A PERSONAL NOTE: SPRING IS IN THE AIR

"Deep in their roots, all flowers keep the light."

– Theodore Roethke

I took a moment this morning just to stop and breathe in the shifting air. There is something about this specific time in March, that first real hint of thaw that reminds me exactly why I feel so lucky to be a part of the FCCA.

After the long, quiet stretch of winter, I'm seeing "new life" everywhere I look. I see it in the laughter of a child experiencing wonder and curiosity and in the focused energy of our young people in Developing Greatness. I see it in the quiet, steady strength of our Family Navigation team and the bustling, vital work of our Community Meals. To me, these aren't just names on a program list; they are the stories of our neighbors unfolding every single day.

Where We Are Seeing Growth - Our initiatives are flourishing, and that's only because of the heart our staff and supporters pour into them:

- **Our Little Ones:** Our Pre-K Counts classrooms are making such wonderful progress. Watching these youngest learners hit those big milestones is a daily highlight for me. They are truly blooming before our eyes.
- **Our Future Leaders:** The youth in Developing Greatness continue to inspire me. Whether it's a life-skills workshop or a creative project, seeing them find a safe space to grow is exactly why we show up every morning.

- **Our Support Systems:** Transitioning into a new season can be tough, but our navigators are here to make sure no one walks that path alone. Working alongside CHAPS, we're more committed than ever to getting our neighbors the resources they need.

- **Our Community Table:** Hunger doesn't take a season off. Providing fresh, nutritious meals remains the cornerstone of what we do, because I truly believe every family deserves a seat at the table.

The People Behind the Mission - None of these blossoms appear by accident. Behind every success is our incredible team of employees. They are the dedicated hands that tend to this work every day, often working quietly behind the scenes to make sure our families are cared for. And if our employees are the hands, then you, our volunteers and community are the roots. I am constantly humbled by the neighbors who show up on a chilly Saturday morning to help us serve a hot breakfast, volunteered at the SAM Shelter, driving through snowstorms just to ensure someone else had a warm place to sleep. We are a family! You are the sunlight that allows this work to flourish. Together, we don't just survive the hard seasons—we grow through them.

Let's Bloom Together - As the days get longer and the world turns green again, my hope is that you feel that same sense of renewal in your own life. Thank you for being the true heartbeat of the FCCA.

I can't wait to see what we'll accomplish together this season.

With warmth and gratitude,
Jackie Roberson, Jr., Executive Director, FCCA

It is with great pride we share that **Crawford County ranks first in the state** for having the highest percentage of high-quality providers serving children under 5-years old. Of the 33 total providers, 76% are considered high quality using the PA STARS rating system. Of those 33, **13 are FCCA and their partners!!!** This is an amazing accomplishment, and one Crawford County should be celebrating with us!
