Tap on and tap off every time

because it tells us how many people are using public transport. This allows us to better plan services for you.

It is a condition of the School Pass Terms and the Student Codes of Conduct when travelling that students in possession of the School Opal card must tap on and tap off every time when using public transport to travel to and from school. Per section 3.2 of the Opal Privacy Policy, Transport for NSW collects information from taps on and taps off to support coordination, planning and policy development for transport, transport services and transport infrastructure.
