

# COLOR THE NEIGHBORHOOD

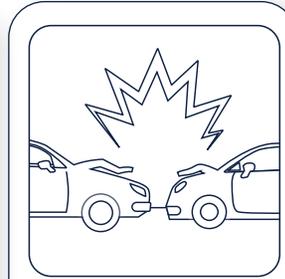

## Project Goals

Potential Outcomes for the Community

Improve overall condition of the road

Reduce speeding and reckless driving

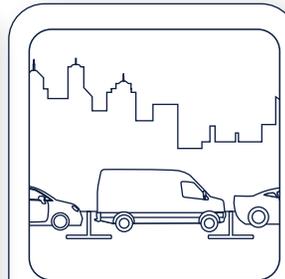

Enhance safety for bicyclists and pedestrians

Preserve the existing environment

Improve traffic signals and signage

Improve street parking and pavement markings

# 2024 Sherman Park Harvest Fest

## Improve North Sherman Boulevard

The City of Milwaukee, in partnership with the Wisconsin Department of Transportation (WisDOT), is redesigning North Sherman Boulevard from West North Avenue to West Capitol Drive.

## Proposed Improvements

- Enhanced bicycle and pedestrian accommodations.
- Storm sewer lateral replacement.
- Street lighting replacement.
- Traffic signal replacement at the intersections of Sherman Boulevard and North Avenue, Wright Street, Center Street, Locust Street, Burleigh Street, Townsend Street, Fond du Lac Avenue, Roosevelt Drive, Hope Avenue and Congress Street.

## NORTH SHERMAN BOULEVARD RECONSTRUCTION PROJECT

North Sherman Boulevard is classified as a principal arterial roadway with a posted speed limit of 30 miles per hour. The average annual daily traffic is approximately 17,400 to 24,400 vehicles per day.

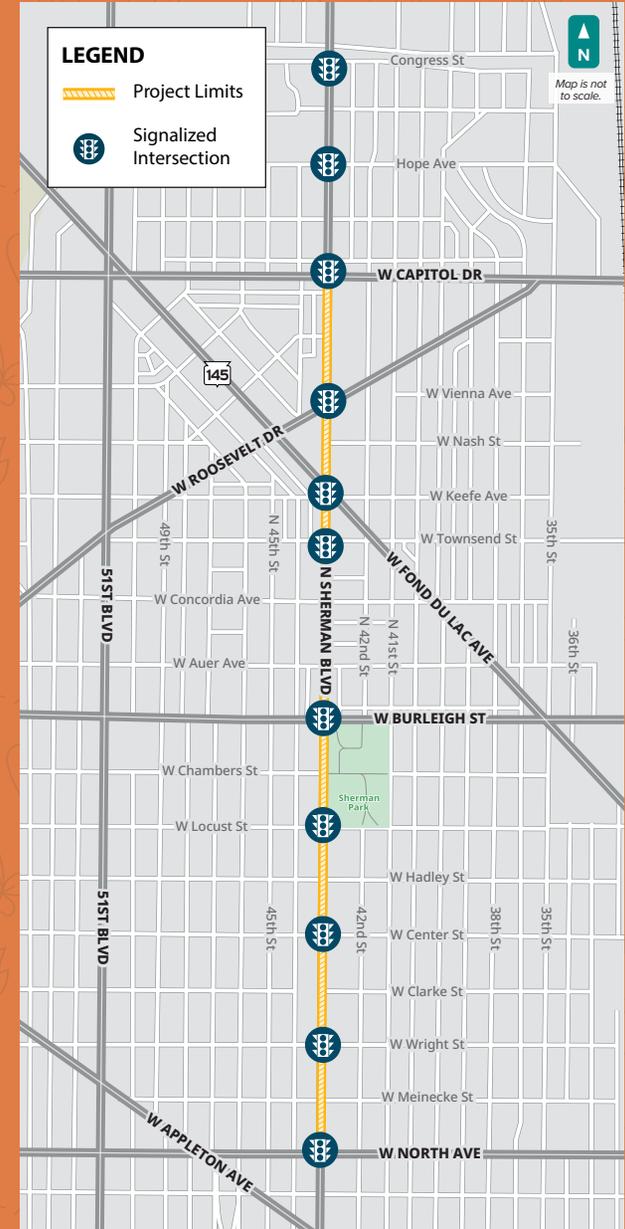

The proposed typical section is a four-lane divided roadway. On each side of the grass median there are two travel lanes, parking pods, grass terraces, a one-way raised protected bike lane, and concrete sidewalk. Proposed improvements include protected signalized intersections, raised crosswalks at unsignalized intersections, speed tables at W. Clarke Street and W. Chambers Street, new streetlights, and new bioswales.

The project is within the North Sherman Boulevard Historic District. A key factor during the redesign is preserving the historic atmosphere of the corridor.

## Project Schedule

<b>2025</b>	
	Spring 2025 Public Involvement Meeting #4
	Summer 2025 Utility Work Plans
<b>2026</b>	
	Fall 2026 Final Plans, Specifications, Estimates (PS&E)
<b>2027</b>	
	Spring 2027 Construction Begins

## Sherman Boulevard Project Limits

Construction on the North Sherman Boulevard Project is tentatively scheduled to begin in 2027 and continue into 2028-2029.
