental,” a style I adapt to various projects or requests, as I have done for several brands and projects such as Leica Camera, YSL Beauty, BYD Automobiles, Hublot, IHG, PSG, Nivea, Adidas, or artists like Shay, Niska, and Ninho, as well as within companies and creative productions.

MOVEMENT DIRECTOR
METHODOLOGY AND ADDED VALUE

My added value lies in my ability to guide and harmonize art and bodily expression while addressing aesthetic, commercial, or personal needs. This multidimensional approach enables me to support each project with a strategic and adaptable vision, combining efficiency and creativity.

My methodology, inspired by my life and my experiences, is based on an in-depth understanding of body movement, which I have refined and adapted to various contexts: artistic direction, commercial dynamics, therapeutic or performative expression. As a Movement Director, I analyze, design, and implement strategies where the body becomes a central tool for expression, innovation, and coherence.
