WHERE OPERATIONS & SOLUTIONS MEET SEPT. 14-16, 2026 | MONTREAL, CA

## Be Where the Industry Connects: PMMI Annual Meeting Registration Now Open

Join PMMI Members in Montréal for three days (Sept 14-16; Le Centre Sheraton Montréal, Canada) of networking, business insights, and industry connections. From high-impact networking and member plant tours of Paxiom and BellatRx to timely sessions on AI, cybersecurity, PACK EXPO success strategies, and North American industry trends, the agenda is packed with opportunities to connect, learn, and gain fresh insights alongside industry peers.

New this year: PMMI will cover up to **three hotel nights** for eligible attendees at the host hotel. Register early to secure your spot and hotel accommodations before the August 14 deadline.

## NEW THIS WEEK

### How Smart Are Today's OEE Solutions?

You're invited to participate in the new PMMI Quickie Survey exploring how Overall Equipment Effectiveness (OEE) solutions are being used across the packaging and processing industry. Your perspective on tracked Key Performance Indicators, data visibility capabilities, and emerging trends will help benchmark where the market is headed.

[Begin Survey](#)

### Hear from Industry Leaders

Get direct insight from leaders who've navigated the path you're on. The Executive Panel at the **Young Professionals Seminar** offers real perspectives on career growth, leadership, and the effort needed to succeed in today's evolving industry. Come ready with questions on **July 14 in Wichita, Kansas**, and leave with clarity.

### Are Your Marketing Strategies Evolving?

Join us at the **Roadshow, July 15—16, in Wichita, Kansas**, and gain insight into what buyers really want. Informative discussions include:

- **Welcome to Wichita — Cargill's Protein Headquarters**
- **Supplier Marketing Trends & Buyer Expectations**
- **What End Users Need You to Know: Designing Equipment for the Next Decade**
- **Future-Ready Processing and Packaging Operations**
- **CPG Panel Discussion**

### What High-Performing Teams Are Doing Differently

From **Complexity to Capability**, a newly released report, explores how packaging and processing leaders are improving productivity and resilience through better integration of systems, people, and partnerships. Drawing on executive roundtables, summit polling, and installed-base analysis, the report highlights emerging, including workforce enablement, lifecycle planning, collaboration, and digital work guidance. Download the report to see where engineering and operations teams are focusing investments for long-term performance gains.

### Training Workshop for Field Service Professionals

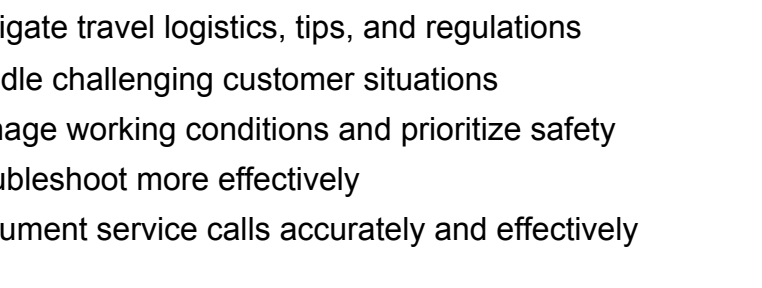

Upskill the workforce that spends more time with customers than anyone else in your organization with the upcoming **Field Service Essentials workshop, June 9-10, Cleveland, Ohio**. Through interactive demonstrations and role-play exercises led by an industry expert, attendees will learn how to:

- Become a trusted adviser to customers
- Communicate effectively with different levels of a customer's organization
- Strengthen customer service and relationships
- Navigate travel logistics, tips, and regulations
- Handle challenging customer situations
- Manage working conditions and prioritize safety
- Troubleshoot more effectively
- Document service calls accurately and effectively
